The members elect, who had presented their certificates, appeared before the clerk's desk, and were sworn or affirmed in conformity with law.

The President made the following address :

GENTLEMEN OF COMMON COUNCIL:—In assuming the duties of President of this Council, it is with sincere gratitude I express my appreciation of the honor conferred in electing me to preside over your deliberations. To you, gentlemen, will be presented many occasions calling for the highest wisdom in your legislation. With earnest effort on your part, the improvement in public affairs that marked the past may be safely anticipated to continue in the future. The affairs of the City of Philadelphia, with its large area—rapidly increasing population, heavy debt (*accumulated not alone by increase of current expenses, but by permanent improvements of a public character demanded by the people*)—great need for yet further improvements in bridges, highways, opening of new streets, schools and sewers, entailing a larger expenditure of money, which may exceed

the amount produced from our limited resources of taxation, make it more difficult of administration than are the interests of several States of the Union, our own among the number. Whilst I do not feel inclined to recommend any plans of improvement or enterprise—as it is assigned by law to the Mayor to “recommend the adoption of all such measures as he may deem expedient for the security, health, cleanliness, improvement and welfare of the City”—I may be allowed to say Philadelphians have reason to congratulate themselves that of late years so much has been done to advance the material wealth of our metropolis. The increase in the number of dwelling houses, the creation of a magnificent park (a vital lung to the health and happiness of all classes and conditions of our citizens)—the enlargement of our manufacturing interests—increased railroad communication to all sections of the country, and the near approach of the time when again Philadelphia commerce shall be conspicuous—all go to produce a greater increase of our resources, and we may reasonably hope in a short period the revenue derived therefrom will be sufficient to liquidate our indebtedness. In your hands, my fellow members, rests the legislation of the City. Guard well its financial condition; resist every attempt to increase expenditures for which payment has not been provided; and I assure you, gentlemen, it will not only be a discharge of duty on my part, *but a pleasure*, to co-operate with you in securing the passage of any and every measure that will secure to the City of Philadelphia *wise and judicious laws—an honest and economical government*. Again, gentlemen, accept my thanks for the honor conferred.

Mr. J. C. Martin

The title was agreed to.

The hour of four-and-a-half o'clock having arrived, the time appointed for the selection of a Committee to investigate and try the petition contesting the election of Owen F. Kaney, sitting member from the Third Ward,

The President

Ordered the Clerk to call the roll of members, noting the names of absentees, when the following members answered to their names:

Messrs. Addis, Allen, Baird, Bardsley, Baxter, Bispham, Bradly, Calhoun, Caven, Currie, Davis, Doebley, Dorlan, Ehret, Fagen, Fitzpatrick, Gill, Glenn, G. E. Hall, G. W. Hall, Hamilton, Hawkins, Horne, Kennedy, Klohse, Kneass, Ladner, Lloyd, J. C. Martin, McBride, McConnell, Miller, Peterman, Reyburn, Rowan, Showaker, Slack, Smithers, Stokes, Vories, Waples, White, Widener, Wright, and Young—45.

The President

Appointed Messrs. Reyburn and Fagen tellers, to take down the names of members drawn, and note the challenges.

The Clerk then prepared separate slips of paper, containing the names of members present, except that of the President and the member whose seat was being contested. These slips were carefully rolled up and put into a box on the President's desk, and after having been shaken and intermixed, they were drawn out by the Clerk, one at a time, and put alternately into three boxes, placed on the President's desk. The Clerk then shook and intermixed the papers in each box, and drew alternately from each box the papers so rolled up, and delivered them singly to the President, who opened and read them aloud; and the Clerk took down the names in writing when so called, and noted the challenges, and all the members drawn were challenged by either the contestant or respondent, except Messrs. H. C. Hawkins and Amos Slack, and those whose names remained in the boxes, which were read off by the President, and were as follow: Messrs. John Bardsley, Saml. Showaker,

Benj. F. Stokes, A. H. Ladner, Saml. A. Miller, Thos. Hamilton, F. McBride, John F. Glenn, W. H. Fagen, W. H. Ehret, H. R. Kneass, John C. Martin, W. T. Waples, G. W. Hall, and W. Bradley. Two separate lists of the seventeen members unchallenged were made out, and one copy was delivered to the contestant and another to the respondent, who retired with the Clerk of Common Council; and the parties alternately struck off the names upon the list until the number was reduced to eleven. Within the hour the parties returned and delivered to the President the names of the following members as the Committee, viz.: Messrs. Henry C. Hawkins, Amos Slack, Benj. F. Stokes, A. H. Ladner, Samuel A. Miller, John F. Glenn, W. H. Ehret, Horn R. Kneass, John C. Martin, W. T. Waples, and George W. Hall. Who thereupon were respectively sworn or affirmed by the President to try the matter of the petition, and give a true judgment thereupon according to the evidence, unless the Committee shall be dissolved.

Mr. Bardsley

Presented the following, to wit:

PHILADELPHIA, *June 19, 1873.*

To the President and Members of
Common Council of the City of Philadelphia:

GENTLEMEN:—A succession of domestic afflictions impels me, from a sense of duty I owe to my family, myself and my constituents, to resign the positions I hold on the various Committees, as well as my seat in the Common Council of Philadelphia.

I can the more readily do this at the present moment, as it will enable the citizens of the Seventh Ward to elect a successor for my unexpired term at the approaching election.

I regret, extremely, the severance of my official relationship with the body in which I have been for years a member, and venture to express the hope that the many friendships I have formed amongst you may be retained by me for life. The memory of the many pleasant associations connected with my membership shall ever remain

with me as a cherished souvenir, and I sincerely trust, that in taking leave of you, I leave behind me the same kindly feelings in your breasts towards me that I entertain for all of you.

You will please accept this as my resignation as a member of Common Council, and believe me

Ever yours truly,

WILLIAM GREER.

Mr. Caven,

Communication from Mr. Greer relative to his resignation as a member of Common Council. (*Appendix No. 503.*)

APPENDIX No. 5.

To the President and Members of the
Common Council of the City of Philadelphia :

Petition and complaint of the citizens of the Ninth Ward of the City of Philadelphia, contesting the right of Cyrus Horne, Esq., to a seat in Common Council, as a representative of said Ward.

The petition and complaint of the undersigned respectfully show, that they are citizens and qualified electors of the Ninth Ward of the City of Philadelphia, and that a general election was held in said Ward on the second Tuesday in October, Anno Domini one thousand eight hundred and seventy-two, and that they voted at the said general election therein for the office of Common Councilmen for the said Ninth Ward.

Your petitioners further show, that it has been returned that at said election that Cyrus Horne received fourteen hundred and sixty-four (1464) votes for the office of Common Councilman for the Ninth Ward aforesaid; and that Robert Legget, Jr., received thirteen hundred and eighty-seven (1387) votes for the same office, and that the said Cyrus Horne has been returned as elected thereto by a majority of seventy-seven (77) votes, which your petitioners charge to be a false return and undue election of the said Cyrus Horne, and they contest his right to the said office of Common Councilman for the said Ninth Ward of the City of Philadelphia.

That the said election and return of the said Cyrus Horne is false and fraudulent and untrue, in this: That at the said election, two candidates for the office of Common Council aforesaid, were voted for, to wit: Cyrus Horne and Robert Legget, Jr.; the said Cyrus Horne was unduly returned as having received for said office fourteen hundred and sixty-four (1464) votes, and the said Robert Legget, Jr., who was returned as having received thirteen hundred and eighty-seven (1387) votes for said office. *Whereas*, your petitioners allege, charge, and verily believe, that the said Cyrus Horne received not more than fourteen hundred and eight (1408) votes, and that the said Robert Legget, Jr., received at least fourteen hundred and forty-

three (1443) votes; whereby your petitioners allege, charge, and believe that the said Robert Legget, Jr., has received the highest number of votes for said office, to wit: at least fourteen hundred and forty-three (1443), being thirty-five (35) votes more than the said Cyrus Horne; whereby, the said Robert Legget, Jr., is elected to the said office of Common Councilman aforesaid, and should have been so returned.

And your petitioners specify more particularly the following grounds of contest:

First. In the general returns of votes, there are taken and counted as the vote in the Eighth Division of said Ninth Ward, for the office of Common Councilman aforesaid, two hundred and eighty-five (285) votes for Cyrus Horne, which should be two hundred and twenty-nine (229); and two hundred and twenty-nine (229) for Robert Leggett, Jr., which should be two hundred and eighty-five (285) votes for the said Robert Legget, Jr., making an error in the count of fifty-six (56) votes, or a difference of one hundred and twelve (112) votes.

Your petitioners represent and charge, that at the said election in the said Eighth Division of the Ninth Ward, Cyrus Horne received two hundred and twenty-nine votes for said office of Common Councilman aforesaid, and the said Robert Leggett, Jr., two hundred and eighty-five votes for said office; and this will duly appear by the tally list of said division, the return of votes of said division, and hourly return of votes of said division on file in the office of the Court of Common Pleas, for the City and County of Philadelphia; certified copies of which are hereto annexed, marked "A," and made part of this petition. But that, by the transposition of the figures aforesaid, a difference is made in the count of one hundred and twelve votes against the said Robert Legget, Jr.

Your petitioners further represent and charge, that the votes cast and returned in the said Ninth Ward, at the said general election for the office of Councilman aforesaid, in the other divisions of said Ward, were as follows, to wit:

In the First Division of said Ward, Cyrus Horne received ninety-one (91) votes.

Robert Legget, Jr., received one hundred and six (106) votes.

In the Second Division of said Ward, Cyrus Horne received one hundred and forty-six (146) votes.

Robert Legget, Jr., received one hundred and seventy-three (173) votes.

In the Third Division of said Ward, Cyrus Horne received one hundred and eighty-two (182) votes.

Robert Legget, Jr., received one hundred and forty-nine (149) votes.

In the Fourth Division of the said Ward, Cyrus Horne received one hundred and thirty-one (131) votes.

Robert Legget, Jr., received one hundred and ninety-six (196) votes.

In the Fifth Division of said Ward, Cyrus Horne received one hundred and forty-five (145) votes.

Robert Legget, Jr., received one hundred and thirty-four (134) votes.

In the Sixth Division of said Ward, Cyrus Horne received two hundred and thirty-five (235) votes.

Robert Legget Jr., received two hundred and thirty-five (235) votes.

In the Seventh Division of said Ward, Cyrus Horne received two hundred and forty-nine (249) votes.

Robert Legget, Jr., received one hundred and sixty-five (165) votes.

Making, together with the votes cast in the said Eighth Division of said Ward, at said election, a total vote as follows: For Robert Legget, Jr., fourteen hundred and forty-three (1443) votes, and for Cyrus Horne fourteen hundred and eight (1408) votes, being a majority in favor of the said Robert Legget, Jr., of at least thirty-five (35) votes.

Wherefore your petitioners show, that at the said election the said Robert Legget, Jr., has been duly elected to the office of Common Councilman of the Ninth Ward of the City of Philadelphia, having received more votes than were given for Cyrus Horne; and that the return was false and fraudulent, and the election undue, in declaring and returning the said Cyrus Horne as duly elected to the said office.

Your petitioners, therefore, pray that your Honorable Body will appoint a suitable time and proper committee for hearing this complaint, and make such order as may be necessary to exhibit the aforesaid undue and false return; that you will order, decree and adjudge the said return of

the said Cyrus Horne to the office of Common Councilman aforesaid, to be false, and that the said Robert Legget, Jr., was at said election duly and legally elected to said office, and that you will take such other action in the premises as you may deem fit, and as in duty bound. APPENDIX No. 6.

To the Honorable the President and Members
of the Common Council of the City of Philadelphia :

The petition and complaint of the undersigned, respectfully show, that they are citizens and qualified electors of the Third Ward of the City of Philadelphia ; that a general election was held therein on the second Tuesday of October last past, being the eighth day of October, Anno Domini one thousand eight hundred and seventy-two ; and that among other offices voted for at said election by the freemen and qualified electors of said Ward, was the offices of two Common Councilmen from the said Third Ward of said City.

Your petitioners further show, that it has been returned, that at said election, that Benjamin L. Berry received in the First Election Division of said Third Ward, one hundred and seventy votes for said office of Common Councilman ; in the Second Election Division of said Ward, one hundred and forty-eight votes for said office ; in the Third Election Division of said Ward, one hundred and nineteen votes for

said office; in the Fourth Election Division of said Ward, two hundred and forty votes for said office; in the Fifth Election Division of said Ward, one hundred and three votes for said office; in the Sixth Election Division of said Ward, eighty-eight votes for said office; in the Seventh Election Division of said Ward, one hundred and three votes for said office; in the Eighth Election Division of said Ward, eighty-nine votes for said office; in the Ninth Election Division of said Ward, two hundred and seventy-three votes for said office; and in the Tenth Election Division of said Ward, one hundred and seventy-two votes for said office. And that it has been returned that at said election Edward T. Miller received in the First Election Division of said Third Ward, one hundred and seventy-two votes for said office of Common Councilman; in the Second Election Division of said Ward, one hundred and forty-six votes for said office; in the Third Election Division of said Ward, one hundred and three votes for said office; in the Fourth Election Division of said Ward, one hundred and ninety-six votes for said office; in the Fifth Election Division of said Ward, ninety-three votes for said office; in the Sixth Election Division of said Ward, seventy-one votes for said office; in the Seventh Election Division of said Ward, seventy-four votes for said office; in the Eighth Election Division of said Ward, eighty votes for said office; in the Ninth Election Division of said Ward, two hundred and forty-four votes for said office; and in the Tenth Election Division of said Ward, one hundred and twenty-six votes for said office; and that it has been returned, that at said election William H. Fagen received in the First Election Division of said Third Ward, one hundred and sixteen votes for said office of Common Councilman; in the Second Election Division of said Ward, one hundred and thirty-six votes for said office; in the Third Election Division of said Ward, one hundred and ninety-two votes for said office; in the Fourth Election Division of said Ward, one hundred and seventy votes for said office; in the Fifth Election Division of said Ward, one hundred and sixty-eight votes for said office; in the Sixth Election Division of said Ward, two hundred and seven votes for said office; in the Seventh Election Division of said Ward, two hundred and five votes for said office; in the Eighth Elec-

tion Division of said Ward, one hundred and forty-nine votes for said office; in the Ninth Election Division of said Ward, one hundred and eighty-two votes for said office; and in the Tenth Election Division of said Ward, two hundred and nine votes for said office. And that it has been returned that at said election Owen F. Kaney received in the First Election Division of said Ward, one hundred and thirteen votes for said office of Common Councilman; in the Second Election Division of said Ward, one hundred and seventy-six votes for said office; in the Third Election Division of said Ward, one hundred and seventy-seven votes for said office; in the Fourth Election Division of said Ward, one hundred and thirty-one votes for said office; in the Fifth Election Division of said Ward, one hundred and fifty-seven votes for said office; in the Sixth Election Division of said Ward, one hundred and eighty-three votes for said office; in the Seventh Election Division of said Ward, one hundred and seventy-four votes for said office; in the Eighth Election Division of said Ward, one hundred and thirty-four votes for said office; in the Ninth Election Division of said Ward, one hundred and fifty-three votes for said office; and in the Tenth Election Division of said Ward, one hundred and sixty-seven votes for said office.

And that it is shown by said returns that said Benjamin L. Berry received at said election in all one thousand five hundred and five votes for the said office of Common Councilman; and that the said Edward T. Miller received at said election in all one thousand three hundred and five votes for the said office of Common Councilman; and that the said William H. Fagen received at said election in all one thousand seven hundred and thirty-four votes for said office of Common Councilman; and that the said Owen F. Kaney received at said election in all one thousand five hundred and sixty-five votes for said office of Common Councilman. And that the said William H. Fagen received a majority of four hundred and twenty-nine votes over said Edward T. Miller, and a majority of two hundred and twenty-nine votes over said Benjamin L. Berry for said office of Common Councilman. And that the said Owen F. Kaney received a majority of two hundred and sixty votes over the said Edward T. Miller, and a majority of sixty

votes over said Benjamin L. Berry, for said office of Common Councilman.

And that the said William H. Fagen and Owen F. Kaney were accordingly returned as elected as Common Councilmen from said Third Ward; and your petitioners charge the said election and return of the said Owen F. Kaney to be an undue election and a false return of him, the said Owen F. Kaney, and they contest his right to the said office of Common Councilman from the said Third Ward.

That the said election and return of the said Owen F. Kaney is false, fraudulent and untrue in this: That at the said general election four candidates for the offices of two Common Councilmen from the said Third Ward, were voted for, to wit: the said Benjamin L. Berry, who was returned as having received one thousand five hundred and five votes for said office; the said Edward T. Miller, who was returned as having received one thousand three hundred and five votes for said office; the said William H. Fagen, who was returned as having received one thousand seven hundred and thirty-four votes for said office; and the said Owen F. Kaney, who was returned as having received one thousand five hundred and sixty-five votes for said office. Whereas, your petitioners allege, charge and verily believe, that at the said election, the said Owen F. Kaney received not more than one thousand two hundred and forty-six legal votes for said office, and that the said Benjamin L. Berry received at least one thousand seven hundred and forty-two legal votes for said office, whereby your petitioners allege, charge and believe that the said Benjamin L. Berry, has received a higher number of votes for said office, to wit: at least four hundred and ninety-six votes more than the said Owen F. Kaney, whereby the said Benjamin L. Berry is elected to the said office of Common Councilman from said Third Ward, and should have been so returned.

And your petitioners specify more particularly the following grounds of contest:

First. That in the said returns of votes for said office, it was untruly returned that at the said election in the First Election Division of said Third Ward, there were voted for the said Benjamin L. Berry but one hundred and seventy votes, and for the said Owen F. Kaney, one hundred and thirteen votes; your petitioners allege, charge and verily

believe, that at least thirty votes more were voted for the said Benjamin L. Berry, than were counted for him, and that at least thirty votes more were counted for the said Owen F. Kaney for said office, than were cast for him at said election in said division, the difference being errors in the counting of the votes, by falsely and fraudulently taking and counting the said thirty votes cast for said Benjamin L. Berry for said office, as having been cast for said Owen F. Kaney for said office, and which were added to and counted in the number of votes cast for said Owen F. Kaney, for said office, and that there should have been returned two hundred votes for the said Benjamin L. Berry, and but eighty-three votes for the said Owen F. Kaney, for said office from said election division, as will appear by a recount of the ballots voted at said election.

Second. That in the said returns of votes for said office, it was untruly returned that at the said election in the Second Election Division of said Third Ward, there were voted for the said Benjamin L. Berry but one hundred and forty-eight votes, and for the said Owen F. Kaney, one hundred and seventy-six votes; your petitioners allege, charge and verily believe, that at least fifty-two votes more were voted for the said Benjamin L. Berry, than were counted for him; and that at least fifty-two votes more were counted for the said Owen F. Kaney, than were cast for him for said office, at said election in said division, the difference being errors in the counting of the votes, by falsely and fraudulently taking and counting the said fifty-two votes cast for the said Benjamin L. Berry, as having been cast for said Owen F. Kaney, and which were added to and counted in the number of votes cast for said Owen F. Kaney, for said office, and that there should have been returned two hundred votes for the said Benjamin L. Berry, and but one hundred and twenty-four votes for the said Owen F. Kaney, for said office, from said election division, as will appear by a recount of the ballots voted at said election.

Third. That in the said returns of votes for said office, it was untruly returned that at the said election in the Third Election Division of said Third Ward, there were voted for the said Benjamin L. Berry but one hundred and nineteen votes, and for the said Owen F. Kaney one hundred and seventy-seven votes; your petitioners allege, charge,

and verily believe, that at least eleven votes more were voted for the said Benjamin L. Berry than were counted for him, and that at least eleven votes more were counted for the said Owen F. Kaney, than were cast for him for said office at said election, in said division, the difference being errors in the counting of the votes, by falsely and fraudulently taking and counting the said eleven votes cast for the said Benjamin L. Berry, as having been cast for the said Owen F. Kaney, and which were added to and counted in the number of votes cast for the said Owen F. Kaney for said office; and that there should have been returned one hundred and thirty votes for the said Benjamin L. Berry, and but one hundred and sixty-six votes for the said Owen F. Kaney for said office, from said election division, as will appear by a recount of the ballots voted at said election.

Fourth. That in the Third Election Division of said Third Ward, the election officers of said division received the votes of two persons for the office of Common Councilman, which were taken and counted in the return from said election division for the said Owen F. Kaney for said office, neither of whom were qualified electors in said division.

Fifth. That in the said returns of votes for said office, it was untruly returned, that at the said election in the Fifth Election Division of said Third Ward there were voted for the said Benjamin L. Berry but one hundred and three votes, and for the said Owen F. Kaney one hundred and fifty-seven votes; your petitioners allege, charge, and verily believe that at least fifty-four votes more were counted for the said Owen F. Kaney than were voted for him, and that at least fifty-four more votes were voted for the said Benjamin L. Berry than were counted for him for said office at said election in said division, the difference being errors in the counting of the votes, by falsely and fraudulently taking and counting the said fifty-four votes cast for the said Benjamin L. Berry for said office, as having been cast for said Owen F. Kaney for said office, and which were added to and counted in the number of votes cast for said Owen F. Kaney for said office; and that there should have been returned one hundred and fifty-seven votes for the said Benjamin L. Berry, and but one hundred and three votes for the said Owen F. Kaney, for said office from

said election division, as will appear by a re-count of the ballots voted at said election.

Sixth. That in the Fifth Election Division of said Third Ward, the election officers of said division received the votes of at least twenty persons for the said office of Common Councilman, which were taken and counted in the return from said election division for the said Owen F. Kaney, for said office, none of whom were qualified electors in said division.

Seventh. That in the said returns of votes for said office, it was untruly returned, that at the said election in the Sixth Election Division of the said Third Ward, there were voted for the said Benjamin L. Berry, eighty-eight votes, and for the said Owen F. Kaney, one hundred and eighty-three votes, for said office; your petitioners allege, charge, and verily believe, that at least twenty votes more were voted for the said Benjamin L. Berry, than were counted for him, and that at least twenty votes more were counted for the said Owen F. Kaney, than were voted for him for said office, at said election in said division, the difference being errors in the counting of the votes, by falsely and fraudulently, taking and counting the said twenty votes cast for the said Benjamin L. Berry for said office, as having been cast for the said Owen F. Kaney for said office; and which were added to and counted in the number of votes cast for the said Owen F. Kaney for said office; and that there should have been returned one hundred and eight votes for the said Benjamin L. Berry, and but one hundred and sixty-three votes for the said Owen F. Kaney for said office, from said election division, as will appear by a recount of the ballots cast at said election.

Eighth. That in the Sixth Election Division of said Third Ward, the election officers of said division received the votes of at least twenty-five persons for the said office of Common Councilman, which were taken and counted in the return, from said election division, for the said Owen F. Kaney, for said office, none of which were qualified electors in said division.

Ninth. And your petitioners further represent and charge, that at the election held in the Seventh Election Division of the said Third Ward, the election officers of said division, fraudulently conducted and carried on said election with a

wilful disregard of all the requirements of the laws regulating elections, by means of which only the true votes and will of the people could be ascertained in said division. That the election officers of said division, falsely and fraudulently permitted and suffered a large number of persons not qualified voters of said division, to vote at said election, to the number of at least thirty-five, whose votes were taken and counted in the return of votes from said division, for the said Owen F. Kaney, for said office, whose names were not on the list of qualified voters of said election division furnished by the City Commissioners, to the said election officers; that they falsely and fraudulently permitted and suffered a large number of persons, to the number of at least thirty-five, not qualified to vote in said division, whose votes were taken and counted on the return from said division, for the said Owen F. Kaney, for said office, whose names are to your petitioners unknown, who voted in the names of those who were upon the list, furnished by the City Commissioners to said election officers. That they fraudulently refused to announce the hourly returns of votes cast for said office at said election. And your petitioners thereby charge, that the said election, so held in said division, was false, fraudulent, undue and void, and the return thereof false, and should be stricken from the general return, and be wholly disregarded.

Tenth. That in the Seventh Election Division of said Ward, the election officers of said division received the votes of at least thirty-five persons, who were not qualified electors in said division, for said office, which were taken and counted in the return of votes from said election division for the said Owen F. Kaney, for said office.

Eleventh. That in the said returns of votes for said office, it was untruly returned, that at the said election in the Seventh Election Division of said Ward, there were voted for the said Benjamin L. Berry for said office, but one hundred and three votes, and for the said Owen F. Kaney, one hundred and seventy-four votes; your petitioners allege, charge, and verily believe, that at at least twenty-seven votes more were counted for the said Owen F. Kaney than were cast for him, and that at least twenty-seven votes more were cast for the said Benjamin L. Berry than were counted for him, for said office, at said election in said

division, the difference being errors in the counting of the votes, by falsely and fraudulently taking and counting the said twenty-seven votes cast for the said Benjamin L. Berry, as having been cast for the said Owen F. Kaney, and which were added to and counted in the number of votes cast for said Owen F. Kaney for said office; and that there should have been returned one hundred and thirty votes for the said Benjamin L. Berry, and but one hundred and forty-seven votes for the said Owen F. Kaney, for said office, from said election division, as will appear by a recount of the ballots voted at said election.

Twelfth. That in the said returns of votes for said office, it was untruly returned, that at the said election in the Eighth Election Division of said Third Ward, there were voted but eighty-nine votes for the said Benjamin L. Berry, and one hundred and thirty-four votes for the said Owen F. Kaney; your petitioners allege, charge, and verily believe, that at least fifteen votes more were counted for the said Owen F. Kaney than were cast for him, and that at least fifteen votes more were voted for the said Benjamin L. Berry than were counted for him, for said office, at said election in said division, the difference being errors in the counting of the votes, by falsely and fraudulently taking, and counting the said fifteen votes cast for the said Benjamin L. Berry for said office, as having been cast for the said Owen F. Kaney for said office, and which were added to and counted in the number of votes cast for the said Owen F. Kaney for said office; and that there should have been returned one hundred and four votes for the said Benjamin L. Berry, and, but one hundred and nineteen votes for the said Owen F. Kaney for said office, from said election division, as will appear by a recount of the ballots voted at said election.

Thirteenth. That in the said return of votes for said office, it was untruly returned, that at said election in the Tenth Division of said Ward, there were voted for the said Benjamin L. Berry, one hundred and seventy-two votes for said office, and for the said Owen F. Kaney, one hundred and sixty-seven votes for said office; your petitioners allege, charge, and verily believe, that at least twenty-eight votes more were counted for the said Owen F. Kaney than were cast for him, and that at least

twenty-eight votes more were voted for the said Benjamin L. Berry than were counted for him, for said office, at said election in said division, the difference being errors in the counting of the votes by falsely and fraudulently taking and counting the said twenty-eight votes cast for the said Benjamin L. Berry for said office, as having been voted for the said Owen F. Kaney for said office, and which were added to and counted in the number of votes cast for the said Owen F. Kaney for said office; and that there should have been returned two hundred votes for the said Benjamin L. Berry, and but one hundred and thirty-nine votes for the said Owen F. Kaney, for said office, from said election division, as will appear by a recount of the ballots voted at said election.

Fourteenth. That at least forty votes more were counted for the said Owen F. Kaney for said office, by the election officers of said Tenth Election Division of said Ward, and returned for him accordingly, than were voted for him for said office, as a recount of the ballots cast at said election in said division will show.

Wherefore, your petitioners, who are qualified electors in said Ward, and who voted at said election for said office of Common Councilman, show, that at said election and by the means aforesaid, Benjamin L. Berry was duly elected to the office of Common Councilman from the said Third Ward of the City of Philadelphia, he having received more legal votes for said office than were voted for the said Owen F. Kaney for said office; and that therefore the election was undue and the returns false in declaring and returning the said Owen F. Kaney as duly elected to the said office.

Your petitioners therefore pray, that your honorable body will appoint a suitable time and proper committee for hearing this complaint, and make such order or orders as may be necessary to exhibit the aforesaid undue election and false return; and that after hearing the proofs of the aforesaid allegations and charges, you will order, adjudge and decree the said election and return of the said Owen F. Kaney to the office of Common Councilman aforesaid, to be an undue election and a false return; and that the said Benjamin L. Berry was at said election duly and legally elected to said office, and should have been so returned; and

that you will take such other action in the premises as you may deem proper.

And they will ever pray, &c.

APPENDIX No. 10.

RESOLUTION

Approving the contract for the work of Girard Avenue Bridge, and approving the surety of the contractors.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Phoenix Iron Company be and the same is hereby approved in the sum of three hundred thousand dollars, as surety of Clarke, Reeves & Co., contractors for the building of the bridge over the river Schuylkill, at Girard avenue, and that the contract submitted to Councils by the Law Department, between the City of Philadelphia and the said Clarke, Reeves & Co., be and the same is hereby approved.

ARTICLES OF AGREEMENT, made and concluded this
day of in the year of our Lord
one thousand eight hundred and seventy-three, between
the City of Philadelphia, party of the first part, and
Thomas C. Clarke, John Griffen, David Reeves and Adol-
phus Bonzano, partners trading as Clarke, Reeves & Co.,
of the second part:

Witnesseth, That the party of the second part for and in consideration of the sum of \$1,486,280, hereinafter specified, to be paid by the party of the first part, do hereby for themselves, their heirs, executors and administrators, covenant and agree to and with the party of the first part, well and truly to provide and furnish and deliver all the materials, and do and perform all the work and labor requisite to build, construct and finish complete for use, the bridge about to be constructed over the river Schuylkill, at Girard avenue, as authorized by a resolution of Councils, approved the 4th day of January, 1873, entitled "Resolution of instruction to the City Solicitor," and by other Ordinances, and by an Ordinance making appropriations for the said work.

And the said party of the second part, covenant and agree to provide, furnish and deliver all materials, and to do all work included in the specifications hereto annexed, and made part hereof, marked "Specification of Girard Avenue Bridge, Tender No. 1," and in accordance with the proposal hereto annexed and made part hereof, under the head of "Tender No. 1," which said proposal was made by the party of the second part, and accepted by Ordinance, approved the 2d day of January, A. D. 1873, entitled "An Ordinance approving a plan for a bridge over the river Schuylkill, at Girard avenue."

And the said party of the second part further covenant and agree to furnish and provide all of said materials, and to do all of said work in exact and entire conformity, except as hereinafter provided, with the plans on file in the office of the Chief Engineer and Surveyor of the City of Philadelphia, which were approved by Ordinance of Councils, approved the 2d day of January, A. D. 1873, entitled "An Ordinance approving plan for a bridge over the river Schuylkill, at Girard avenue," as altered in accordance with the suggestions of the Chief Engineer and Surveyor aforesaid, pursuant to a resolution of Councils, approved the fourth day of January, A. D. 1873, entitled "Resolution of instruction to the City Solicitor;" and the said altered plans, marked respectively, are hereby made a part of this contract, and in exact and entire conformity with the specifications hereto annexed and made part hereof, except as hereinafter provided, as fully

as if said altered plans, marked as aforesaid, and specifications in conformity therewith, were fully and specifically described and set forth herein, and a special covenant were herein inserted, prescribing the performance of each and every item thereof by the said party of the second part. But any minor changes not affecting the amount agreed to be paid under this contract as aforesaid, may be made by the Chief Engineer and Surveyor, upon a written agreement between himself and the party of the second part, providing for the same.

And the said party of the second part do hereby as aforesaid further covenant and agree, that if they shall neglect or refuse to remove or take down any defective work or materials, or construction, at the request of the Chief Engineer and Surveyor of the said city, in writing, specifically designating the same, the said Chief Engineer and Surveyor may, at his discretion, employ a force to remove and properly rebuild the same, at the cost and charge of the said party of the second part.

And the said party of the second part do hereby further covenant and agree as aforesaid, that if during the progress of the work they shall abandon this contract, by ceasing to work thereunder, and the Chief Engineer and Surveyor aforesaid shall report to the Councils of the said city that the said party of the second part have abandoned the same and ceased to work thereunder as aforesaid, then in every such case this contract may be rescinded by a resolution or Ordinance of said Councils; and the party of the second part, in case this contract shall be so rescinded for any such violation, shall not be paid for the materials furnished or the work done, or the amount which may be due them therefor, when said contract is so rescinded, until all materials and work on said bridge herein provided for, are furnished by the said The City of Philadelphia, or any contractor, for the uncompleted work and unfurnished materials, and then in such case the said party of the second part shall only receive the value of the materials furnished and work done at the time this contract shall be rescinded, which sum shall be ascertained by the Chief Engineer and Surveyor: *Provided*, That the entire work herein contracted for, if the contract is rescinded as aforesaid, shall not exceed in cost the price or

sum herein provided for, and if it shall so exceed, then such excess shall be deducted from the amount found to be due to the said party of the second part, by the Chief Engineer and Surveyor as hereinbefore provided: *And provided further*, That no such rescission of the contract shall release the sureties of the said party of the second part in the bond given herewith, but the said sureties shall still be liable for any excess of cost of said work over the price or sum herein provided for.

And in case this contract shall be so rescinded, it is understood and agreed by said party of the second part, that the said party of the first part may at once, without any notice to said party of the second part, procure or employ any other party or parties the said party of the first part may deem proper, to furnish the work and labor remaining unperformed under this contract, and furnish the materials unsupplied at the time this contract is so rescinded, at any price and upon any terms conformably with the then current rates which said party of the first part may deem proper; and in such case the party of the second part hereby for themselves, their heirs, executors and administrators, covenant and agree to and with the party of the first part, to pay any increased value to be incurred and paid thereon by the said party of the first part above the schedule marked "A," hereto annexed and made part of this contract.

And the said party of the second part further covenant and agree, that in the prosecution of said work, they will take down any and all work and remove any and all materials not approved by the Chief Engineer and Surveyor aforesaid, which the said Chief Engineer and Surveyor shall first state in writing, specifically designating the same is or are not in accordance with the specifications aforesaid, and shall replace the same to the satisfaction of said officer, at the expense of the said party of the second part, and that they will observe the directions of the said Chief Engineer and Surveyor in the prosecution of said work.

And it is further covenanted and agreed by and between the parties hereto, that in case of disputes arising between the said Chief Engineer and Surveyor and the said party of the second part, relative to any cause, matter or thing

contained and set forth in this contract, that the same shall be referred to three arbitrators, of whom the said Chief Engineer and Surveyor and the said party of the second part shall each choose one, and the two thus chosen shall select a third, and a decision by a majority of whom shall be final and conclusive in the premises.

And the party of the second part further covenant and agree that they will prosecute the said work with dispatch, and complete the same within twenty months from the date of this contract.

And the party of the second part further covenant and agree as aforesaid, that during the construction of the work herein provided for, and until the same shall be entirely completed, they will observe and comply with all and singular the laws of this commonwealth now made or to be made in regard to the construction of bridges, and shall and will keep harmless and indemnified the party of the first part, from all suits, accidents, costs and damages, by reason of any cause arising out of neglect thereof by the party of the second part, their agents, servants, or any of them, it being expressly understood, that all and every damage, cost and loss however arising and happening, by reason of anything done or omitted in the construction herein provided for, by the party of the second part, their agents servants or any of them, shall be borne, paid and suffered by the party of the second part solely and wholly, except such damages as result from, and are the direct consequence of the construction of the said bridge itself, as authorized by the City of Philadelphia, independently of the acts or doings of said party of the second part under this contract.

And the party of the second part further covenant and agree by these presents, to and with the said The City of Philadelphia, that no claim other than for interest upon balances due shall be made by them for any delay, inconvenience or suspension of work, or hindrance to the furnishing of materials, which may arise or be caused by reason of any litigation or legal or equitable suit, action or proceeding whatever, or judgment, order or decree, or decision made therein, to be instituted by any person or persons averring or claiming any infringement of any right or injury to his, her or their estate, real or per-

sonal, arising from the construction of said bridge, but the time for the completion of said construction shall in such case be considered as extended during the time for which there shall be such delay arising from the causes aforesaid. And in order that the extent of such delay may be ascertained, it is understood and agreed by said party of the second part, that it shall embrace the period commencing with the time when the City Solicitor shall notify them of the commencement of such proceedings, and any subsequent notice received from him of their termination, and that they may proceed. Said party of the second part hereby agreeing to notify forthwith the City Solicitor of any writ, order or decree, served upon, or legal or equitable proceeding whatever, commenced against them, touching or concerning the erection of said bridge, whether the said city is made a party thereto or not. And in the event of a final injunction, order, judgment or decree, being awarded against the city of Philadelphia, or the party of the second part, prohibiting perpetually the construction of the said bridge, it is hereby covenanted and agreed that this contract shall be deemed and taken as cancelled and ended, and as though the same had never been made, and in such case the said party of the second part shall have no claim upon the party of the first part, for any damage or loss whatever, resulting to or to be incurred by them, by reason of the termination thereby of the building of the said bridge, or of this contract, except for materials actually furnished, or for materials actually purchased, and upon which work shall have been done by the party of the second part for the said bridge, and for the labor done in and about the erection of the said bridge, at the time when the work of the said party of the second part shall be stopped and suspended by reason of said proceedings.

The said party of the second part further covenant and agree to take down and remove the present bridge and piers at their own cost and charge. And if any of the old masonry in the wing-walls of the abutments which are to be retained shall, in the opinion of the Chief Engineer and Surveyor aforesaid, be of insufficient strength, or of defective material, the said party of the second part shall rebuild the same, without any addition to the amount

to be paid under this contract. The said party of the second part shall be at liberty to use any of the stone in the present bridge in the construction of the new bridge without any charge to them for the same: *Provided*, The use thereof shall be approved by the Chief Engineer and Surveyor. And the said party of the second part further covenant and agree, that before taking down and removing the present bridge, or after such removal, at the discretion of the Chief Engineer and Surveyor, they will first build and place in position a timber bridge, with a roadway twenty feet in width, and with two sidewalks, each five feet in width, north of the present bridge, and put the same in proper condition for travel, and maintain it until the new bridge is ready for use (risk of fire excepted), and thereafter remove and take away the same.

The said party of the second part further covenant and agree in manner aforesaid, that all of the materials to be furnished under this contract, shall be of the best description of their several kinds, and that the workmanship required to be done hereunder, shall be first-class in every respect.

And in consideration of the premises, the party of the first part hereby agree to pay to the party of the second part, the sum of \$1,486,280, in manner as follows, viz.: On or before the fifth day of each and every month, during the progress of the work under this contract, a detailed account shall be rendered by the party of the second part to the Chief Engineer and Surveyor, of the total quantity of materials delivered upon the ground and built into the work; and, also, of iron work in progress of manufacture at Phoenixville, which shall be paid for in proportion to the amounts set forth in the annexed schedule, marked "A:" *Provided*, That if in the prosecution of the work, there shall be a great increase in any of the estimated quantities, or fluctuations in the prices, the schedule shall be so modified that the monthly estimates shall not exceed in amount a *pro rata* value of the whole sum to be paid: *And provided further*, That the amount to be paid by the party of the first part for iron, or other materials not delivered to the said party, shall not exceed the sum of \$200,000. The Chief Engineer and Surveyor shall examine the same, and upon approval thereof

(after deducting from the total sum thus found, the amount of previous payments), shall issue a certificate for the balance, less a drawback of ten per cent., to the Chief Commissioner of Highways, who shall forthwith draw a warrant therefor upon the City Treasurer, which said warrant shall be paid in cash. The drawback of ten per cent. shall be retained from each monthly payment, until the sums so retained shall amount to \$75,000, after which the said monthly payments shall be made in full.

The said sum of \$75,000, shall be paid to the party of the second part within ten days after the bridge shall have been opened for public use; and all other balances shall be paid to said party within sixty days after the bridge shall have been so opened and accepted as complete and satisfactory, according to the terms of this contract. And the said party of the second part, hereby further covenant and agree, that in the event of non-completion of the bridge in the time specified herein, that they will forfeit and pay to the party of the first part the sum of \$100 for each and every day that may elapse after the termination of the specified period, as aforesaid.

APPENDIX No. 12.

RESOLUTION

To pave Forty-sixth street, from Westminster avenue to Seneca street.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to enter into a contract with a competent person or persons, who shall be selected by a majority of the owners of property fronting on Forty-sixth street, from Westminster avenue to Seneca street (in the Twenty-fourth Ward), for the paving thereof. The conditions of said contract shall be that the contractor or contractors shall collect the cost of said paving from the property owners respectively, and shall also enter into an obligation to the City to keep said street in good condition for three years after said paving is finished: *And provided,* There will not be any expense for grading or intersections.

APPENDIX No. 13.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—We, your Committee on Highways, to whom was referred the petition to grade Ridge avenue, respectfully report that we have examined and approve the same, and submit for your consideration the annexed resolution, and ask its adoption.

RESOLUTION

To authorize the grading of Ridge avenue.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Highways be and is hereby authorized and directed to grade Ridge avenue, from Dauphin street to Huntingdon street, at a cost of twenty-five hundred and seven dollars. Said street to be graded to the established grade of the City.

APPENDIX No. 14.

To the Common Council of the
City of Philadelphia:

Your Committee to whom was referred the resolution to inquire whether the allegations that William Siner, a member of this body from the Sixteenth Ward, had been indicted for gambling and maintaining a gambling house, and that said Siner since said indictment had escaped the jurisdiction of the court; respectfully report that an examination of the bill of indictment, and a conversation with his Honor the Mayor, reveal the truth of the above allegations, and your Committee ask to be discharged.

JOS. L. CAVEN, *Ch'n*,

EDWARD LYSTER,

ALBERT H. LADNER.

APPENDIX No. 15.

RESOLUTION

For a Committee to impeach William Siner.

Resolved, That a Committee of seven from this Chamber be appointed to prepare articles of impeachment against William Siner, member from the Sixteenth Ward, for gambling and maintaining a gambling house, and prefer the same to the Select Council, and to manage and conduct the impeachment before the said Select Council.

APPENDIX No. 16.

AN ORDINANCE

To prevent the driving of horned cattle through the streets of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That on and after the passage of this Ordinance, it shall not be lawful to drive horned cattle through the streets of Philadelphia, within the following limits: Columbia avenue on the north, Washington avenue on the south, and Fortieth street on the west, from the first day of March until the thirtieth day of September, between the hours of 8 A. M. and 6 P. M.; and from the first day of October to the twenty-eighth day of February, between the hours of 9 A. M. and 5 P. M.; and if any person or persons are found driving horned cattle within the above limits, shall be arrested and taken before any Alderman in the City of Philadelphia, and will be liable to a fine of five dollars and costs, and the same to be collected in the usual manner as collected by law.

This Ordinance not to go into effect until the first day of March, 1873.

RESOLUTION

For opening of Girard Avenue Bridge for crossing of live stock.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be instructed to open Girard Avenue Bridge to the passage of live stock, viz.: cattle, sheep and hogs, after the passage of this resolution.

A P P E N D I X N o . 1 8 .

RESOLUTION

Of request to the Legislature and Governor.

Resolved by the Select and Common Councils of the City of Philadelphia, That they do most earnestly protest against the passage of any of the bills now before the Legislature, for the taking of the streets of the City now unoccupied by railroads for passenger railroads, without first obtaining the consent of Councils, and we do most respectfully entreat the Governor to withhold his signature from any such bills, if such bills should be passed, and that a copy of the above resolution shall be sent to the Senate and House of Representatives, and also to the Governor.

A P P E N D I X N o . 1 9 .

RESOLUTION

To meet in Joint Convention.

Resolved by the Common Council, That Select Council be invited to meet Common Council in Joint Convention, in Common Council chamber, this January 23d, 1873, at four-and-a-half o'clock P. M., to elect two Directors of the North Pennsylvania Railroad Company, and three Directors of the Philadelphia and Erie Railroad Company.

APPENDIX No. 21.

AN ORDINANCE

To make an appropriation to pay damages to John H. Jones, occasioned by the laying of water pipe on Forty-fifth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of four hundred and seventy-six dollars and forty-two cents be and the same is hereby appropriated to pay John H. Jones, for damages occasioned to certain houses on Forty-fifth street, near Huron street, in blasting while digging a trench for water pipe. The warrant therefor to be drawn by the Chief Engineer and Surveyor.

APPENDIX No. 22.

OFFICE OF THE CHIEF ENGINEER AND SURVEYOR,
PHILADELPHIA, *January 23, 1873.*

A. WILSON HENSZEY, ESQ.,

President of Common Council :

DEAR SIR:—In order to proceed with the erection of Girard Avenue Bridge without delay, it will be necessary to have an assistant engineer at once, to give lines and elevations, to lay out the work and constantly superintend it and the monthly returns. To pay the expense thereof, and for instruments, engineering material, and rodman, will require an appropriation of five thousand dollars for the time the work is in progress.

Very respectfully,

SAML. L. SMEDLEY,
Chief Engineer and Surveyor.

A. WILSON HENSZEY, ESQ.,

President of Common Council :

DEAR SIR:—I have prepared a general design for Girard Avenue Bridge, adapted to the requirements of the locality, with dimensions and locations, as follows :

1st. The centre of the west pier to be 107 feet from the old abutment.

2d. The three river spans to be each 197 feet, with a single river span on each shore of 137 feet.

3d. The truss to be of a uniform depth of 23 feet, and the shore drive, under the bridge, to have 18 feet in the clear.

4th. The elevation of deck at the centre of bridge to be 58 92-100 feet above the datum, with a rise of .0025 to the

eastward, and a fall of .006 to the westward ; drainage to be provided at the piers.

5th. The roadway to be 67 feet 6 inches between curbs, and the sidewalks each 16 feet 3 inches. The road to be divided into seven tramways.

6th. The lateral ties to be all made in the interior trusses, so as to leave an unobstructed space between the outer lines, which shall be arranged for laying a floor for footways on the lower chord, if desired.

7th. The abutments to be built according to design (marked S. L. S., No. 1), with south retaining walls faced with granite, and extending at both ends 67 feet 6 inches from the face of the abutments, above the bridge seat.

I have submitted the design, with the above statement of dimensions, elevations, &c., to Messrs. Clark, Reeves & Co., who have accepted them in writing, as modifications of specifications under their contract, without additional cost.

This will accommodate the Park drives and walks, and will not interfere with the rights of the Schuylkill Navigation Company, and will afford additional facilities for travel.

The length of superstructure will be reduced 12 feet, and the bridge increased 30 feet, making a total length of 1,000 feet.

I ask the approval of Councils.

Respectfully submitted,

SAML. L. SMEDLEY,

Chief Engineer and Surveyor.

APPENDIX No. 23.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—The Committee on Police, to whom was referred the petition of the Northwestern Broad Street M. E. Church for permission to erect a temporary frame building on their lot, No. 2514 North Broad street, would respectfully report that they have examined the matter, and are of opinion the privilege should be granted. They therefore report the annexed bill, and ask its passage.

AN ORDINANCE

Granting permission to the Northwestern Broad Street M. E.^s Church to erect a temporary wooden church edifice.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be and the same is hereby given to the Northwestern Broad Street M. E. Church to erect a temporary wooden church edifice on their lot, No. 2514 North Broad street, in the City of Philadelphia. The same to be removed on the passage of an Ordinance or resolution by Councils, without notice: *Provided*, The said church pay into the City Treasury for the use of the City the sum of twenty-five dollars, to pay for the publication of this Ordinance. All Ordinances to the contrary hereof notwithstanding.

APPENDIX No. 24.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Police, to whom was referred the annexed resolution and communication from Samuel Sloan, Architect, recommending the taking out of stretchers on the front and sides of the station house in the Twenty-first Police District, and recommending the time for completing said station house be extended to the 1st of June, 1873, would respectfully report that they visited said station house, and are of opinion that the stretcher sides and front should be taken out, and pressed brick front substituted in place thereof, as the unsightly appearance of the building is an injury to the neighborhood; and as it will cost fifteen hundred dollars to make the change, which, in the opinion of your Committee, will be well spent, and further in order to make this change, and have the brick work done in good weather, they recommend the time for completing the same be extended until June 1st. 1873. They therefore report the annexed bill, and ask its passage.

January 23, 1873.

AN ORDINANCE

To make an appropriation to finish the Twenty-first Police District Station House with press brick front, and to extend the time for completing the same.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of fifteen hundred dollars be and the same is hereby appropriated to the Police

Department, to be taken out of loan for police purposes, approved the 30th day of December, 1871, for the purpose of taking out the stretcher brick front on all four sides of the Twenty-first Police District, and placing a pressed brick front on all sides, in place thereof. Warrants for the payment of the same to be drawn by the Mayor in conformity with existing Ordinances.

SECT. 2. That the time for completing said station house be and the same is hereby extended until the 1st day of June, A. D. 1873. All Ordinances or parts of Ordinances or resolutions to the contrary hereof notwithstanding.

APPENDIX No. 25.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Committee on Police, to whom was referred the bill entitled “An Ordinance to make an additional appropriation to the Police Department for the year 1873, would respectfully report that they have examined the matter, and are of the opinion, that at the present condition of the finances of the City, that it would not be justifiable to raise the salaries of the police, and the tax rates being fixed for 1873, there is no provision made for the extra expense. They, therefore, report the annexed resolution, and ask its adoption.

RESOLUTION

To discharge the Committee on Police from the further consideration of the bill to increase the pay of the police force.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Police be and they are hereby discharged from the further consideration of the bill entitled "An Ordinance to make an additional appropriation to the Police Department for the year 1873."

APPENDIX No. 26.

To the Common Council :

GENTLEMEN:—The Committee selected to try the matter of the petition of certain citizens of the Ninth Ward, contesting the seat of the sitting member of Common Council from that Ward, respectfully report :

That in pursuance to the order of Common Council, they met on Friday, the tenth day of January, 1873, at four o'clock P. M., and on other days to which the meetings were from time to time adjourned.

Your Committee have considered with great care the evidence submitted to them on the part of the contestant (the respondent not deeming it necessary to offer any testimony), and have given a full and patient hearing to the arguments of the respective counsels for the contestant and respondent.

The evidence submitted by the contestant was devoted to show or prove that the return in the Eighth Division had been changed so as to give the vote of Mr. Ligget to Mr. Horne, and Mr. Horne's vote to Mr. Ligget, thereby electing Mr. Ligget.

The officers of the election were examined, and the evidence was of such a contradictory character that your Committee deemed a greater portion of it as not worthy of belief. The Judge of the Eighth Division stated the return filed by him in the Prothonotary's office of the Court of Common Pleas, and signed by him, as such return was so

filed, that he did not attend the meetings of the Return Judges of that division, but went subsequently and got a copy of the return and struck out the vote of Mr. Ligget, as returned, and substituted the vote of Mr. Horne for Mr. Ligget, and struck out the vote of Mr. Horne and substituted the vote of Mr. Ligget; and the remaining election officers stated that the return was signed in blank, and they were not willing to qualify that the vote was the same as they wrote in the return, neither were they positive in their own mind what was the vote of Mr. Ligget, or the vote of Mr. Horne. Some of the officers also stated that other persons signed the return besides the officers, and your Committee are of opinion that the evidence is of such a conflicting character that they would not be justifiable in interfering with the right of the sitting member to his seat.

Your Committee, therefore, report that the contestants have failed to sustain the averments of their petition, and that Cyrus Horne, the sitting member, is entitled to the seat as member of Common Council from the Ninth Ward.

APPENDIX No. 27.

RESOLUTION

- Of request to the Board of Health.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Board of Health be requested to require the contractors for cleaning the streets, to clear the main streets, or such streets as they shall direct, of the snow which may accumulate therein, and impede regular travel; and if they cannot compel them to do it under their present contracts, that in all contracts made after the 1st

day of February, 1873, it shall be required of such contractors, that when the streets are so covered with snow as to interfere with regular travel, they shall in lieu of cleaning the streets, haul the snow from such of them as the Board of Health shall direct.

APPENDIX No. 28.

RESOLUTION

Of request to the Legislature and Governor.

Whereas, There are several bills now before the Legislature, such as street cleansing, opening and paving of streets, and exempting property from taxation, and the passage of such bills bring large outlays of money on the City, and often when the City Treasurer is not prepared to meet them :

Resolved by the Select and Common Councils of the City of Philadelphia, That we do most respectfully and earnestly request the Legislature not to pass any of those bills, as all such bills should properly come before the City Councils ; that Councils are always willing to consider any proper bills for the advancement and benefit of the tax payers of the City, as they are prepared to give such bills proper consideration when they are presented in due form, and will pass any bills when found beneficial to the City at large ; and we do respectfully request the Governor, if any such bills should pass, to withhold his signature from them, as the passage of such bills is very injurious to the welfare of the City of Philadelphia.

And that a copy of the above resolution be sent to the Speaker of each House, and also to the Governor.

APPENDIX No. 29.

To the Select and Common Councils
of the City of Philadelphia :

The Trustees of the Philadelphia Gas Works present the following report of their proceedings, and a statement of the financial condition thereof, the results of the business for the year 1872.

The semi-annual additions to the Sinking Funds, which the Trustees are required to invest by the several Ordinances, have all been made.

There has been expended since the last Annual Report :

For Works.....	\$227,387 28
“ Street mains.....	81,463 49
“ Services.....	109,581 07
	<hr/>
Making a total.....	\$418,430 84
From which deduct amount received on account of services.	27,499 64
	<hr/>
Leaving a balance of	\$390,931 20
	<hr/>

In addition to this \$65,775.47 has been paid out of the profits of the works on account of improvements, and charged to repair account for this year.

The capacity of all the works on January 1st, 1873, is as follows: 1345 retorts, yielding about 7,000,000 cubic feet in twenty-four hours, with a storage capacity of 7,500,000 cubic feet.

The quantity of gas manufactured during the year was 1,486,969,000 cubic feet, being an increase over the year 1871 of 147,997,000 cubic feet. The largest consumption in any twenty-four hours was on the night of the 24th of December, amounting to 6,625,000 cubic feet, being an increase over the largest of last year of 82,000 cubic feet.

The street mains laid during the year were 75,224 feet, making the entire length 585 miles.

The whole number of lamps on the 1st inst. was 9,023 ; 8,569 are supplied with gas from these works, 440 with gas from the Northern Liberties Works, and 14 with coal oil.

By reference to the Cashier's report herewith submitted, you will find the loans created by Councils from time to time, for the purchase of the works and the extension of the mains, amount to \$6,211,200; the amount paid from the Sinking Fund for Loans, 1, 2, 3, 4, 5, 6, 7 and 8, as they became due, was \$1,370,000, leaving the amount in the Sinking Fund in charge of the Trust for the payment of Loan 9, \$1,133,610.37.

The amount of loans and cash in the hands of the Commissioners of the Sinking Funds of the City for the redemption of Loans 10, 11, 12, 13, 14 and 15, is \$632,175.82.

The amount of loans unpaid on the 31st of December, 1872, was \$4,841,200, from which deduct the amount of loans and cash in charge of the Trustees and the Commissioners of the Sinking Funds, \$1,765,786.19, leaving a balance to be provided, amounting to \$3,075,413.81.

The amount of loans and cash in the hands of the City Treasurer, for the payment of \$450,000 of City loans (being the estimated value of the Spring Garden, Moyamensing, West Philadelphia and Frankford Gas Works), is \$294,089.61.

For the purchase of the Southwark and Moyamensing, Germantown, Manayunk and Richmond Gas Companies' stock—the Trustees have in the different Sinking Funds for the redemption of the same, the sum of \$112,377.10.

The accumulated profits amount to \$1,877,888.94, which is an increase of \$100,085.15, and has nearly all been expended in the permanent improvement of the works and laying mains.

The details of the manufacturing and the distributing operations of the year are fully given in the report of the Chief Engineer to the Trustees, which is herewith submitted for your information.

We also submit the average illuminating power of the gas made by the different works under our charge, for the last six months of the year, the same having been tested daily by Professors Robert E. Rogers and Lemuel Stephens, the former at the University of Pennsylvania, and the latter at the Girard College; the variations between their tests being less than three-tenths of a candle, the lowest average being given.

Average for July.....	16.20	Candles.
“ “ August.....	16.70	“
“ “ September.....	16.46	“
“ “ October.....	16.52	“
“ “ November.....	16.28	“
“ “ December.....	16.00	“
Average for the last six months, 16.36 candles.		

These tests are made in accordance with an Act of Parliament of Great Britain, defining the quality of gas. The conditions of which stipulate that tests shall be made with an Argand burner, having fifteen holes, and consuming 5 cubic feet per hour, using a seven inch chimney, the comparison of light made with a standard sperm candle, consuming one hundred and twenty grains of sperm per hour; the same illuminating power as given above, can be had by any consumer using the same burner. If an inferior burner is used, a corresponding light will be obtained. Many consumers wishing to economize, use a small burner, not thinking that by so doing, they have to use an additional number to get a proper light; for instance, a fish-tail burner, consuming one and a quarter feet per hour, gives the light of one candle; the same burner, consuming two and a half feet per hour, gives the light of two and three-fourths candles; one consuming three and one-half feet per hour, gives the light of six and one-half candles; one consuming four and a half feet per hour, gives the light of ten candles; one consuming five feet per hour, gives the light of twelve and one-half candles; one consuming seven feet per hour, gives the light of eighteen candles; therefore, in order to employ gas advantageously, the larger size burners should always be adopted, even when only the limited light of two or three candles is required. The large burner, when turned down to the proper degree, furnishes that light at a much more economical rate than the smaller kinds.

Loan No. 8, due January 1st, 1872, amounting to \$400,000, has all been paid except \$3,000, which has not been called for.

In conclusion, the Board desire to express their acknowledgments to the executive officers of the Trust, for the faithful manner in which they have discharged their respective duties.

By order of the Trustees,
NATHAN HILLES,
President.

Attest :—THOMAS NOBLE,
Registrar.

Engineer's Report.

To the Trustees of the
Philadelphia Gas Works :

GENTLEMEN:—I have the honor to present the Thirty-eighth Annual Report of the condition of the works, and the results of their operations for the year 1872.

The total quantity of gas made during the year was 1,486,969,000 cubic feet, being an increase in quantity over the year 1871 of 147,997,000 cubic feet, or 11 per cent., making the total product of the works since their erection, 16,739,299,000 cubic feet.

The amount manufactured at the different stations was as follows :

	Cubic feet.
Gas made at the Twenty-sixth Ward Works.....	616,497,000
Gas made at the Ninth Ward Works.....	670,268,000
Gas made at the Fifteenth Ward Works.....	139,142,000
Gas made at the Twenty-first Ward Works.....	61,062,000
Total.....	<u>1,486,969,000</u>

The maximum consumption in twenty-four hours was 6,625,000 cubic feet, which occurred on the 24th of December.

The maximum production of gas in twenty-four hours was 6,217,000 cubic feet.

The annexed statements show the quantity of materials used in the manufacture and purification of gas:

The number of meters and service pipes introduced during the year has been—

In Wards comprised in limits of old City.....	229
In Spring Garden and Penn.....	1,117
In Moyamensing.....	620
In Southwark.....	291
In Richmond.....	191
In Kensington.....	658
In Twenty-first Ward.....	123
In Twenty-second Ward.....	161
In Third Ward.....	190
In Twenty-fourth and Twenty-seventh Wards.....	317
In all.....	<u>3,897</u>

Adding these to total number before in use, makes the total number 73,690.

The applications for gas registered during the year have been—

At the Seventh street office.....	8,877
At the Spring Garden street office.....	5,230
At the Twenty-first Ward office.....	393
At the Twenty-second Ward office.....	408
At the Twenty-third Ward office.....	488
At the Twenty-seventh Ward office.....	1,015
In all	<u>16,411</u>

Deducting removals and discontinuances, amounting to 12,416, shows an increase of 3,995, which added to former number of consumers, make a total number now on the books of the Trust, 74,769.

The lights added during the year were—

In old City.....	11,000
In Spring Garden and Penn.....	22,865
In Southwark.....	3,155
In Moyamensing.....	4,970
In Richmond.....	1,882
In Kensington.....	7,717
In Twenty-first Ward.....	2,481
In Twenty-second Ward.....	2,988
In Twenty-third Ward.....	2,261
In Twenty-fourth and Twenty-seventh Wards.....	6,248
	<hr/>
	65,567
Previously in use.....	933,684
	<hr/>
Total.....	999,251
	<hr/>

There is now under the charge of the Trust 8,568 public lamps supplied with gas from these works, 441 from the Northern Liberties Works, and 14 with coal oil, making a total of 9,023.

75,224 feet of street mains were laid during the year, making the entire length of the mains belonging to the Trust 3,088,984 feet, or 585 miles.

The results obtained from the different works during the past year, have certainly proved more satisfactory than I had any reason to expect, when you take into consideration the strike of the men (450 in number) engaged in your retort houses, at the Twenty-sixth and Ninth Ward Works, which occurred on the 5th of June, with the particulars of which you are all familiar; and these men quitting their work on a few hours' notice, compelled you to either employ others to do their work or to submit to their unjust demands; the former course was decided on. The warm weather and impossibility to get a sufficient number of men accustomed to that character of work, made it necessary for a time to employ a larger number than that engaged in the strike, thereby largely increasing the labor account. They for a time failed to produce the proper amount of gas, not being able to keep the retorts heated to such a degree as to insure a perfect carbonization, increasing thereby the cost of manufacture, and reducing the average yield of gas per ton of coal carbonized for the year.

I am, however, perfectly satisfied that the additional expense is nothing to what it would have been had you acceded to their demands, which I have no doubt would have been followed by others more unreasonable.

The new works in the Ninth Ward are operating satisfactorily. The results now obtained are all that can be desired. An additional section of one hundred and fifty retorts were built, and have been in operation during the winter, making the entire number of retorts in use at this station, six hundred. The arches for another section have been erected, and will be ready for the reception of retorts when necessary.

The Twenty-sixth Ward Works are in good working condition. The same difficulty, however, has been experienced this winter as heretofore in getting the gas from the works during the period of maximum manufacture, the mains leading from the works being too small. I would recommend a complete suspension of operations some time during the coming summer, and a thorough cleansing of the under ground connections, which together with some alterations that can be made, will, I have no doubt, to a great extent remove the difficulty.

The Fifteenth Ward Works are in a fair condition. The buildings and apparatus, however, have been so long in use as to require annually a large expenditure to keep them in proper repair.

The Works in the Twenty-first Ward are in good working order, but have been taxed to their utmost capacity to manufacture enough gas to supply the demand from that rapidly growing district. Some provisions should be made either to increase the manufacturing capacity of the works, or to erect an additional holder, to be supplied with gas from the City works. The latter I am satisfied would be the most feasible and least expensive.

The gas holders located in different parts of the City (excepting the one at Point Breeze Works, only one section of which is in operation) are in good working order.

The amount of gas distributed from the holders at Ninth and Diamond streets, during the month of December, for the last five years, was as follows :

1868.	9,165,000	(one holder)	average per night.....	231,129
1869.	11,975,000	" "	" " ".....	386,290
1870.	32,565,000	(two holders)	" " ".....	1,050,485
1871.	34,080,000	" "	" " ".....	1,099,353
1872.	35,490,000	" "	" " ".....	1,144,838

An increase in five years of 913,709 cubic feet per night, or over 395 per cent. This increased consumption comes principally from the northeastern section of our City. As an evidence of this, the number of burners in use in the old districts of Kensington and Richmond, January 1st, 1868, and the number added each following year was as follows:

	Richmond.	Kensington.	Total.
Jan'y 1st, 1868	5,411	27,484	32,895
Added in 1868	687	2,717	
" " 1869	1,709	6,258	
" " 1870	1,906	6,650	
" " 1871	1,278	6,190	
" " 1872	1,882	7,717	
	<hr/> 12,873 <hr/>	<hr/> 57,016 <hr/>	69,889

Increase in five years 36,994, or over 112 per cent. These facts prove that some arrangement must soon be made to meet the rapidly increasing demand for gas from this district other than the present method. My impression is that the only true plan is to build a Works on the Delaware front. This is certainly a matter that should receive your early consideration.

The complaints of a poor supply of gas for the past year have been few, and have in almost every instance been from localities where the mains have been too small to pass a proper supply. I would respectfully recommend a thorough examination of the lines of distribution, and have no doubt such changes can be submitted for your consideration, that will, at a reasonable cost, remedy the evil and insure a good supply to those complaining.

The annexed tabular statements exhibit the operations of the Works for the past year, and for each preceding year.

It is with pleasure that I again bear testimony to the faithful manner in which the officers of the different departments have discharged the several duties.

Yours respectfully,

THOMAS R. BROWN.

The varied alterations and enlargements of buildings within the limits of the district have increased the demand for light, and the Trustees have at all times furnished an ample supply of excellent gas to all applicants. To meet the object, during the past year, it was necessary to put down main pipes to an extent unusual in the operations of this Company. More than fifteen hundred and fifty feet of mains were laid, of the dimensions of ten and twelve inch diameter, and four hundred and ninety feet, of the dimensions of three inch diameter. The expenses thus incurred, together with outlays for similar and other extensions of the Works, accumulating through a series of previous years, had exceeded the capital stock of the Company, and it became incumbent upon the Trustees to dispose of additional stock. Accordingly, in July last they sold for cash, at par, two thousand shares, making the present amount of capital stock four hundred and fifty thousand dollars. The Works generally are maintained in the best efficiency compatible with their age and primitive character; but they necessarily require large and continuous expenditures for repairs, beyond those required for the replacements of retorts and the material necessary to the preservation of the establishment. It is a matter of gratification to the Trustees that the consumers in all parts of the district evince perfect satisfaction both with the quality and quantity of the gas which they consume.

By order of the Board of Trustees.

WM. P. FODELL,
Secretary.

APPENDIX No. 37.

To the Common Council :

Your impeachment Committee in the matter of the impeachment of William Siner, report the annexed articles for their adoption and preferment to the Select Council.

JOS. L. CAVEN, *Ch'n*,

H. R. KNEASS,

WM. H. EHRET,

GEORGE E. HALL,

JOHN S. BISPHAM,

THOS. H. GILL.

ARTICLES OF ACCUSATION AND IMPEACHMENT against William Siner, a member of Common Council of the City of Philadelphia, in the Commonwealth of Pennsylvania, from the Sixteenth Ward of the said City, preferred by the said Common Council of the said City of Philadelphia, in their name and in the name of the people of the City of Philadelphia aforesaid.

ARTICLE 1. The said William Siner being a member of Common Council, and while such kept a gambling house in the City of Philadelphia, thereby rendering himself unfit for the association of Common Council.

ART. 2. The said William Siner being duly elected and qualified as a member of Common Council of the City of Philadelphia, in the Commonwealth of Pennsylvania, from the Sixteenth Ward of the said City, and then and yet being a member of said Common Council from said Ward, did at the time he was a member as aforesaid of said Common Council, to wit, on the fifth day of January, Anno Domini 1873, with force and arms unlawfully set up and establish, and caused to be set up and established, in a certain building within the said City of Philadelphia, and Commonwealth of Pennsylvania, a certain game of address and hazard, with a wheel board, balls, cards,

checks, and buttons, called "Keno," at and upon which money was then and there unlawfully played for, staked, and betted, against the laws of the Commonwealth of Pennsylvania, and the peace and dignity of the City of Philadelphia and the Commonwealth of Pennsylvania.

ART. 3. That the said William Siner being duly elected and qualified as a member of Common Council of the City of Philadelphia, in the Commonwealth of Pennsylvania, from the Sixteenth Ward of the said City, and then and yet being a member of said Council from said Ward, did at the time he was a member as aforesaid of said Common Council, on the day and year aforesaid, with force and arms within the said City of Philadelphia, unlawfully procure, permit, suffer and allow divers persons, whose names to the Common Council are yet unknown, to collect and assemble in a certain room within the said City, and then and there being in the possession and occupancy and under the control of the said William Siner, for the purpose of unlawfully playing at, and staking, and betting money upon a certain game of address and hazard, with a wheel, board, balls, cards, checks, and buttons, called Keno; and then and there in his said room the said persons to be and remain, unlawfully playing at and staking and betting money upon the said game, did procure, permit, suffer, and allow, against the laws of the Commonwealth of Pennsylvania, and the peace and dignity of the City of Philadelphia and Commonwealth of Pennsylvania.

ART. 4. That the said William Siner being duly elected and qualified as a member of Common Council of the City of Philadelphia, in the Commonwealth of Pennsylvania, from the Sixteenth Ward of said City, and then and there yet being a member of said Council from said Ward, at the time he was a member of said Common Council, to wit, on the day and year aforesaid, with force and arms within the said City of Philadelphia, unlawfully did keep and exhibit a certain gaming table establishment, device, and apparatus thereat and therewith, to win and gain money and other property of value by gaming, and did assist and permit others to do the same, against the laws of the Commonwealth of Pennsylvania, and the peace and dignity of the City of Philadelphia and Commonwealth of Pennsylvania.

ART. 5. That the said William Siner being duly elected

and qualified as a member of Common Council of the City of Philadelphia, in the Commonwealth of Pennsylvania, from the Sixteenth Ward of said City, and then and yet being a member of said Council from said Ward, was at the time he was a member as aforesaid of said Common Council, to wit, on the fifth day of January, Anno Domini 1873, in the City aforesaid, and within the City of Philadelphia and Commonwealth of Pennsylvania, arrested and charged with setting up in the second story of premises southeast corner of Tenth and Market streets, within the City of Philadelphia, games of hazard, with cards and other instruments, at which money was played for, and with keeping therein gaming tables and other devices to win money, against the laws of the Commonwealth of Pennsylvania, and the peace and dignity of the City of Philadelphia and Commonwealth of Pennsylvania, and thereby degrading his said office of Common Councilman, and bringing contempt upon Common Council of the City of Philadelphia.

ART. 6. That the said William Siner being duly elected and qualified as a member of Common Council of the City of Philadelphia, in the Commonwealth of Pennsylvania, from the Sixteenth Ward of said City, and then and yet being a member of said Council from said Ward, was at the time he was a member as aforesaid of said Common Council, to wit, on the seventh day of January, Anno Domini 1873, indicted in manner and form set out in the second, third, and fourth articles, and for the causes therein particularly stated, thereby degrading his said office of Common Councilman, and bringing contempt upon Common Council of the City of Philadelphia.

ART. 7. That the said William Siner being duly elected and qualified as member of Common Council of the City of Philadelphia, in the Commonwealth of Pennsylvania, from the Sixteenth Ward of said City, and then and yet being a member of said Council from said Ward, after being indicted as set forth in Article 6, and at the time he was a member as aforesaid of said Common Council, to wit, on the eighth day of January, Anno Domini 1873, absconded and fled from the jurisdiction of the Court, so that said indictment so found against him could not be tried according to law, by a jury of his own countrymen, and thereby, if he was innocent, maintained his innocence of the charge,

and by so absconding, degrading his said office of Common Councilman, and bringing contempt and disgrace upon the Common Council of the City of Philadelphia.

And thereby the said Common Council, by protestation, saving to themselves the liberty of exhibiting at any time hereafter any other accusation or impeachment against the said William Siner, Common Councilman aforesaid, from the Sixteenth Ward of the said City, and also of replying to the answers which he, the said William Siner, Common Councilman aforesaid, shall make unto the said articles, or to any or either of them, and of offering proof of the said premises or of any of them, or of any other accusation or impeachment which shall or may be exhibited by them as the case shall require, do demand that the said William Siner, Common Councilman aforesaid, may be put to answer all and every of the premises, and that such proceedings, examination, trial, and judgment, may be against and upon him had, as are agreeable to the constitution and laws of this Commonwealth. And the said Common Council are ready to offer proof of the premises at such time as the Select Council of the City of Philadelphia shall appoint.

APPENDIX No. 48.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the communication of the Chief Engineer and Surveyor, together with an Ordinance authorizing the appointment of an assistant engineer for Girard Avenue Bridge, and making an appropriation therefor, respectfully report that they have considered the subject, and find that this is usual in all cases of work of such great importance ; that it is necessary in order to secure the proper inspection of the work, to have an engineer entirely independent of the contractor, who will be constantly on the work, inspecting and directing it, and keeping the record of all material delivered and work done, so as to protect the City in making out the monthly estimates of the Chief Engineer and Surveyor, upon which payments have to be made. We return the Ordinance with a favorable recommendation, and ask its adoption.

AN ORDINANCE

Authorizing the appointment of an assistant engineer for Girard Avenue Bridge, and making an appropriation therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Engineer and Surveyor be and he is hereby authorized to appoint a temporary assistant engineer, for services in the construction of the bridge over the river Schuylkill at Girard avenue, at a salary not exceeding one hundred and fifty dollars per month.

SECT. 2. That the sum of five thousand dollars be and the same is hereby appropriated for engineering expenses during the erection of said bridge, to be paid out of the loan for the building of a bridge over the river Schuylkill, at Girard avenue, approved October 14th, 1872, in warrants drawn by the Chief Commissioner of Highways.

APPENDIX No. 49.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the communication submitting a statement of the alterations in Girard Avenue Bridge, suggested by the Chief Engineer and Surveyor, in accordance with a resolution of Councils, approved January 4th, 1873, respectfully report that they have examined the modified design prepared by the Chief Engineer and Surveyor. The location of the piers and elevation of the bridge is such as not to interfere with navigation. The shore spans of 137 feet on each side, will furnish an uninterrupted line for the Park drives and walks, with 18 feet clear head-room for carriages. The abutments are changed in design, to be faced with granite, and increased in length, making them more substantial and imposing. What we consider as a great advantage and addition to the convenience and accommodation of the bridge, is the introduction of arched openings in the sides of the main abutments, so

that a footway can be made on the lower chord, affording facilities to pedestrians to cross the shore drives in perfect safety, and placing the river walks in easy communication, without mounting to the top of the bridge. But the most important advantage of this arrangement will consist in the perfect security with which pedestrians can walk under the carriage way in crossing the line of the drive, which will be divided for seven lines of carriages, though it would be otherwise almost impossible to pass.

The correspondence of the Chief Engineer and Surveyor with Messrs. Clark, Reeves & Co., was read, in which the latter agree to make the changes without additional cost.

We present the following resolution, and ask its adoption.

RESOLUTION

Approving changes in the design for Girard Avenue Bridge.

Resolved by the Select and Common Councils of the City of Philadelphia, That the dimensions suggested by the Chief Engineer and Surveyor, and embraced in design for Girard Avenue Bridge, marked S. L. S., No. 1, on file in the Department of Surveys, be and the same are hereby approved, as follows:

1. The centre of the west pier to be 107 feet from the old abutment.

2. The three river spans to be each 197 feet, with a single river span on each shore of 137 feet.

3. The truss to be of a uniform depth of 23 feet, and the shore drive under the bridge to have 18 feet in the clear.

4. The elevation of deck at the centre of bridge to be $58\frac{9.2}{100}$ feet above the datum, with a rise of .0025 to the eastward, and a fall of .006 to the westward; drainage to be provided at the piers.

5. The roadway to be 67 feet and 6 inches between curbs, and the sidewalks each 16 feet 3 inches; the road to be divided into seven tramways.

6. The lateral ties to be all made in the interior trusses, so as to leave an unobstructed space between the outer lines, which shall be arranged for laying a floor for footways on the lower chord, if desired.

7. The abutments to be built according to design (marked S. L. S., No. 1), with south retaining walls faced with granite, and extending at both ends 67 feet 6 inches from the face of the abutment, above the bridge seat.

APPENDIX No. 50.

RESOLUTION

Of request to his Honor the Mayor.

Whereas, The Governor of the State of Delaware, by the authority of the State Legislature, has appointed three Commissioners to meet a like number of Commissioners to be appointed by the Governor of the State of New Jersey, for the purpose of adjusting the boundary line between the two States, as well as to ascertain and settle the dispute now existing, as to the fishery rights of the respective States; therefore,

Resolved, That the Mayor be and he is hereby requested to extend to the said Commissioners, a cordial invitation to meet in this City, and that they be permitted to hold their sessions in Select Council Chamber, and at such other places as he may designate.

Resolved, That a copy of this preamble and resolution be forwarded to the Governor of each of said States, and to each of said Commissioners.

APPENDIX No. 51.

RESOLUTION

To appoint a Joint Special Committee to act in conjunction with the Board of Trade.

Resolved by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of five (5) be appointed to act in conjunction with those already appointed by the citizens and merchants, requesting the Governor not to sign the bill granting the Union Passenger Railroad certain privileges.

APPENDIX No. 52.

RESOLUTION

Of request to the City Solicitor.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be requested to furnish, from the records of his office, for information of Councils:

1. The number of suits brought by boatmen against the City, in the District Court of Philadelphia, for detention in the Schuylkill river in 1869.

2. The number of suits tried; the dates of the trial and the amount of the verdict and judgments in each case tried.

3. The number of writs of error taken to the Supreme Court, and the results of such as have been determined; and the number now pending in the Supreme Court.

4. The amount of the claim against the City by the boatmen in these suits.

5. The expenses paid by the City in relation to these suits, including counsel fees, costs, survey maps, &c., showing the actual cost to the City of the litigation.

APPENDIX No. 53.

RESOLUTION

To appoint a Joint Special Committee.

Resolved by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of three (3) of each Chamber be appointed to act in conjuncture with similar committees already appointed by the citizens, for the purpose of more effectively impressing on the mind of his Excellency Governor Hartranft, the great public wrong involved in the recent supplement to the charter of the Union Passenger Railway Company now before him, authorizing said company to lay additional tracks of railway on Market street, from Ninth (9) to Front street.

APPENDIX No. 54.

AN ORDINANCE

To grant permission to the Central Market Company of Philadelphia to construct four cast iron ventilators.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That permission be and the same is hereby granted to the Central Market Company of Philadelphia to construct on the pavement on the curb line in front of their market building, on Market street, near Seventeenth street, four cast iron ventilators: *Provided,* That twenty-five dollars be paid to the City Treasurer for publishing this Ordinance.

APPENDIX No. 55.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—In conformity with the provisions of the Ordinance creating the Fire Department, the Board of Commissioners beg leave to submit this their second annual report of the condition and operation of the Department for the year ending December 31st, 1872. Annexed thereto is a statement in detail of the expenditures, rolls of the several companies, the apparatus, and material owned by the City and under the charge of this Department, together with a statement of fires and alarms which have occurred during the past year, with the losses and insurances on the property exposed, and other matters of such general character, as will tend to a correct knowledge of the workings of the Department, and some suggestions that we deem of importance to its future success.

The actual expenditures of the Department for the past year have been four hundred and seven thousand seven hundred and thirty-seven (407,737) dollars and forty-five (45) cents. Deducting from this amount more than one-half, which has been paid for salaries and heavy outlays for apparatus, hose, horses, etc., etc., the running expenses will not seem so heavy, when we take into consideration the immense territory which the Department is compelled to protect, and the steady service the apparatus must render. During the year there have been purchased five steamers, twenty-two hose carts, twenty thousand feet of hose, and three hand engines, thus materially strengthening the Department. The expenditures for repairs, although seemingly large, are, we think, reasonable, when we consider the advantages it has given the Department in the extinguishment of fires. Our comparative freedom from serious conflagrations, is no doubt owing to the adoption of the best appliances we can find for the speedy suppression of fires, and to this end we have taken advantage of every improvement which we think would be of service in that direction.

The different properties occupied by the Department are,

we think, scarcely suited to the purposes for which they are used. The Commissioners were, in a manner, compelled to adopt the different localities, more in order to a correct distribution of apparatus than to the fitness of the different properties for the purposes for which they were required. Illy ventilated, and without sufficient room, we are compelled to do the best we can under the circumstances, until some more commodious and comfortable quarters are obtained.

The past year has been a strange and eventful one in the history of horses. The epizootic traversed the entire North American continent, and Philadelphia did not escape its ravages. Scarcely a horse in the entire City passed the ordeal unscathed, and the animals connected with the Department came in for their share of the suffering, but owing to the great care exercised by those having them in charge, but three died from the effects of the scourge. For the greater part of a month the men dragged the apparatus by hand to fires, and labored uncomplainingly under serious disadvantages, but through the intervention of Providence no serious losses occurred, and the Commission have reason to congratulate the citizens in passing an emergency which might have been productive of serious disaster to the entire community.

The number of horses in the Department is ninety-nine (99); there have been purchased during the year, forty-seven (47); during the same period, nine (9) have died, and there have been twenty-nine (29) sold by direction of the Board, and the proceeds, three thousand and three (3,003) dollars and twenty-five (25) cents, together with two hundred and seven (207) dollars from sale of manure, and three hundred and sixty-two (362) dollars and twenty-nine (29) cents from sale of useless material, making in all the sum of three thousand five hundred and seventy-two (3,572) dollars and fifty-four (54) cents, paid over to the City Treasurer.

The Alarm Telegraph as an arm of the Fire Department cannot be overestimated. With the wires permeating every section of the entire City, and an adequate number of alarm boxes, comparative safety would be insured and many serious conflagrations avoided. The vast area of the City demands immediate attention to the matter; in

the rural districts alarm boxes are almost unknown, yet residents there expect in case of need the assistance of the Department. In the built up portions of the City, whole miles must sometimes be travelled before a box can be found, and an alarm transmitted. Should the fire attain any headway before discovered, it can be readily imagined the loss of property incurred ere the Department can be called into service, and what probably might have been a trivial fire, if arrested in time, may involve the loss of hundreds of thousands of property. We should consider that the City is constantly spreading, and the protection afforded the City ten or fifteen years ago is totally inadequate now. This is only too true, and we urgently call on Councils to seriously consider the matter, and scatter at least double the number of alarm boxes over the City.

The Board desires to call the attention of Councils to the water supply afforded the City in case of fires. Those conversant with the capacity of the different mains to supply the steam fire engines, will join with us in saying that the mains are so small as to supply but a very limited number of engines, and at many points so small that there is scarce a supply for one steamer. At least a uniform size of pipes should be used to convey the water from the reservoirs. In explanation, we would observe that it frequently happens, that to a twelve inch main is attached a six inch, and to the six inch again is attached a ten inch main. We would suggest that larger pipes be laid in the densely built up portion of the City, occupied by the trading and mercantile community, and of a uniform size. It is hard to conceive why such different sized connections were made, nor need we inquire. Our object is accomplished by noticing the fact.

As our City increases in area and population, our mercantile and manufacturing interests necessarily demand more enlarged accommodations. Hence, when an antique structure, is demolished, beautiful and commodious warehouses and stores are erected on the site, six, seven and even eight stories in height. This appears to be the rule in Philadelphia. To reach this extreme altitude in cases of conflagrations, the ladders used in the fire service are altogether inadequate. What is required, is a movable apparatus, with ladders sufficiently long, and combining strength to

bear the weight of men and hose to reach roofs of modern built warehouses. There have been numerous specimens examined by the Board of Commissioners, but as yet, none have appeared with sufficient merits to warrant adoption. We are in hopes that at an early day, some ingenious apparatus will be contrived to remedy this deficiency.

In conclusion, the Commission desire to avail themselves of this opportunity to express their sincere thanks to the Committee on Fire Department, for their earnest co-operation in all matters tending to the success of the Department.

Report of Chief Engineer.

PHILADELPHIA, *January 1, 1873.*

To the President and Members of the
Philadelphia Fire Commission :

GENTLEMEN:—In accordance with the requirements of the 11th section of the Ordinance, approved on the 29th day of December, 1870, creating and reorganizing the Fire Department of the City of Philadelphia, I have the honor to submit this the second annual report of the present condition and efficiency of the department in my charge, embracing a statement in detail of the number of fires, and the causes of such fires, the losses and insurances for the year, as near as has been possible to obtain them ; also, a full and complete list of all the employees attached to the department, with their names, rank, age, residence and occupation, with a schedule of property held in charge by the different companies on the first day of January, 1873.

The department as now organized, consists of—

Twenty-four foremen of engine companies.

Five foremen of hook and ladder companies.

Twenty-four engineers of companies.

Twenty-four firemen of companies.

Twenty-nine drivers of companies.

Five tillermen of companies.

One hundred and twenty-nine temporary hose and ladder-men.

One hundred and thirteen permanent hose and ladder-men.

They are divided into twenty-nine companies, as follows :

Twenty-four engine companies, and five hook and ladder companies.

There is also a hand, engine, hose carriage, hose, and all necessary paraphernalia at each of the following locations, viz.: Chestnut Hill, Roxborough and Kingsessing.

There are also in the department, two engines and one hook and ladder truck, used as substitutes, and ninety-nine horses in service of the department.

Fuel Wagons.

There are four fuel wagons in the department, each capable of carrying one ton of engine coal and one-half cord of wood, to be used in case of large fires, when more fuel is required than is carried by the engines.

One stationed at head-quarters, No. 1125 Cherry street.

One stationed at station "E," Twentieth street below Pine.

One stationed at station No. 6, Allen street below Frankford road.

One stationed at supply depot, Pine street above Second.

Fires.

The accompanying statement shows that the whole number of fires during the year was seven hundred and seventeen (717), with a loss of property estimated at two million three hundred and sixty thousand eight hundred and twenty (2,360,820) dollars, which, by a comparison with the previous year, shows an increase of one hundred and ninety-four (194) fires, and an increased loss to property of one million eighty-five thousand six hundred and seventy-seven (1,085,677) dollars. The losses, as nearly as could be ascertained, are covered by insurances, amounting to seven million two hundred and fifteen thousand (7,215,000) dollars. For particulars I would refer to statements annexed.

Casualties.

It becomes my painful duty to record the following casualties that have occurred in the department during the past year, resulting in the maiming of some, and the death of others, of its members.

Deaths.

David Humphreys, assistant engineer of the department, killed while in the performance of duty, by the breaking of a ladder at the fire No. 132 Dock street, on the afternoon of November 30th.

George W. Wolf, ladderman attached to Hook and Ladder Co. "A," killed by being thrown under truck while proceeding on an alarm of fire on December 8th, the wheels passing over his body.

Accidents.

William H. Dankel, assistant engineer of the department, severely burned about the face, hands and body by the explosion of gasoline oil at the fire on Lombard street below Seventh, on September 3d.

James Patterson, foreman Engine Co. No. 1, collar bone broken, caused by ladder breaking upon which he was at work, at the fire No. 132 Dock street, November 30th.

William J. Simpson, fireman of Engine Co. No. 3, severely injured by falling from roof at the fire at Simmons' & Slocum's Opera House, March 20th.

David S. Bennett, hoseman attached to No. 3 Engine Co., received compound fracture of left arm, caused by falling walls, at Jayne's Dock street building fire, May 20th.

George Devitt, hoseman attached to No. 3 Engine Co., received slight injuries at the same fire.

James P. Love, hoseman attached to No. 4 Engine Co., burned on face and neck, caused by ceiling falling on him at the fire at Jayne's Chestnut street building, March 4th.

Henry Entriken, hoseman attached to Engine Co. No. 4, severely burned about the face and body by the explosion of gasoline oil at the fire on Lombard street below Seventh, September 3d.

John W. Hodges, engineman attached to Engine Co. No. 6, received severe injuries to toes, by suction coupling falling on them at the fire at Adam and Coral streets, March 9th.

John Leatherbury, hoseman attached to Engine Co. No. 6, sustained fracture of knee, caused by ladder falling on him at the fire on Front street below Vine, July 1st.

Hugh Hatton, engineman attached to Engine Co. No. 7, had ankle bone fractured, caused by overturning of hose carriage while answering an alarm of fire near Montgomery county, February 10th.

Jacob Peterman, hoseman attached to Engine Co. No. 9, had leg broken and shoulder dislocated, caused by being

thrown from hose carriage while proceeding to the fire at Brezeski's dye works, Wister street, January 18th.

John B. Maxwell, foreman attached to Engine Co. No. 9, severely injured about head at same time and place.

Thomas Brooks, hoseman attached to Engine Co. No. 9, received slight injuries at same time and place.

Levi Wilson, hoseman attached to Engine Co. No. 10, severely burned about the face and body by the explosion of gasoline oil at the fire at Brodgen's grocery store, No. 637 Lombard street.

Andrew McGough, hoseman attached to Engine Co. No. 11, received injuries to knee, caused by falling from ladder at the fire at school house, Locust street below Fifteenth, March 14th.

William Robertson, hoseman attached to Engine Co. No. 11, leg broken, caused by being thrown from hose cart while proceeding on an alarm from box 14, March 24th.

John C. Jeffers, foreman Engine Co. No. 17, and James McGauhey, hoseman at same station, injured by an explosion of coal oil at the fire No. 16 North Wharves, June 28th.

Penrose Cook, hoseman attached to Engine Co. No. 20, received injuries to foot, at the fire at station house, Eighth and Locust streets, January 1st; also, burnt severely about face at the fire, 16 North Wharves, June 28th.

Louis C. Lindsay, burnt about face and hands at the fire at Simmons' & Slocum's Opera House, March 20th.

Wm. H. Hill and Patrick Carr, hosemen attached to Engine Co. No. 21, injured at the fire at Simmons' & Slocum's Opera House, caused by hose pipe, March 20th.

George Mende, hoseman attached to Engine Co. No. 21, wrist broken and head badly cut, caused by being run over by No. 20 hose cart, while making attachment to steamer at the fire on Ninth street, above Poplar, October 19th.

George W. Fletcher and James Dealy, hosemen attached to Engine Co., No. 22, severely injured by falling walls at Jayne's Dock street building fire, May 20th.

John T. Watson, hoseman attached to Engine Co. No. 22, received compound fracture of both legs, caused by falling from roof of building, N. W. corner Third and Cypress streets, June 23d. His left leg has since been amputated.

Alfred C. Gohr, hoseman attached to Engine Co. No.

22, received injury to leg, caused by breaking of ladder at the fire, No. 132 Dock street, November 30th.

Martin M. Pettit, ladderman attached to Truck "C," collar bone broken, caused by falling through a hatchway, at the time of fire at distillery on Front street, below Vine, July 1st.

To add to the efficiency of the present department, and for the better protection of exposed neighborhoods, I recommend a steam fire company be organized and located in the vicinity of Seventh street and Girard avenue; one hook and ladder company to be organized and located in West Philadelphia; and two light-built hook and ladder trucks, one to be located in connection with No. 7 or 14 Engine Co., at Frankford; and one to be stationed at No. 12 Engine Co., Manayunk.

During the year 1872, there has been a noted advance in the efficiency and discipline of the members of the department. The officers and members of the various companies deserve the highest praise for the promptness with which they have performed every task, no matter how severe, and for the universal spirit they have shown toward keeping up the credit of the Fire Department, and gradually winning the good-will and esteem of the well-meaning citizens of this great City.

They have behaved as true firemen and good citizens, and have acted with but one object in view, that being the protection of life and property from destruction by fire.

The workings of the department have been greatly accelerated by the intelligent and prompt manner with which Assistant Engineers David Humphreys, William F. Mooney, J. H. Stephens, Edwin J. Cress, and William H. Dankel have performed their duties.

In closing this report, I desire to return my thanks to Captain T. McCusker, of the Fire Insurance Patrol, and to the efficient and ever active body of men attached to that organization, who have at all times rendered valuable assistance to the department.

I also bear testimony to the valuable services of Harrison G. Clark, our efficient Fire Marshal.

My thanks are also due to the Chief of Police Kennard H. Jones, and his subordinate officers, for the invaluable services they have rendered at fires, in keeping the streets

free, so that the firemen could have a fair chance to work and act efficiently.

William J. Phillips, the able Superintendent, and David R. Walker, his assistant, of the Fire-Alarm and Police Telegraph, and operators connected with the department, I have found them to be accommodating officers, always anxious to facilitate the operations of the Fire Department.

And to the President and members of the Fire Commission, I offer to each of you my thanks for the many acts of kindness done, and valuable suggestions offered to me in our official relations; and I only trust that my humble efforts to protect the property of my fellow-citizens may merit the favor I receive, and the confidence which has been so fully accorded me.

Respectfully submitted,

WILLIAM H. JOHNSON,

Chief Engineer of the Philadelphia Fire Department.

AN ORDINANCE

To create and organize a Paid Fire Department for the City of Philadelphia, and to make an appropriation therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Fire Department shall consist of seven Fire Commissioners, one Chief Engineer, five assistant engineers, and as many foremen, enginemen, hosemen, hook and ladder men, and other persons, to be divided into companies, as the number of engines and other fire apparatus belonging to the City shall from time to time require.

SECT. 2. The said Fire Commissioners shall be citizens of Philadelphia, of good character, not under thirty years of age, who shall serve without compensation, and be elected as follows: Three by Select Council and four by Common Council, on the last stated meeting in December, 1870. The said Commissioners, when elected, shall draw for their respective terms of office, three for the term of two years and four for the term of four years, and every second year thereafter, at their first stated meeting in the month of February, there shall be elected in the same manner three or four persons, as the case may be, by the Select or Common Council, in which the vacancy may occur, to serve for the term of four years. The minority in each Chamber shall at all times be represented by one member in the said Board of Fire Commissioners. The said Commissioners to hold their offices until their successors are duly elected and qualified.

SECT. 3. That in case of death, resignation, disqualification or removal of, or the neglect or refusal to perform the duties incumbent upon their offices by any or all of said Commissioners, the Councils shall proceed at once to fill such place or places by a new election, as above provided, and for the unexpired term.

Organization.

SECT. 4. That the said Fire Commissioners shall proceed at once to organize a department, to consist of not exceeding twenty-two steam fire engines and five hook and ladder companies, and thereafter such number of companies as they may from time to time be authorized and directed by

Councils. They shall have the appointment of and entire control over all officers and employees, and of the property of the Fire Department, and shall be held strictly accountable therefor to Councils, by whom, upon conviction of dereliction of duty, malfeasance in office, or violation of any of the provisions of this Ordinance, after a hearing before the Joint Committee on Fire Department, they shall be removed from office.

Stated Meetings.

SECT. 5. The said Fire Commissioners shall hold at least two stated meetings monthly, and keep a correct record of all their proceedings, subject at all times to the inspection of the Mayor and Councils, or their Committees, and shall annually, in the month of January, prepare an accurate report to Councils of the state of the department. They shall have authority, in conjunction with the Committee on Fire Department, to fit up and appropriate to their use and that of the engineers, suitable rooms as offices, the necessary expense of which shall be defrayed out of the funds appropriated for the use of the department, and the President of the Commissioners shall have authority to draw warrants upon the City Treasurer for such sum or sums of money as they may from time to time require, not exceeding the appropriations by Councils: *Provided*, That all bills for expenditures shall first be submitted to and approved by the Committee on Fire Department. They shall have power to suspend or expel any member of any fire company, and to reorganize any company, and they shall also adopt a suitable uniform to be worn by the officers and men. The said Fire Commissioners shall also have authority to make such rules and regulations for the government, discipline and good order of the department and for the extinguishment of fires, as they may think necessary and expedient: *Provided*, Such rules and regulations be not inconsistent with any Ordinance of Councils. All meetings of the Fire Commissioners shall be open to the public.

Election of Officers.

SECT. 6. That on the third day of January, 1871, the Fire Commissioners, as herein provided for, shall meet and organize, and elect from their number a President. They shall

also elect a Secretary and Messenger, who, by virtue of their offices, shall be members of the Fire Department. The Secretary shall also perform the duties of clerk to the Chief Engineer, and the Messenger shall also be messenger to the Chief Engineer. The said Fire Commissioners shall also give public notice by advertisement, in at least three newspapers, for one week, that they are prepared to receive applications for membership in the Fire Department, and proposals for the sale or lease to the City, of such fire apparatus, houses, horses and other property needed by them for the purposes of the department.

Qualifications of Officers and Members.

SECT. 7. All officers and members of the Fire Department shall be persons of good moral character, and shall retain their respective positions for and during good behavior, and for such times as they perform their duties harmoniously with their associates and satisfactorily to the Fire Commissioners. They shall not be subject to removal on account of any political, religious or other sentiments entertained by them, so long as such opinion or sentiment does not interfere with the faithful and efficient discharge of their duties as members of the Fire Department.

Salaries.

SECT. 8. That the salaries of the officers and employees of the Fire Department shall be as follows:

Chief Engineer, two thousand five hundred (2,500) dollars per annum.

Secretary of the Fire Commissioners and Clerk of the Chief Engineer, twelve hundred (1200) dollars per annum.

Messenger of the Fire Commissioners, eight hundred (800) dollars per annum.

Assistant Engineers, each, one thousand two hundred (1,200) dollars per annum.

Enginemen, each, one thousand (1,000) dollars per annum.

Firemen, each, eight hundred (800) dollars per annum.

Tillermen and driver, each, seven hundred and fifty (750) dollars per annum.

Foremen, each, four hundred and fifty (450) dollars per annum.

And the hose and hook and laddermen, each, three hundred and sixty (360) dollars per annum.

And all the said salaries shall be payable monthly.

Agreement of Appointee.

SECT. 9. Every officer and member of the Fire Department shall before entering upon his duties, sign the following agreement, to be deposited with the Fire Commissioners:

"I, A. B., having been appointed a member of the Philadelphia Fire Department, hereby agree to abide by all the Ordinances of the Councils and rules and regulations of the Fire Commissioners relating thereto."

Any officer or member who shall neglect or refuse to sign the same, shall not be entitled to receive any compensation whatsoever.

SECT. 10. No person under twenty-one years of age shall be an officer or member of the Fire Department, nor shall any person be an officer or member who is not a legal voter in the City of Philadelphia; and no person holding office of any kind under the United States, Commonwealth of Pennsylvania, or the City of Philadelphia, shall hold any office created by this Ordinance.

The Chief Engineer.

SECT. 11. The Chief Engineer shall have the sole command at fires over the assistant engineers, officers and members of the Fire Department, and all other persons who may be present at fires. He shall direct all proper measures for the extinguishment of fires, protection of property and preservation of order. It shall be his duty to examine into the condition of all the fire apparatus and houses connected therewith, as often as the Fire Commissioners or Councils may require, and whenever the engines or other apparatus shall need alterations or repairs, he shall report the same to the Fire Commissioners, who shall cause the same to be made. He shall transmit to the Fire Commissioners all returns of officers, members and companies, keep fair and exact rolls of the respective companies, specifying the time of admission and discharge, and name, age, occupation and residence of each member. He shall annually, in the month of January, and oftener, if required

by the Fire Commissioners or Councils, report to them of the condition of the houses, fire apparatus and other property of the department, together with the names of the officers and members of the various fire companies; the number of fires since last report, the causes thereof, and extent of damages, as near as can be ascertained.

SECT. 12. In the absence of the Chief Engineer, an assistant engineer, to be designated by him, shall execute the duties of his office with full powers.

Force of Engine Company.

SECT. 13. Every engine company shall have one engine-man, one fireman, and one driver, who shall be permanently employed, and who shall at all times be in and about the engine house, except when unavoidably absent; and shall also have one foreman and eight hosemen.

Force of Hook and Ladder Company.

SECT. 14. Every hook and ladder company shall have one driver, and one tillerman, who shall be permanently employed, and who shall at all times be in and about the truck house, except when unavoidably absent; and shall also have one foreman and ten members.

Property of Engine Company.

SECT. 15. The property of each engine company shall consist of not less than one steam fire-engine, one hose-carriage, one thousand feet of hose, together with such other apparatus for effectual service as the Fire Commissioners shall deem necessary, and four horses. The use of said horses shall be controlled by the foreman of each of the several companies, subject to the approval of the Chief Engineer, in such manner as his judgment may dictate.

Property of Hook and Ladder Company.

SECT. 16. The property of each hook and ladder company shall consist of not less than one ladder truck and all necessary ladders and implements, and two horses.

Their powers as Police Officers.

SECT. 17. The Fire Commissioners, Chief and assistant engineers and the foreman of companies be and they are hereby authorized to exercise the powers of police officers in going to, while at, and returning from any fire that may occur or alarm be given.

Extra Men.

SECT. 18. Each engine company may have extra men, not exceeding four in number, and each hook and ladder company not exceeding six. They shall not be entitled to pay, except when ordered on duty in the place of absentees, when they shall receive the same pay, to be deducted from the monthly salary of such absentees. Said extra men shall be furnished by the Commissioners with hat and badge without charge therefor; in case of a vacancy in the company to which they are attached, they shall if worthy and competent, be eligible to promotion to fill the same.

Vacation.

SECT. 19. The Fire Commissioners may grant to any officer or member of the department, if they deem it compatible with the interests of the department, a vacation, not exceeding two weeks in any one year, upon such terms as they may think expedient.

Fire-Alarm Boxes.

SECT. 20. The Fire Commissioners shall have power to remove such of the fire-alarm signal boxes as may not be needed, and locate the same and such others as they shall deem necessary, and they shall also make such modifications in said boxes and the manner of giving alarms of fire as they shall consider requisite and necessary for the efficient working of the Fire Department: *Provided*, The same be done under the supervision of the Department of the Fire-Alarm and Police Telegraph.

Suspension or dismissal of Companies.

SECT. 21 The present Fire Department is hereby placed under the direction and control of the said Fire Commissioners, subject to their rules and regulations; and they shall have full power and authority to suspend any company or companies from active service, for violation of the same, or dismiss them from the Fire Department. The present chief and assistant engineers are hereby directed to report to and obey the rules and regulations of said Fire Commissioners; and whenever they shall deem the services of the said chief and assistant engineers no longer necessary, their term of office shall cease.

Lease.

SECT. 22. That the Fire Commissioners are hereby authorized, if they deem it advisable, to lease upon such terms and for such length of time not exceeding three years, as they shall think necessary and expedient, or purchase such of the apparatus, houses and other property of the present fire companies as will insure the immediate and efficient service of the department.

Unlawful Interference.

SECT. 23. That it shall not be lawful for any person or persons to injure, deface, or in any manner destroy any of the fire apparatus, or property of the same, or any police or fire-alarm telegraph box or wire, or hinder or obstruct any engine or hook and ladder company, or any members thereof or officers of the department, from freely passing along the streets of the City, to or from a fire, or in any manner hinder or prevent any of the said fire companies, or any member or officer of the department, from operating at any fire.

False Alarms.

SECT. 24. That it shall not be lawful for any person or persons, knowingly to give or cause to be given any false alarm of fire by means of the telegraph signal boxes.

Keys to Houses.

SECT. 25. That it shall not be lawful for any person or persons, without the consent and authority of the Fire Commissioners, to have in his or their possession, use or make, or cause to be made or used, any key or keys to any fire engine, hook and ladder house, or telegraph signal box; nor shall any person or persons not a member or officer of the Fire Department, use or wear part of the uniform determined upon by the Fire Commissioners, without their permission first had and obtained.

Fines and Penalties.

SECT. 26. Any person or persons violating any of the provisions of Sections 23, 24, and 25 of this Ordinance, shall suffer and pay a fine not less than five dollars nor more than one hundred dollars, for the use of the City. Such fine to be recoverable as like penalties are now by law recoverable.

A SUPPLEMENT

To the Ordinance entitled "An Ordinance to create and organize a Paid Fire Department for the City of Philadelphia, and to make an appropriation therefor," approved the twenty-ninth day of December, 1870.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That all appointments by the Fire Commissioners under the provisions of the Ordinance to which this is a supplement, shall be subject to confirmation by Select Council.

The Fire Commissioners shall transmit to Select Council the name, age, residence and occupation of each and every person appointed by them as an officer or member of the Fire Department, within one week from the date of such appointment, and the City Controller shall not countersign any warrant for the payment of the salary of any person so appointed, until after his confirmation as herein provided.

A FURTHER SUPPLEMENT

To the Ordinance entitled "An Ordinance to create and organize a Paid Fire Department for the City of Philadelphia, and to make an appropriation therefor," approved December 29th, A. D. 1870.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Fire Department of the City of Philadelphia be increased by the addition of five engine companies; and a hand engine and five hundred feet of hose and one hoseman to be stationed at Kingsessing, in the Twenty-seventh Ward; and a hand engine and five hundred feet of hose and one hoseman to be stationed at Chestnut Hill, Twenty-second Ward; and a hand engine and four hundred feet of hose to be located at Bridesburg, Twenty-fifth Ward; and a hand engine and five hundred feet of hose to be stationed at Roxborough, in the Twenty-first Ward, one hoseman, with the same pay as hosemen are allowed by this Ordinance, to consist of the same number of officers and men, and with the same apparatus and property for effectual service, except the hand engine, as the companies now composing the Fire Department. The said additional companies shall be organized in like manner as provided in the Ordinance to which this is a supplement, and to be located by the Fire Commissioners under the supervision of the Committee on Fire Department.

SECT. 2. That the foreman of each engine and hook and ladder company shall be permanently employed, and also such number of hosemen, not exceeding four to each company, and laddermen, not exceeding five to each company, as the Fire Commissioners shall deem necessary for the effectual working of the department. But nothing herein contained shall be construed to authorize any increase in the number of members of any company as heretofore established by Ordinance.

SECT. 3. The members of the Fire Department hereby authorized to be permanently employed, shall at all times be in and about the engine or truck house except when absent on duty or from other unavoidable cause, and shall perform such other duty as may be assigned them by the Fire Commissioners.

SECT. 4. The salaries of the foremen, hosemen and ladder-

men permanently employed shall be as follows: Foremen, each seven hundred and fifty dollars per annum; hosemen and laddermen, each per annum, six hundred dollars. The salary of the hosemen and laddermen not permanently employed shall remain as heretofore established by Ordinance.

SECT. 5. In the purchase of additional engines, hook and ladder trucks, hose-carts, and hose for the use of the department, the Fire Commissioners shall advertise daily for one week in the two newspapers of the City of Philadelphia having the largest circulation, for proposals for the sale or construction of such apparatus. The proposals shall be opened in the presence of the Committee on Fire Department, and the offer for the sale or the contract for construction, as the case may be, shall be accepted from or awarded to the lowest and best bidder.

SECT. 6. That the Commissioners shall employ one clerk at the store house at a salary of one thousand dollars per annum, and one driver of supply wagon at store house, at a salary of six hundred per annum.

SECT. 7. That the engines, hose carts, hook and ladder trucks, and fuel wagons of the Fire Department, when driven on any passenger railway in attending any fire or alarm of fire, shall have the right of way thereon, and when proceeding to fires on streets running north and south and approaching streets running east and west, shall do so at a slackened rate of the usual speed, and all persons driving vehicles, excepting passenger cars, on such railway shall turn entirely off the track. And it shall be the duty of the conductor and driver of any passenger railway car, upon the approach of any engine, hose cart, hook and ladder truck, or fuel wagon when proceeding to a fire, to immediately stop said railway car until such apparatus of the Fire Department shall pass. Any person or persons violating the provisions hereof shall suffer and pay a penalty of ten dollars for the use of the City, to be recovered as like penalties are now by law recoverable.

SECT. 8. Sections 2, 3 and 4 of this supplemental Ordinance shall not be applicable to the Twenty-third Ward.

SECT. 9. This Ordinance shall go into effect on and after January first, A. D. 1872.

Rules for the Government of the Philadelphia Fire Department.

Chief Engineer.

SECTION 1. The Chief Engineer must be fully equipped at the time of fire, and shall have entire control of the department and fire ground, and direct personally, or through the assistants, the disposition of the respective fire apparatus. He shall be in attendance at the office of the department daily between the hours of 10 o'clock and 12 o'clock A. M., and 1 o'clock and 4 o'clock P. M., except in case of fire or sickness. He shall issue to the department *forthwith* all orders emanating from the Board of Commissioners.

SECT. 2. It will be his duty to approve all pay rolls and requisitions; to visit each engine and truck station once in two weeks, and see that the apparatus is in proper condition, and the men in their positions ready for service.

SECT. 3. He shall suspend from duty any member of the department charged with any dereliction, and shall report his action, with a copy of the charges, within twenty-four hours, to the President of the Board of Fire Commissioners.

Assistant Engineers.

SECTION 1. The assistant engineers must be fully equipped, and shall take command, in their respective districts, of the apparatus in time of fire, until the arrival of the Chief Engineer.

SECT. 2. They shall visit the several engine and truck stations, in their respective districts, at least *once* in each day, and see that the men are ready for duty, and that the apparatus is in good and serviceable condition, except the companies located in the Twenty-first, Twenty-second and Twenty-third Wards, said companies to be visited once in each week. They shall report the violation of any rule of government and the condition of their respective companies daily to the Chief Engineer.

SECT. 3. They shall also examine, and if favorable approve all the requisitions for their respective districts. They shall submit to the Chief Engineer each day the various requisitions and daily roll-calls of the companies under their charge, except as is hereinbefore provided for.

SECT. 4. They shall remain at the stations to which they

have been assigned by the Board of Fire Commissioners at all times, except when absent on duty.

SECT. 5. They shall make a report in detail, including the roll-calls of the day previous, from all companies under their charge, the same to be prepared previous to attending headquarters.

SECT. 6. Their report shall be made at 2 o'clock P. M. of each day (Sundays excepted) to the Chief Engineer.

Foremen.

SECTION 1. The foremen shall attend at the stations of their respective companies at all times (except of fire or unavoidable absence), and see that the apparatus, hose, horses, and all connected with the company are at all times in good condition for service, and that their stations are kept in a clean and healthy condition.

SECT. 2. They shall have full charge under the direction of their engineers, each of his respective company, going to, while at, and returning from fires, and shall be strictly accountable for the acts of the men under them. The neglect to report any violation of rules or order to their superior officers shall render them liable to suspension.

SECT. 3. They shall keep a correct list of all members, and have roll-call at 6 o'clock A. M. and 7.30 o'clock P. M., daily, and a roll-call after every fire or alarm, and note the absentees. They shall also enter in a book, provided for that purpose, the name, age, residence, occupation and the time of admission or discharge of each member; note all absence or refusal to perform duty, and report daily to the assistant engineer of their district, and shall make monthly statements in writing of the condition of their stations, apparatus, horses, etc., with an itemized estimate of the supplies required by their respective companies for the ensuing month.

SECT. 4. They shall number the hosemen from 1 to 8, and shall exercise the men twice in each week, so that they may become thoroughly acquainted with their duties.

Enginemen.

SECTION 1. It shall be the duty of the enginemen to be at all times in attendance at their respective engine stations, to take charge of and clean the engine, and all things belong-

ing thereto, accompany the engine to all fires or alarms, and have full charge of running the engine, subject to the order of the foreman and superior officers, and to make such repairs to the apparatus as the facilities of the department will admit of.

Drivers.

SECTION 1. The drivers shall be in constant attendance at their respective engine and truck stations. They shall have charge of the stable, horses, harness, etc., have them well cleaned each morning, take charge of the horses of the company during the times of fires, and after each fire or alarm shall have the horses well cleaned, thoroughly examined and rubbed down. They shall exercise their horses daily, and shall not take them at any time (without a special order) more than two squares from their respective stations.

Firemen.

SECTION 1. The duty of each fireman shall be to drive the cart connected with the steam engine, and, on arrival at a fire, to attach the hose to the engine, and lead it to the fire, place his horse in charge of the engine driver, and attend to the fire of the engine under the charge of the engine-man; and when the fire is extinguished, he shall again take charge of his horse and cart, and assist the hosemen in taking up the hose. He shall be in attendance at all times, and keep a full supply of fuel on hand for the engine; he shall have charge of the cart, and have it kept clean and ready for service at all times, and also of the horse belonging to and used therein, and assist the driver in the duties of the stable.

Tillermen.

SECTION 1. The tillermen shall be in constant attendance at their respective truck stations, accompanying their trucks to all fires or alarms, and assist the laddermen in the performance of their duties on the fire ground. They shall take charge of and keep in neat and clean order their respective trucks, ladders and all connected therewith not otherwise provided for.

Permanent Men.

SECTION 1. It shall be the duty of the permanent hose

and laddermen to be at all times in attendance at their respective stations, and accompany the apparatus to all fires and alarms. They shall keep their respective stations in a clean and healthy condition, attend to cleaning and hanging up the hose, and have it replaced on the cart at the proper time, and perform such other duties as may be required by the foreman.

Hosemen.

SECTION 1. The hosemen shall, upon each alarm of fire, repair to the fire ground, report to their several foremen, and perform all orders issued by him. They shall assist in hanging up the hose, and be in attendance at the proper time to put it on the cart. They shall be in attendance at their respective stations each and every night, and perform such other duties as may be required by the foreman.

Truckmen.

SECTION 1. The truckmen shall, upon each alarm of fire, repair to the fire ground, report to their several foremen, and perform all orders issued by him. They shall be in attendance at their respective stations each and every night, and perform such other duties as may be required by the foreman.

Storehouse Clerk.

SECTION 1. It shall be the duty of the storehouse clerk to receive, take charge of, and distribute upon requisition, under the direction of the Committee on Supplies and Repairs, all articles for the use of the department.

SECT. 2. He shall keep accurate accounts in detail with each company and the headquarters of the department, and perform such other duties as may be directed by the Board of Commissioners.

Driver of the Supply Wagon.

SECTION 1. It shall be the duty of the driver of the supply wagon to be in attendance at the storehouse from 7 o'clock A. M. to 6 o'clock P. M., except when absent on duty. He shall attend to, take charge of, and keep in perfect order the horse, wagon, and appurtenances belonging to the storehouse, and such extra or spare horses as may be stationed there. He shall assist the storehouse clerk in receiving, arranging,

and distributing all articles belonging to the department, and perform such other duties as may be directed by the Board of Commissioners.

Miscellaneous.

SECTION 1. Every one except permanent employees connected with the Fire Department, are expected to have some business to attend to, and the want, neglect or refusal to obtain other employment within sixty days, shall be considered good and sufficient grounds for suspension or dismissal.

SECT. 2. Pay rolls will be made and duplicated from the returns of the several foremen by the assistant engineers of each district, and forwarded to the chief monthly, who, if he approves, shall sign and forward them to the Board of Commissioners; said Commissioners shall approve them if correct, either by their President or a committee, as may be directed, and forward one with the warrants to the office of the City Controller, the other to be filed in the office of the Board.

SECT. 3. Every member of the department shall be required to keep his uniform and equipments in a neat and cleanly condition, and wear the same at all times.

SECT. 4. No member of the department while wearing the uniform or equipments of the same will be allowed to enter any drinking saloon or tavern under a penalty of suspension from the department, with loss of pay, for such time as the Board of Commissioners may direct.

SECT. 5. The foremen of the different companies shall so arrange the hours for meals that four men shall be on duty at all times.

SECT. 6. The permanent members attached to the several companies composing the department shall make arrangements to spend alternately each eighth day with their families.

SECT. 7. Any driver of the department going at a greater speed than a trot between the hours of 6 o'clock A. M. and 11 o'clock P. M., shall be suspended from duty,

SECT. 8. The hose cart on all occasions in going to fires or alarms of fires, must invariably precede the engine.

The foregoing rules are to be so construed that the men not permanently employed are required to attend fires at all times

RESOLUTION

To approve contract and sureties of George H. Brinkworth for the erection of a station house in the Twenty-third Police District.

Resolved by the Select and Common Councils of the City of Philadelphia, That the contract with George H. Brinkworth for the erection of a station house in the Twenty-third Police District, on the south side of Jefferson street, between Ridge avenue and Twentieth street, is hereby approved; and William Black and George Woelpper are approved as sureties in the bond conditioned for the faithful performance by the said George H. Brinkworth of his said contract.

APPENDIX No. 57.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Police, to whom was referred the resolution granting permission to Ralston & Biddle, and Mellor & Rittenhouse, to retain the wooden

sheds at their factory, No. 218 North Twenty-second street, would respectfully report that they have visited the location, and find that the sheds have been there for a number of years, and are necessary for their business. They therefore report the annexed bill, and ask its passage.

APPENDIX No. 59.

To the Common Council of the
City of Philadelphia :

GENTLEMEN :—The Committee appointed to try the matter of the petition of certain citizens and voters of the Third Ward of the City of Philadelphia, on behalf of Benjamin L. Berry, contesting the right of Owen F. Kaney to his seat as a member of Common Council from the said Ward, respectfully report that the Committee met on Friday, January 17th, 1873, at 12 o'clock M., in Common Council chamber, pursuant to the order of Common Council, and at said meeting organized by selecting William T. Waples, Chairman, John Eckstein, Clerk, and George W. Johnson, Messenger.

Benjamin L. Berry, the contestant, was present, with D. Newlin Fell and Nathan Penrose, Esqs., as his counsel, who retired from the case while it was under consideration; also, Owen F. Kaney the sitting member, with P. T. Ransford, Esq., as his counsel. The Committee met from day to day (except Sunday), until the present. The counsel on behalf of the respondent demanded that the petition be quashed, because the certificate of the City Commissioner did not set forth that the signers were qualified electors of the Third Ward. That point had already been determined by the Common Council in favor of the certificate, at the time the petition was presented, and the Committee saw no reason to change the action of Common Council.

A great many witnesses were examined on the part of the contestant, to show fraud and irregularities in the election in the Second, Fifth and Sixth Divisions, without success. The contestant, by his counsel, and afterwards while managing his own case, demanded that the ballot boxes in the Second, Fifth and Sixth Divisions be opened, and the ballots counted, which the Committee refused to allow, because sufficient fraud had not been shown in those divisions to justify the counting of the ballots; but on the contrary, the evidence showed that the election in said divisions was properly conducted. The Committee granted the request of the contestant, to have the box of the Fifth Division produced to obtain the list of voters, the list not being in the Prothonotary's office; also the box of the Second Division, to obtain the canvassers' lists to show irregularities, and on the production of the books, the irregularities were found to be nothing but clerical errors. The contestant having utterly failed to prove the allegations of fraud mentioned in the petition, the Committee report, that Owen F. Kaney is legally elected as member of Common Council from the Third Ward, for the term of two years, from the first Monday of January, 1873, and is therefore entitled to retain his seat.

LAW DEPARTMENT,
PHILADELPHIA, *February 1, 1873.*

To the Chairman and Members
of the Finance Committee :

GENTLEMEN :—Messrs. Jno. M. Kennedy and Andrew Carnegie, the securities offered by the Keystone Bridge Company for the faithful performance of their contract for the erection of the superstructure and approaches of Fairmount Bridge, are in my opinion entirely satisfactory. The contractors propose to submit, in addition to those gentlemen, the name of Hon. Thos. L. Jewett, who is temporarily absent from the City, but who will sign the bond, if the securities are approved by you, in a few days.

Yours, very respectfully,
CHARLES H. T. COLLIS,
City Solicitor.

ARTICLES OF AGREEMENT, made and concluded this day of in the year of our Lord one thousand eight hundred and seventy-three (1873), between the City of Philadelphia, party of the first part, and the Keystone Bridge Company, party of the second part: *Witnesseth*, That the party of the second part for and in consideration of the payments hereinafter specified to be made by the party of first part, do hereby for themselves, their successors and assigns, covenant and agree to and with the party of the first part, well and truly to provide and furnish and deliver all materials, and do and perform all the work and labor requisite to build, construct and finish the iron approaches and superstructure of the bridge about to be erected over the river Schuylkill, at or near Fairmount, as authorized by a resolution of Councils, approved December 29th, 1871, entitled "Resolution to provide for the construction of a new bridge over the river Schuylkill at Fairmount," and by other Ordinances making appropriations for the said work.

And the said party of the second part, covenant and agree to provide and furnish and deliver all materials, and to do all work included in the copy of the proposal hereto annexed, and made a part hereof, under the general heads of "iron work in approaches" and "superstructure," at the

prices and sums set opposite each item, which proposal was made by the said party of the second part, and accepted by aforesaid resolution of December 29th, 1871.

And the said party of the second part, further covenant and agree to furnish and provide all of said materials, and to do all of said work in exact and entire conformity with the plans on file in the office of the Chief Engineer and Surveyor of the City of Philadelphia, which were approved by Ordinance of Councils of January 5th, 1870, entitled "An Ordinance approving the plan for bridge over the Schuylkill river at Fairmount," and with other detailed drawings in said office, which plans and the said detailed drawings are made a part of this contract; and in exact and entire conformity with the specifications, a copy of which is annexed, and also made part hereof, unless the same are changed in accordance with the provisions of said specifications, and then in exact and entire conformity with the said specifications so changed, as fully as if said plan, drawings and specifications, changed or unchanged, were fully and specifically described and set forth herein, and a special covenant were herein inserted, prescribing the performance of each and every item thereof by the said party of the second part and their successors.

And the said party of the second part, do hereby as aforesaid further covenant and agree, that if they shall neglect or refuse to remove or take down any defective work or materials, or construction, at the request of the Chief Engineer and Surveyor of said City, as hereinafter provided, or shall abandon this contract by ceasing to work thereunder, or shall prosecute the same with an insufficient force, and the Chief Engineer and Surveyor aforesaid shall report to the Councils of said City, that said party of the second part have neglected to take down, or refused to take down and rebuild any defective work or construction, or to remove any defective materials, or have abandoned this contract and ceased work thereunder, or are prosecuting the same with an insufficient number of workmen, which said report of the Chief Engineer and Surveyor to said Councils shall be conclusive evidence of the facts stated therein, upon all the parties hereto, and upon the sureties of the said party of the second part, then in every such case this contract may be rescinded by a resolution or Ordi-

nance of said Councils; and the party of the second part, in case this contract shall be so rescinded for any such violation, shall not be paid for the materials furnished, or the work done, or the amount which may be due them therefor, when said contract is so rescinded, until all materials and work on said bridge herein provided for are furnished by the said the City of Philadelphia, or any contractor for the uncompleted work and unfurnished materials; and then in such case the said party of the second part shall only receive the value of the materials furnished and work done at the time this contract shall be rescinded, at the prices in the schedule in the proposals hereto annexed, which sum shall be ascertained by the Chief Engineer and Surveyor: *Provided*, That the entire work herein contracted for, if the contract is rescinded as aforesaid, shall not exceed in cost the price or sum herein provided for, and if it shall so exceed, then such excess shall be deducted from the amount found to be due to the said party of the second part, by the Chief Engineer and Surveyor, as hereinbefore provided. *And provided further*, That no such rescission of the contract shall release the sureties of the said party of the second part in the bond of this date, but the said sureties shall still be liable for any excess of cost of said work over the price or sum herein provided for.

And in case this contract shall be so rescinded, it is understood and agreed by said party of the second part, that the said party of the first part may at once without any notice to said party of the second part, procure or employ any other party or parties the said party of the first part may deem proper, to furnish the work and labor remaining unperformed under this contract, and furnish the materials unsupplied at the time this contract is rescinded, at any price and upon any terms conformably with current rates, which said party of the first part may deem proper, and in such case the party of the second part hereby for themselves and their successors, covenant and agree to and with the said party of the first part, to pay any increased value to be incurred and paid thereon by the said party of the first part, above the price set forth in the schedule and specifications hereto annexed.

And the said party of the second part agree and cove-

nant that in the prosecution of said work, they will take down all work, and remove all materials not approved of by the Chief Engineer and Surveyor aforesaid, and replace the same to the satisfaction of said officer, at the expense of the said party of the second part, and that they will observe the directions of said Chief Engineer and Surveyor in the prosecution of said work, and they further covenant and agree, that the decision of said officer shall be final and conclusive in all matters of dispute which may arise between the parties to this agreement, relative to and touching the same. And the party of the second part further covenant and agree, that they will prosecute said work with despatch, and complete the same within fifteen months from the date of notice from the Chief Engineer and Surveyor to commence the said work.

And the party of the second part further covenant and agree as aforesaid, that during the construction of the work herein provided for, and until the same shall be entirely completed, they will observe and comply with all and singular the laws of this Commonwealth, now made or to be made, in regard to the construction of bridges; and shall and will keep harmless and indemnified the party of the first part from all suits, accidents, costs and damages, by reason of any cause arising out of neglect thereof, by the party of the second part, their agents, servants, or any of them; it being expressly understood that all and every damage, cost and loss however arising and happening by reason of anything done or omitted in the construction herein provided for by the party of the second part, their agents or servants, or any of them, shall be borne, paid and suffered by the party of the second part, solely and wholly, except such damages as result from and are the direct consequence of the construction of said bridge itself, as authorized by the City of Philadelphia, independently of the acts or doings of said party of the second part, under this contract.

And the party of the second part further covenant and agree, by these presents, to and with the said the City of Philadelphia, that no claim shall be made by them for any delay, inconvenience or suspension of work, or hindrance to the furnishing of materials, which may arise, or be caused by reason of any litigation or legal or equitable suit, action

or proceeding whatever, or judgment, order or decree, or decision made therein, to be instituted by any person or persons averring or claiming any infringement of any right, or injury to his, her or their estate, real or personal, arising from the construction of said bridge; but the time for the completion of said construction shall, in such case, be considered as extended during the time for which there shall be such delay arising from the causes aforesaid. And in order that the extent of such delay may be ascertained, it is understood and agreed by said party of the second part, that it shall embrace the period commencing with the time when the City Solicitor shall notify them of the commencement of such proceedings, and any subsequent notice received from him of its termination, and that they may proceed. Said party of the second part hereby agreeing to notify forthwith the City Solicitor of any writ, order or decree, served upon, or legal or equitable proceeding whatever, commenced against them touching or concerning the erection of said bridge, whether said City is made a party thereto or not. And in the event of a final injunction, order, judgment or decree being awarded against the City of Philadelphia, or the party of the second part, prohibiting perpetually the construction of the said bridge, it is hereby covenanted and agreed that this contract shall be deemed and taken as cancelled and ended, and as though the same had never been made; and in such case, the said party of the second part shall have no claim upon the party of the first part for any damages or loss whatever resulting to or to be incurred by them by reason of the termination thereby of the building of the said bridge, or of this contract, except for materials actually furnished, or for materials actually purchased, and for work which shall have been done upon the same by the party of the second part for the said bridge, and for the labor done in and about the erection of the said bridge, at the time when the work of said party of the second part shall be so stopped and suspended by reason of said proceedings. And it is further agreed, that the said claim for materials purchased by the party of the second part, and for work done as aforesaid, shall not exceed the sum of three hundred thousand dollars; and the said party of the first part shall not be liable for such materials beyond that sum. And it is further un-

derstood and agreed, that the party of the second part shall execute and deliver to the party of the first part a bond, with sufficient surety, in the sum of three hundred thousand dollars, indemnifying the party of the first part from any loss which may accrue by reason of a failure from any cause or causes whatsoever, to deliver the said materials so purchased as aforesaid, to the party of the first part. It is also agreed, that the work shall be paid for according to the prices respectively set opposite the items in the schedule contained in the proposal hereto annexed. It is also understood and agreed, that if the said party of the second part are delayed in the prosecution of the work herein agreed to be done, by other contractors not prosecuting their work with sufficient despatch to enable the party of the second part to proceed, then in every such case the party of the first part shall be relieved from all claim for loss by reason of such delay which the said party of the second part might otherwise have, and the time of the completion of the work under this contract shall be extended by the addition of the period of such delay: *Provided*, That said time of completion shall not extend beyond four months after the bridge seats are in readiness for the main spans, and the shafts for the erection of the columns.

And the said party of the first part covenants and agrees to pay to the said party of the second part, for the work and the furnishing of the materials herein contracted for, to the entire satisfaction of the aforesaid Chief Engineer and Surveyor, at the rates respectively set opposite the items in the schedule of prices contained in the proposal hereto annexed; the amount of each payment to be determined by the said Chief Engineer and Surveyor by and in accordance with the said schedule. The payments to be made in warrants drawn by the Chief Commissioner of Highways upon the City Treasurer, which warrants shall be paid in cash or in bonds of the City of Philadelphia, at the discretion of the Mayor of said City. Said warrants shall be drawn monthly, and shall each be for a sum fifteen per cent. less than the monthly estimates made by the Chief Engineer and Surveyor of the amount due the said party of the second part, for work done and materials furnished during the month. And the said Chief Engineer and Surveyor shall include

in the monthly estimates the materials on hand and work done at the works of the party of the second part, up to the time of such estimates. The said estimates to be made in accordance with the prices in the proposal hereto annexed. The said Chief Engineer and Surveyor shall make out and deliver to the party of the second part, monthly bills and estimates of the materials furnished and work done as above, deducting therefrom the required fifteen per cent., duplicates of which bills and estimates shall be delivered to the Chief Commissioner of Highways. The aforesaid deduction of fifteen per cent. from the cost of the entire work, retained as aforesaid from the monthly estimates, shall be paid in manner aforesaid, upon the certificate of the said Chief Engineer and Surveyor that this contract has been faithfully performed by the said party of the second part: *Provided, however,* That neither the said certificate, nor the final estimate, shall be so delivered until the said party of the second part shall execute and deliver to the City of Philadelphia, a release, under seal, to be approved by the City Solicitor, of all claims and demands whatsoever, arising out of or by reason of the construction herein provided for, or for which the said City may be liable.

In witness whereof the said party of the first part hath hereto caused its corporate seal, attested by the Mayor of the said City, to be affixed, and the President of the said The Keystone Bridge Company hath hereto set his hand as President of said Company, and hath hereto affixed the corporate seal of the said Company, as authorized by a resolution of the Board of Directors of the said Company, the day and year first above written.

Sealed and delivered in the presence of

Mayor.

The Keystone Bridge Company by

J. H. LINVILLE,
President.

Attest:

A. D. CHERRY,
Secretary.

RESOLUTION

Resolved by the Select and Common Councils of the City of Philadelphia, That Andrew Carnegie, John M. Kennedy and Thomas L. Jewett be and the same are hereby approved as the sureties of the Keystone Bridge Company, contractors for the erection of the superstructure and approaches of Fairmount Bridge, and that the contract submitted to Councils by the Law Department, between the City of Philadelphia and the said Keystone Bridge Company, be and the same is hereby approved.

APPENDIX No. 62.

DEPARTMENT OF CITY CONTROLLER,
PHILADELPHIA, *February 13, 1873.*

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—There has been no provision made for furnishing the office with a duplicate of the registered taxes for the year 1872, and a copy of the registered taxes of former years.

I respectfully request that you will make to this department such appropriation as will enable me to have the same prepared.

Very respectfully yours,
S. P. HANCOCK,
City Controller.

APPENDIX No. 63.

RESOLUTION

Requesting Select Council to return a certain resolution.

Resolved, That Common Council hereby requests Select Council, to return to this Chamber, a certain resolution entitled "Resolution of request to the Governor of the State of Pennsylvania," in reference to granting the Union Passenger Railroad Company the right to lay a track on Market street.

APPENDIX No. 64.

RESOLUTION

Of respect to the memory of the late Jesse George.

Whereas, Councils have heard with profound regret of the death of Jesse George, one of the benefactors of the City of Philadelphia, who departed this life in the eighty-eighth year of his age;

And, whereas, The City of Philadelphia owes him a debt of gratitude for the liberal donation of George's Hill, which has contributed so much to the extension and adornment of Fairmount Park, and the health and recreation of the citizens of Philadelphia;

And, whereas, By his liberal contribution of five thousand dollars towards the Centennial Celebration, he continued to exhibit the same generous regard for the interests of the City, and crowned him as one of the City's chief benefactors; therefore,

Resolved by the Select and Common Councils of the City of Philadelphia, That the citizens of Philadelphia are largely indebted to Jesse George for his liberal donations to the corporation of the City of Philadelphia, as well as the bequest of thirty thousand dollars for the establishment of a library and reading room for the free use of the public, and also for the bequests for the benefit of various laudable institutions in the City.

APPENDIX No. 65.

RESOLUTION

Of request to the Chief Engineer and Surveyor of the City of Philadelphia.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Engineer and Surveyor of the City shall examine and report to Councils if it is to the commercial interest of the City to extend the Port Wardens' line fifty feet further east than it is at present.

APPENDIX No. 66.

RESOLUTION

To meet in Joint Convention.

Resolved by the Common Council, That Select Council be requested to meet Common Council in Joint Convention, in Common Council chamber, this day, February 20th, 1873, at 4½ o'clock P. M., for the purpose of electing a Director of the Philadelphia and Erie Railroad Company, for the unexpired term of William H. Lippincott, resigned.

APPENDIX No. 67.

RESOLUTION

Of instruction to the Managers of the articles of impeachment against William Siner.

Whereas, The resignation of William Siner, a member of Common Council from the Sixteenth Ward of Philadelphia, has this day been presented to this Chamber; therefore, be it

Resolved, That the Managers heretofore appointed to prepare articles of impeachment against said William Siner, and prefer and manage the same before the Select Council

of Philadelphia, be instructed to appear before the said Select Council sitting as a Court of Impeachment, and on behalf of the City of Philadelphia, and of the said Common Council, and inform Select Council of the resignation of the said William Siner, and to withdraw said articles of impeachment from their further consideration.

APPENDIX No. 68.

A FURTHER SUPPLEMENT

To the Ordinance entitled "An Ordinance to create and organize a Paid Fire Department for the City of Philadelphia, and to make an appropriation therefor," approved December 29th, A. D. 1870.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the hosemen and laddermen of each engine and hook and ladder company, shall be permanently employed on and after the first day of March, 1873, except in the Twenty-first, Twenty-second, and Twenty-third Wards, where only one-half shall be permanently employed.

SECT. 2. The salaries of the foreman shall be one thousand dollars from and after the first day of January, 1873; any Ordinance to the contrary hereof notwithstanding.

APPENDIX No. 69.

RESOLUTION

Of request to the City Solicitor.

Whereas, His excellency Governor John F. Hartranft, has appointed William Calhoun, a member of this body from the First Ward, to the position of Sealer of Weights and Measures; therefore

Resolved by Common Council of the City of Philadelphia, That the City Solicitor be and he is hereby requested to inform Common Council whether said appointment disqualifies said member from serving the balance of the term for which he was elected.

APPENDIX No. 70.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—The Committee on Finance respectfully report that they have considered a communication from Benjamin Shallcross, Receiver of Taxes of the Twenty-third Ward, submitting the names of his sureties, and finding the same sufficient, submit the annexed resolution to approve of the same, and recommend its passage.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of two thousand two hundred and sixty-six dollars and sixty-seven cents be and the same is hereby appropriated out of Item 19, in an Ordinance to make an appropriation to the Law Department for the year 1873, approved January 4th, 1873, to pay the damages caused by the opening of Eighteenth street, from Cayuga street to Germantown avenue, in the Twenty-fifth Ward, as awarded by the road jury appointed to view and determine the same, whose report was duly confirmed by the Court on the 8th day of January, 1873; said sum having been awarded to the claimants as follows: William D. Dounton, sixteen hundred and sixty-six dollars and sixty-seven cents; James Thomas, six hundred dollars.

APPENDIX No. 72.

PHILADELPHIA, *February 20, 1873.*

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The experience of last winter and this compels the Trustees of the City Ice Boats to impress upon your honorable body the importance of constructing another ice boat without delay.

Five years ago, Councils saw the necessity of a second boat. At that time, the exports and imports of Philadel-

phia amounted to \$28,548,312, carried in — vessels. In 1872, the trade has increased to \$46,788,854, carried in — vessels; and we find the present boats even less able to perform the duties required of them in severe winters than one boat was fifteen years ago.

When we consider the increase of traffic that must follow the new European steamship lines lately established, and the largely increased fleet of coastwise steamers, we have every reason to anticipate during this year a much larger percentage of increase in the commerce of our port than in any similar period heretofore.

The experience of the present and past winters, when we consider the liability of accidents to your boats as well as the increased commerce, demonstrates conclusively that two boats are entirely inadequate to perform the services expected of them under such circumstances as the present.

The commerce of Philadelphia has, during the past few years, taken a new start, as is evidenced by the large increase in the coastwise and foreign steamship trade, and it is unnecessary that your Trustees should impress upon your honorable body the necessity of fostering this new growth by every possible care.

Philadelphia has great geographical advantages, which are attracting the attention of merchants in neighboring cities; and there is no guarantee to which parties desiring to trade with Philadelphia attach so much importance as the assurance from the City authorities that navigation shall be kept open and free under all circumstances.

By order of Board of Trustees City Ice Boats.

E. W. T. ALLIBLEY, *Sec'ry.*

APPENDIX No. 73.

To the Presidents and Members of the Select and

RESOLUTION

To release certain properties from the lien of a certain judgment.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be authorized to execute a release of the lien of a certain judgment held by the said City against John Muller and John H. Killen, entered in the Supreme Court for the Eastern District of Pennsylvania, to January Term, 1873, No. 21, D. S. B., upon all that certain lot or piece of ground, with the three-story brick messuage or tenement thereon erected, situate on the west side of Thirteenth street, at the distance of forty-eight feet nine and seven-eighths inches northward from the north side of Parrish street, in the City of Philadelphia; containing in front or breadth on said Thirteenth street, fifteen feet, and extending in length or depth westward between parallel lines at right angles with said Thirteenth street, on the north line thereof forty-five feet six inches, and on the South line thereof forty-seven feet eight inches and one-eighth of an inch.

Also, All that certain lot or piece of ground, with the three-story brick messuage or tenement thereon erected, situate on the east side of Twenty-first street, at the distance of one hundred and eight feet southward from the south side of Race street, in the Tenth Ward of the City of Philadelphia; containing in front or breadth on said Twenty-first street eighteen feet, and extending of that breadth in length or depth eastward between parallel lines at right angles with said Twenty-first street eighty-one feet six inches to a three-feet wide alley, which leads northward into a certain other three feet wide alley which leads into Clayton street: *Provided,* The sureties assent thereto, and that the sum of ten dollars be first paid to the City Solicitor for the use of the City, to pay for the publication of this resolution.

APPENDIX No. 84.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Finance respectfully report that they have considered a petition from the owners of meadow lands in the Kingessing and Tinicum Meadow Company, representing that the Ordinance of March 9th, 1871, relative to the improvement of the meadow banks in the First, Twenty-sixth and Twenty-seventh Wards, could not be carried into effect in consequence of requiring a public drive or roadway on the banks ; the Committee have therefore prepared a supplement to the Ordinance, which they submit, and recommend its passage.

A SUPPLEMENT

To the Ordinance entitled "An Ordinance to provide for the improvement of the meadow banks along the rivers Delaware and Schuylkill, in the First, Twenty-sixth and Twenty-seventh Wards," passed March 9th, 1871.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Ordinance to which this is supplementary be altered and amended as follows : The first section by striking out "fifty thousand dollars," and inserting "forty-five thousand dollars," by striking out the words "sufficient for a roadway," the words "at or near Mifflin street on the Delaware," the words "*And provided*, That the property owners shall agree to permit the same to be used as a public drive or roadway," the words "Strickland Kneass, Esquire," and the words "and the sum of five thousand dollars shall be retained until the City Controller shall receive the certificate from the Chief Engineer and Surveyor, that the said work is entirely completed to his satisfaction." The second section by striking out the words

"the sum of forty thousand dollars of said sum," and inserting in lieu thereof "fifteen thousand dollars to each," by striking out the words "one-tenth" wherever they occur, and inserting the words "one-fourth," by striking out "nine-tenths" and inserting "three-fourths," by striking out "ten thousand dollars" and inserting "fifteen thousand dollars," by striking out the names of Michael Magee and Edgar N. Black,

by striking out the words "the same persons," and inserting in lieu thereof the names of Thomas S. Ellis, A. M. Eastwick, and John L. Passmore, and by adding at the end of the Ordinance the following additional proviso: "*Provided*, That said companies shall give satisfactory security, to be approved by the Committee on Finance of Councils, that they will forever keep the banks in good repair, and that said work shall be completed within two years."

APPENDIX No. 85.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Committee on Finance respectfully report that they have considered a communication from the Chief Commissioner of Highways, relative to City Ice Boat No. 1, running into and damaging Penrose Ferry Bridge, on January 10th, 1873, and referred the same to a Sub-Committee who ascertained, that at the time the said Ice Boat had in tow the ship Crown Prince, and the ship struck the bridge, and not the Ice Boat; that it was owing to a peculiar bend of the river and the length of the towing rope that caused the accident. No blame is to be attached to the captain of the Ice Boat, and the damage to the bridge was trifling. The Committee request the passage of the annexed resolution.

APPENDIX No. 101.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the resolution relative to certain sewers, beg leave to report that they find, after a careful

examination of the record of sewer constructions, authorized by Ordinances of Councils in 1872, that much of the work after being contracted for by the City, was delayed in consequence of the trial of the case of Dutton *v.* The City Solicitor, and the contractors prevented from completing their work in time for settlement during 1872, and as the Ordinances alluded to provide for the payment of excesses over and above assessment bills, to be taken out of appropriation to the Department of Highways for 1872, it now becomes necessary to make provision for the completion of and payment for the work so ordered and contracted for. We herewith submit a resolution slightly amending the original, and by proviso limiting the amount to be paid, and ask its adoption.

To authorize the construction of sewers on Bridge, Norris, Brown and Hillsdale streets, and across Forty-fifth street, and also across Pine street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Highways

be and is hereby authorized to construct the following sewers, viz.: On Bridge street, from sewer at Sloan street to Lancaster avenue; on Norris street, from sewer in Eighteenth street to east curb line of Sixteenth street; on Brown street, from Seventeenth street to Francis street, thence on Francis street, from Brown to Eighteenth street; on Hillsdale street, commencing at a sewer now under contract and to be constructed in Cherry street, between Third and Fourth streets, and to extend northward along said Hillsdale street to the south curb line of Race street; across Forty-fifth street, between Lombard street and Baltimore avenue, and across Pine street, at Wren street. Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidders, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866, and supplement thereto, approved February 16th, 1869; any excess over and above said assessment, in addition to that provided for by Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes and legal deductions, in the construction of branch sewers," approved April 3d, 1868, to be charged to item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1873.

APPENDIX No. 105.

RESOLUTION

To change the name of Lancaster street, in the Twenty-seventh Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the name of Lancaster street, extending from Market street southwestwardly to Thirty-third street, in the Twenty-seventh Ward, be and the same is hereby changed to Townsend street, and the Department of Highways are directed to change the sign boards accordingly.

APPENDIX No. 106.

RESOLUTION

Of request to the Legislature.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Legislature of Pennsylvania be and it is hereby requested not to pass an act now pending in the House, requiring the City of Philadelphia to borrow money by permanent loan to be expended by the independent Highway Department of the Twenty-second Ward, in the improvement of the highways of said Ward, as the City authorities would have no control over the expenditure of the money so borrowed, and that the clerks be instructed to forward a copy of this resolution to the Senate and House now in session at Harrisburg.

APPENDIX No. 107.

AN ORDINANCE

To authorize the erection of a temporary frame edifice for church purposes, in the Twenty-eighth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Park Avenue Methodist Episcopal Church be and they are hereby authorized to erect a temporary frame church edifice on the west side of Park avenue, south of Norris street, in the Twenty-eighth Ward: *Provided*, That they pay into the City Treasury twenty-five dollars for the publication of this Ordinance: *Provided also*, That the said building shall only be used for church and Sunday school purposes, until the erection of the permanent building.

APPENDIX No. 110.

AN ORDINANCE

To amend an Ordinance entitled "An Ordinance to authorize the purchase of a lot of ground on the easterly side of Montgomery avenue, south of Girard avenue, in the Eighteenth Ward, and to make an appropriation therefor," approved the fourth day of November, A.D. 1872.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That all of the first section of the said Ordinance to which this is an amendment, after the ordaining clause thereof, be stricken out and annulled, and that the following be inserted in lieu thereof, to wit: That the City Solicitor is hereby authorized to examine the title to all that certain lot or piece of ground situate on the easterly side of Montgomery avenue, and on the northerly side of a certain sixteen feet wide alley, which is at the distance of two hundred and seventeen feet six inches, more or less, southwardly from the southerly side of Girard avenue (late Franklin street), in the Eighteenth Ward; containing in front or breadth on said Montgomery avenue sixty feet, and in length or depth easterly (the southerly line thereof running along the north side of the said sixteen feet wide alley) one hundred feet; and if he approve the same, to cause a conveyance thereof to be executed to the City of Philadelphia, in fee, the consideration therefor to be the sum of three thousand dollars, free and clear of all incumbrances.

APPENDIX No. 111.

PHILADELPHIA, *March 13, 1873.*

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—On Tuesday morning the 11th inst., City Ice Boat No. 1, Capt. Kelly, ran into and damaged the Penrose Ferry Bridge. This is the same boat and officer that recently ran into and seriously damaged one of the

fenders of said bridge, which fact I promptly reported to your honorable bodies at the time it occurred, and stated that I believed it to be the result of carelessness or design, as threats had been made by some of the men employed on the river to run the bridge down.

I would, therefore, respectfully suggest, that Councils take such action in the premises as will deter careless or evil disposed persons from intentionally or otherwise damaging said structure.

Respectfully,

MAHLON H. DICKINSON,
Chief Commissioner of Highways.

RESOLUTION

To appoint a Joint Special Committee.

Resolved by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of three members from each Chamber be appointed to investigate the alleged charge of City Ice Boat No. 1 running into and damaging Penrose Ferry Bridge, and report to these Councils at the earliest possible moment.

APPENDIX No. 112.

RESOLUTION

Of instruction to the City Solicitor.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be and he is hereby instructed to proceed by action at law against the Frankford and Bristol Turnpike Company, to prevent the collection of tolls along the same, until such time as the road shall be put in proper and safe condition for travel between Allegheny avenue and Frankford creek.

APPENDIX No. 113.

RESOLUTION

Of request to the Legislature and Governor of the State.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Legislature be and are hereby requested not to pass a certain bill entitled "An Act to create a Paid Fire Department for the City of Philadelphia," and the Governor is also requested to prevent the same from becoming a law.

APPENDIX No. 114.

RESOLUTION

To amend a contract with Jacob Glause, for the erection of Sixth District Police Station House.

Whereas, On the 31st day of July, 1872, a contract for the erection of the Sixth District Police Station House, on the east side of Eleventh street, south of Vine street, was entered into with Jacob Glause and the City of Philadelphia, which said building was to be fully completed by the 1st day of January, 1873; and

Whereas, Said contractor has utterly failed to comply with the said contract; therefore, be it

Resolved by the Select and Common Councils of the City of Philadelphia, That the resolution of July 31st, 1872, approving the contract of Jacob Glause, for the erection of a station house in the Sixth Police District, is hereby repealed; and the City Solicitor is hereby requested to proceed against the sureties of said Jacob Glause.

APPENDIX No. 115.

A. WILSON HENSZEY, ESQ.,

President of Common Council :

Through you I beg to lay before City Councils an official copy of the bill now before the General Assembly, designed to create a board of sanitary officers for the City of Philadelphia, charged with the duties of a street cleaning bureau. By referring to the bill, you will perceive that the Mayor of the City is made the most important officer of the Board ; and with the near approach of the nation's first Centennial Celebration in our City, when people and representatives from all the nations of the world will be amongst us, it does occur to me that the cleansing of the streets of our City should be taken from the irresponsible and totally incompetent Board of Health, and placed where a decent degree of responsibility exists. On whom then could this responsibility more appropriately be fixed than upon the Mayor ? The bill in question limits the amount of expenditures by the sanitary board to that appropriated by Councils ; vacancies in the board are filled by Councils, and impeachment by Councils of the members of the sanitary board is the punishment. The bill provides for violation of the trust imposed, and although it is designed subsequently for the citizens at large to elect the members of the sanitary board, the jurisdiction of Councils over the board continues. As the matter now stands, the Board of Health can go on issuing warrants for the pay of contractors, and if at the end of half a year's failure to cleanse the streets, the Board of Health should, in obedience to popular demand, annul the contracts they have entered into with their friends, the *prima facie* evidence that the work was done will be in the possession of the street cleaning contractors, in the shape of warrants drawn by the Board of Health upon the City Treasurer ; and in a jury trial to recover from the City, these warrants would go far towards determining the case against the City.

As I understand it, City Councils are powerless to prohibit the issuing of warrants by the Health Board for work not performed, while if the sanitary bill becomes a law,

impeachment is the check to like action on the part of the sanitary board.

In conclusion, as my name has been "lifted out" of the bill, I am now at liberty to urge the passage of the act in question, on the ground that the public interest demands the same; and trusting that this measure does not come within the scope of the resolution of request to the Governor, passed at the last meeting of City Councils, I am with great respect,

Yours truly,
JOHN W. FRAZIER.

AN ORDINANCE

Granting permission to the North Broad Street M. E. Church to erect a frame chapel.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be and the same is hereby granted to the North Broad Street M. E. Church to erect a frame or wooden chapel on their ground at the northwest corner of Broad and Master streets, in the Twenty-ninth Ward of the City of Philadelphia: *Provided*, That the permission hereby granted shall be revocable by the City of Philadelphia, at its option, by the passage of an Ordinance or resolution to that effect without notice: *And provided*, The said Church first pay into the City Treasury, for the use of the City, the sum of twenty-five dollars to pay for the publication of this Ordinance. All Ordinances or parts of Ordinances to the contrary hereof notwithstanding.

APPENDIX No. 123.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Port Wardens, to whom was referred the Ordinance providing for a revision of the Port Wardens' line on the river Delaware, respectfully report that they have carefully examined the same in conjunction with a Committee of the Port Wardens of the City of Philadelphia, and have heard the testimony of a number of merchants, ship owners and seamen with reference to the proposed extension. It seems to be the general

opinion, that in order to accommodate the increased length of vessels as now built, there is an imperative necessity for increased accommodations; this can only be secured by extending the piers, and it is the opinion of your Committee that such an extension, should be authorized; but after a careful examination they have come to the conclusion that City Councils cannot change the wharf lines which have once been established, without special enactment of the State Legislature. In order that this may be secured we present the following resolution.

RESOLUTION

Of request to the Legislature of Pennsylvania.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Senate and House of Representatives of the Commonwealth of Pennsylvania be and they are hereby requested to pass the following act of Assembly, viz.:

AN ACT

Authorizing the revision of a portion of the wharf lines on the rivers Delaware and Schuylkill, in the City of Philadelphia.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same*, That the Select and Common Councils of the City of Philadelphia be and they are hereby authorized to revise the wharf line on the Delaware river, between Frankford creek and Greenwich point, in the City of Philadelphia, so that a new line shall be fixed and determined, in order that piers may be built adapted to the increased length of modern built vessels; and also to revise so much of the wharf line on the river Schuylkill as may be affected by the erection of South Street Bridge.

SECT. 2. Except as to the location of the wharf lines, this act shall not alter or interfere with the laws and Ordinances already established, and shall be subject thereto.

APPENDIX No. 124.

PHILADELPHIA, *March 20, 1873.*

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—By resolution of Councils, approved 8th of March, 1873, the Chief Commissioner of Highways is directed to pay out of Item 23, of the appropriation to the Highway Department for 1873, certain claims of constructing sewers, due previous to the present year: *Provided*, The amount in the aggregate does not exceed \$14,500. The appropriation to this item for the entire year is but \$30,000; and as the above claims are evidently deficiencies, which should be provided for by special appropriation, I would respectfully suggest that an amount sufficient to meet these claims be appropriated, independent of the regular annual appropriation; otherwise I will be compelled soon to cease making contracts for much needed sewers; the cost of which, as far as the City is liable, was intended to be paid out of the \$30,000 regularly appropriated for this specific purpose; one-half of which is swept away by the resolution instructing me to pay the deficiencies of past years from this item.

All of which is respectfully submitted.

M. H. DICKINSON,
Chief Commissioner of Highways.

APPENDIX No. 125.

RESOLUTION

Approving the plan and design of Joseph Leeds, in regard to the improvement of Independence Hall and Square.

Whereas, a pamphlet, by Joseph Leeds, giving a design for improving Independence Square, and the three main front edifices thereon, as a monument of memorials to honor the fathers of our country, and a plan to pay for the same, and support it forever, without any gifts of money,

was presented to the Select and Common Councils in manuscript, June 1st, 1871, and printed for the members and placed in their permanent records; *And, whereas*, the same, with improvements thereon, recently published in a second edition of ten thousand pamphlets, was given to said Councils, March 14th, 1873, in a copy to each member; therefore,

Resolved by the Select and Common Councils of the City of Philadelphia, That said design and plan are both approved by these Councils; subject, however, to such improvements as the National Association proposed therein, when formed, shall deem for the best; it being especially understood, that the City of Philadelphia will not hereafter be asked to make an appropriation in furtherance of the project.

APPENDIX No. 126.

RESOLUTION

Of request to his Honor the Mayor.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Mayor be requested to return to Councils an Ordinance entitled "An Ordinance to authorize the purchase of a lot of ground on the easterly side of Montgomery avenue, south of Girard avenue, in the Eighteenth Ward, and to make an appropriation therefor," approved the fourth day of November, A. D. 1872.

APPENDIX No. 127.

RESOLUTION

To authorize the paving of Wyoming and Rebecca streets, in the Twenty-fourth Ward, without the water pipe being laid.

Resolved by the Select and Common Councils of the City of Philadelphia, That the contractor for the paving of Wyoming and Rebecca streets, in the Twenty-fourth Ward, be

and is hereby authorized to proceed and pave the said streets, without the water pipe being laid thereon.

APPENDIX No. 128.

AN ORDINANCE

To authorize the Commissioner of Markets and City Property to appoint a superintendent of Passyunk Square.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Commissioner of Markets and City Property is hereby authorized to appoint a superintendent of Passyunk Square, at an annual salary of seven hundred and fifty dollars.

APPENDIX No. 129.

To the Presidents and Members of the Select and
Common Council of the City of Philadelphia:

GENTLEMEN:—We, your Committee on Highways, to whom was referred the petitions to grade Twenty-ninth, Thirtieth, Marston, Spruce, Garnet streets, and Elmwood avenue, respectfully report that we have examined and approve the same, and submit for your consideration the annexed resolution, and ask its adoption.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred petitions for sewers, report

that they are recommended by the Board of Surveyors, who examined and reported in each case, and we find by their reports that the aggregate length of these sewers is eleven hundred and twenty feet, which will cost the owners of properties upon their lines, two thousand seven hundred and eight dollars, and the City about four hundred and twenty-five dollars. We respectfully ask the adoption of the bill for the construction of said sewers, herewith presented.

AN ORDINANCE

To authorize the construction of sewers on Christian, Chestnut and Howell streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz.: On Christian street, from the east curb line of Twenty-second street to the sewer in Twenty-third street; on Chestnut street, from the sewer in Thirty-fourth street to a point three hundred and fifty feet westward from the west side of said Thirty-fourth street; and on Howell street, from the middle of Thirty-third street, westwardly about three hundred and fifty feet. Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidders, and it shall be a condition of said contract, that the contractors shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers, in manner and form authorized by Ordinance entitled "An Ordinance regulating the assess-

ment upon property for the construction of branch culverts or drains," approved May 12th, 1866, and supplement thereto approved February 16th, 1869; any excess over and above said assessment, in addition to that provided for by Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3d, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1873.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred "Resolution relative to the survey of the plot of the old City," report that the Ordinance directing this survey, provides for a very important work, as the City does not possess any plan or accurate record of the positions of streets, courts or alleys in the old City proper, and it is necessary that a minute survey be made, as the true locations of main streets are not defined or marked out, and it is also necessary to have stones planted, and the positions of corner houses marked. This will require several years to complete, and the amount appropriated is sufficient only for one year's work. In consequence of the proviso limiting the cost, the department has been unable to prosecute the work. We herewith return the resolution, and respectfully ask that it be adopted.

RESOLUTION

Relative to the survey of the plot of the old City.

Resolved by the Select and Common Councils of the City of Philadelphia, That the proviso in resolution authorizing and directing the survey and plans of the old City of Philadelphia, approved November 27th, 1869, be repealed.

APPENDIX No. 133.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—The Committee on Police respectfully report that they have considered a communication from Thomas Dolan & Co., proprietors of the Keystone Knitting Mills, for the privilege of constructing an iron bridge across Hancock street, to connect their mills at such elevation as not to interfere with travel. The Committee visited the locality, and are of opinion that the privilege should be granted. They therefore submit the annexed Ordinance to grant the privilege asked for, and recommend its passage.

AN ORDINANCE

Granting permission to Thomas Dolan & Co. to construct an iron passageway or bridge across Hancock street, above Oxford street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That permission be and the same is hereby granted to Thomas Dolan & Co., to construct an iron passageway or bridge of sufficient elevation, so as not

to interfere with public travel, across Hancock street, above Oxford street, for the purpose of connecting their mills: *Provided*, The permission hereby granted shall be revocable by the said City at its option, by the passage of an Ordinance or resolution to that effect without notice: *And provided also*, That the said Thomas Dolan & Co. shall pay to the City Treasurer for the use of the City the sum of twenty-five dollars, to pay for the publication of this Ordinance; all Ordinances or parts of Ordinances to the contrary hereof notwithstanding.

APPENDIX No. 134.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN :—The Committee on Police having had the matter of station house for the Twenty-eighth Ward under consideration, would respectfully report that the Mayor, under instructions of Councils, advertised for proposals to build said station house, which was done, and the bids opened in the presence of the Committee, Mayor and bidders, on the fourteenth of March, 1873, and Messrs. George M. and Hiram A. Miller's bid was \$25,990, and bid of C. D. Supplee was \$25,990, with J. Wood & Co.'s heating apparatus, or \$26,500, with Wistar & Bolton's heating apparatus; the bids of Messrs. Miller and C. D. Supplee were the same; and your Committee knowing that C. D. Supplee was the father of the architect, deemed it best to award the contract to Messrs. Millers, provided that they make such alterations as the Mayor might suggest, without any additional cost to the City, which they have agreed to do. The additional six hundred dollars in the appropriation is to pay the architect. The Committee therefore report the annexed bill, and ask its passage.

AN ORDINANCE

To approve the award of the contract for the erection of police station house, in the Twenty-second Police District, and to make an appropriation for building the same.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of twenty-six thousand five hundred and ninety (26,590) dollars be and the same is hereby appropriated out of the loan for police purposes approved December 30th, 1871, to the Police Department, for the purpose of erecting a station house in the Twenty-second Police District, Twenty-eighth Ward, and to pay for plans, specifications, and superintending the same; said station house to be erected according to plans and specifications prepared by Davis E. Supplee, Architect; the work to be done by Messrs. George M. and Hiram A. Miller, for the price or sum of twenty-five thousand nine hundred and ninety dollars, to be paid at such a time as the Committee on Police may direct; the contract and bond to be prepared by the City Solicitor, under the supervision of the Committee on Police, and approved by Councils, when the contractor shall have furnished the requisite security: *Provided*, That the sum shall fully erect and complete the said station house. Warrants to be drawn by the Mayor in conformity with existing Ordinances.

APPENDIX No. 135.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Committee on House of Correction, in compliance with resolution of Councils, passed March 6th, 1873, have made such alterations in the interior arrangements of the House of Correction building as the said Committee, together with the Architect and the Committee on Property of the Board of Managers of House of Correction, have deemed necessary, and report the same to Councils for their approval. The alterations, with the expense and saving to the City, as estimated by the Architect,

are herewith submitted, together with the opinion of the City Solicitor that such alterations will not impair the contract. They, therefore, request the passage of the annexed resolution.

PHILADELPHIA, *March 20, 1873.*

WILLIAM T. WAPLES, ESQ.,

DEAR SIR:—I have your favor of yesterday, stating that the Committee on House of Correction, in conjunction with the Managers, have agreed to recommend to Councils certain alterations in the building for their approval. and asking whether in my opinion such alterations will impair the contract.

If the alterations are subordinate to the general plan (and the contractor and his sureties have notice thereof), I have no doubt of your power to make them under the contract.

Respectfully yours,

CHARLES H. T. COLLIS,
City Solicitor.

WM. T. WAPLES, ESQ.,

Chairman of Committee on House of Correction :

Agreeably to the resolution of your Committee, the Board of Managers beg leave respectfully to recommend the following changes and additions in the specifications of the contract of Richard J. Dobbins, with the City.

First. That the cell wings be plastered upon the walls without studding or lath, to be finished rough, and jointed in imitation of granite blocks.

Second. That the large water tank be dispensed with, and in place of the Worthington pumps, one or more Holly pumps be substituted, sufficient to keep up a steady supply of water to all parts of the house and grounds, and serve as a fire engine in case of necessity.

One or two small tanks placed in the towers in accordance with the original plans, would be of advantage,

especially should accident happen at any time to the pumps.

Third. That one of the ovens called for shall be a rotary oven.

The Board would respectfully suggest, that an examination be made as to the feasibility of changing the rooms intended for kitchens, and adapting others to that use, in view of getting more space and light; also, as to the location of the ice house.

They would also suggest, that in consultation with the architect, a thorough examination be made into the method of heating the building, so that the utmost economy of heat and fuel may be obtained.

The Board would also call the attention of the Committee to a proposed change in the plans of five out of the six cell wings yet to be erected; which, while they believe it will be an advantage in many respects, and can be much more economically conducted, must reduce to a considerable amount the cost of their erection; it is, to dispense with the dividing or second story floors of the wings, excepting in one of those intended for the occupancy of women, who no doubt will be required to be classified into some smaller classes than would fill a whole wing. The accommodations as to bath rooms, closets, &c., need not be altered, as platforms can be extended from the third tiers of cells to where they are intended to be placed.

The advantages are better ventilation, better and cheaper lighting, and a less number of watchmen and attendants; this alteration after seeing the workings of other institutions, the Board recommend should be made.

That part of the resolution of the Committee asking the probable cost of the proposed changes, the Board are not prepared to answer, but would ask that they be referred to the architect to make the calculations.

Desiring only to make the House of Correction a success, at the least possible cost to the City, the Board are at all times ready to co-operate with the Committee of Councils in furtherance of these ends.

Respectfully submitted,

A. H. FRANCISCUS,

President.

RESOLUTION

Of instruction to the City Solicitor relative to the House of Correction.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be and he is hereby directed to prepare the necessary legal papers and agreements between R. J. Dobbins and the City of Philadelphia, so as to protect the City in the alterations made to the articles of agreement in the alterations made and suggested in the original plans of the House of Correction, by the Committee on House of Correction, Architect and Committee on Property of the Board of Managers of the House of Correction: *Provided,* That the said R. J. Dobbins shall agree in writing to waive all right to compensation for delay in the construction of said House of Correction, caused by said alterations.

APPENDIX No. 136.

PHILADELPHIA, *March 20, 1873.*

To the Common Council of the
City of Philadelphia:

GENTLEMEN:—The Special Committee, to whom was referred an Ordinance to make an appropriation to furnish and make ready for occupancy the Eighth Police District Station House, with instructions to investigate the proposed alterations and additions to, and the condition in which the said station house is in, respectfully report that they visited the station house and examined the work, and find that the same has been constructed according to the specifications. There were omissions in the specifications, which to supply by additional work, will cost about three hundred dollars; the balance of the appropriation is needed to make the quarters of the lieutenant, sergeants and men comfortable, and to provide furniture. [A memorandum of the work to be done and the furniture required, with the testimony in the matter, is hereunto annexed.]

The Committee believe that the omissions from the specifications were not intentional, but an oversight of the ar-

chitect, and to provide for the omissions, will cost the sum of three hundred dollars, as above mentioned. No blame is to be attached to the contractor, Charles C. Carman, as he has faithfully fulfilled his duty and complied with the specifications.

The Committee did not consider it proper to investigate matters not referred to them, and thereby delay the time when the City could occupy the building, with no profit from the investigation.

The Committee report back the Ordinance, and recommend its passage.

HORN R. KNEASS, *Ch'n.*

RICH'D. C. LLOYD,

CYRUS HORNE.

Iron guards for 14 cell house windows. Wooden frames and wire screens, for cell house cellar windows. Place urinal in cellar. Iron sink in cell house, and cock in yard to draw water for outside use. Wash basin in sergeant's room, with marble top. Iron bedstead frames, including 1½ inch plank top, similar to Fifteenth Street Station House. Desks in roll and drill rooms, as per plan, including platform. 20 closets, as per plan, with locks and hooks. Wardrobes in lieutenant and sergeant's rooms, of suitable size to suit recesses. Door cut to bath room from lieutenant's room. Moving pin rails from old to new station house. Iron two cell ceilings, as required, with boiler iron. suitable benches in cells. Iron gate and fence, of strong and neat pattern, in front.

Testimony, March 11, 1873.

Mr. Lyster stated: I was on Police Committee of 1872, when the plans and specifications of station houses were before the Committee; when this station house, or plans and specifications, being considered, it went through the same course as all the rest of them did; they were read over, being quite a number of pages in specification, and it would have been impossible for the Committee to have noted all that was in or out of specifications; I supposed they were complete at that time. After the contract had

been awarded and buildings partly erected, I visited the station house with his Honor the Mayor and a portion of Police Committee; I found, upon examining the building, that there was quite a number of items omitted in that building from the specifications; we discovered there were no iron joists under or over the cells; there was quite a number of other items we took notice of that I cannot tell now; but it was spoken as not complete as it should be. When we returned we examined the specifications, and we found these items omitted from the specifications; I called the attention of Police Committee at following meeting to that fact; the general Committee instructed the special Committee of that district to investigate the matter and report to the general Committee; when this Committee did report, they reported that there were no speaking tubes and no lining to the drill room, which they recommended should be done at a cost of one hundred and fifty dollars. As Mr. Sloan, the architect of the other station houses, publicly asserted that these were his plans, slightly modified, I felt that there had been a fraud practised on the general Committee. I would state in justice to the builder that he did live up to the specifications in every particular that I am aware of; the specifications did not specify the kind of pipe to drain drill room, &c., while all the other station houses, the architects entered minutely into every article the contractor was to put in the buildings. As they needed fourteen hundred dollars to fifteen hundred dollars to complete the building, I felt it necessary that there should be an investigation to show that no more money would be needed to complete the station house.

Cross-examined by Mr. Caven. I was present when the plans were adopted; I did not know who was the architect; I supposed the plans were Mr. Sloan's until they were adopted; the drawing of Sloan's plans were so different; I thought they were the plans; they resembled every particular Mr. Sloan's plans, except the front; I had experience on Mr. Sloan's plans; I think, with the exception of what were omitted, they were similar to Mr. Sloan's; I first discovered they were not Mr. Sloan's plans on the day they were adopted. The general Committee, after I called their attention to the defects, instructed the Sub-Committee to investigate. I cannot recollect whether there were over two

plans offered of this station house; this plan was adopted the same as other plans; I think the imposition laid between the Sub-Committee and general Committee.

H. C. Hawkins, *sworn*. The architects left little matters out; on account of my suggestions he left out to save costs, &c. Plans were invited by the Committee; there were no names mentioned; we merely asked architects to put in plans. There was no other impression but that the Committee was adopting Mr. Dixon's plan; there is no truth in the impression, I put my finger on the plan, covering the name of Mr. Sloan; there were two plans, viz.: Mr. Dixon's and Mr. Sloan's plan. I said to Mr. Dixon, do without as much iron as you can, and plumbing, &c., and the extra work. I was chairman of the Sub-Committee this and last year; I was not at the meeting of Police Committee the day that the matter of asking for extra appropriation came before them first, but it was stated there that there were certain extra matters needed to fit it for occupancy that would require more money; this matter was referred to the Sub-Committee of that district, and the resolution ended with power to act; at the next meeting I was not there; whether by resolution of the Committee contractors were asked to bid for extra work, I do not know; but I was told that bids had been handed to the Police Committee for this extra work, and they were in sealed envelopes, in possession of Mr. Stewart, directed to me; directed to be opened by chairman of Eighth Police District; I called a meeting of the Sub-Committee and got the envelopes out of his minute book, sealed and directed to me; called the Committee together; there were present Mr. Miller, and Mr. Geo. E. Hall, and myself; I also notified the two bidders, Mr. Carman and Mr. Franks, to be present at the Committee when this envelope was opened; they were both there in the envelope; the Committee examined them, and suggested one or two improvements; the Committee had one or two days to estimate the change, amounting to two hundred and fifty dollars; Mr. Carman's plan was adopted; under that impression they were told to go on; Mr. Shermer and Mr. Marcus were present; and on inquiry of the lieutenant we said to the contractor get your work done in three weeks from the following Monday. They said: Hawkins, draw a little contract, which I did. We went back to the Committee and

they said the Committee would report a bill to Councils to make an appropriation to pay for it ; the difference between eleven hundred dollars and fourteen hundred and eighty dollars and fifty cents, was on account of change from pine to walnut stuff.

C. T. Jones. I was on Sub-Committee of last year. I do not recollect anything about the plan of Mr. Dixon ; I was not consulted about this plan.

R. W. Downing stated : I was appointed on the Sub-Committee ; I was anxious to have the building up as soon as possible. Mr. Hawkins came to me and asked if I had any objections to Mr. Dixon putting in plans for this building ; I said to Mr. Hawkins, I did not care who drew the plans ; I went away 19th of May and came back middle of June. I understood there was no deception in the adoption of the plan ; there was none used towards me. I knew it was Mr. Dixon's plan adopted after I came home ; I read the specifications ; I saw nothing wrong ; I say I was in the station house almost every day from commencement to ending ; I saw there were some things left out that ought to be in the same ; the Sub-Committee reported in favor of stripping and gongs, bells, gas pipe, &c., for one hundred and fifty dollars. I believe Mr. Carman finished the building according to contract ; I think Mr. Carman came up to his specifications in every respect ; it is not necessary to furnish, &c., such as desks, &c., in specifications.

J. C. McCall. I had no knowledge of the building until the building was finished ; I think that Mr. Hawkins spoke to me relative to Mr. Dixon's plan ; I remember adopting Mr. Dixon's plan as Mr. Dixon's ; I had a knowledge it was Mr. Dixon's plan ; Mr. Sloan had a plan there ; I never had a notice of the Sub-Committee previous to building being finished.

Mr. B. Clifford Dixon, *sworn*. I have been in business of architect for eight years ; I have been in business myself one year this March ; I had experience from Mr. Hobbs ; my plan was sent to Mr. Hawkins ; I never made a plan of station house before ; I drew plans as employee, but not in my own name ; the plans were original and my own ideas ; I procured my ideas from Mr. Hawkins, who said there should be eight cells, roll room, &c., lodgers room, plumbing ; I visited no station houses before I prepared plans ;

there was no suggestions except Mr. Hawkins; I did not know who were the competitors; I did not see his plans; I have been paid for my services; I saw no other member of the Committee except Mr. Hawkins; I never met with the general Committee; it is not necessary to include ward-robres, &c., in contract.

Mr. Carman. All I know I estimated on this plan; I bid the second time and carried out the plan in good faith; to complete the station house would require three hundred dollars. I do not think there was a building finished that the architect attended to so thoroughly, being present every day; the expense of changes would be two hundred and fifty dollars.

APPENDIX No. 137.

To the Common Council
of the City of Philadelphia:

The undersigned, being a minority of the Committee appointed by this Chamber, to whom "An Ordinance to make an appropriation to furnish and make ready for occupancy the Eighth Police District Station House," was referred, with instructions to investigate the proposed alterations and additions to, and the condition in which said station house is, report, that the Committee proceeded to discharge its duties:

First. By an examination of the minutes of the Police Committee of last year, and of the Journal of Council for the same time.

Second. By a personal inspection of the station house, with the plans and specifications in hand.

Third. By examination of witnesses.

In regard to the first item, they found that the Subcommittee, for the year 1872, in the matter of this station house, was Messrs. Hawkins, chairman, R. W. Downing, G. W. Nickels, C. Thomson Jones, and McCall.

That at a meeting of the Committee, held May 22d, 1872, on motion of Mr. Hawkins, the plan of B. C. Dixon, architect, was adopted, and five hundred dollars be paid him for plans, specifications, and superintendence; and by Ordi-

nance of May 25th, 1872 (page 258), said plans were approved by Councils.

That by Ordinance of July 16th, 1872, page 338, Councils approved of the award of the contract for the erection of said station house, to George Diemer, for twenty-two thousand seven hundred and fifty dollars: *Provided*, Said sum should fully erect and complete said station house; but Mr. Carman appears to have been the contractor.

That by Ordinance of July 31st, 1872, page 333, Councils approved of sureties of contractor.

In regard to the second item, to wit: the personal inspection of the station house, with the plans and specifications, they found:

That some important requisites to a station house had been omitted in the plans and specifications, viz.: the proper construction of the cells, to prevent prisoners from cutting through the ceiling, and thereby escape.

Iron guards for the cell windows had been omitted, as also very necessary plumbing.

The kind of heating apparatus was not named in the specification, and the contractor placed in the one which the architect subsequently directed him.

His honor the Mayor informed some of the Committee that it was on account of the heating apparatus that he vetoed the bill to release the sureties of the contractor.

Your Committee will say, however, that the day they visited the building it was quite cold, but they found the building comfortably warm.

They found the contractor had done his duty in the building, as far as the plans and specifications required, and even made changes and alterations (at an increased expense) not required by the said plans and specifications.

The extra work, for which an appropriation has been asked, is partly in what the Committee determined was furniture, and part properly within the plans for erection of such a building, although, we think, the twenty closets required are not strictly furniture, but should have been incorporated in the plans and specifications. It was thought that three hundred dollars would probably cover the extra work required to complete the building, but an appropriation of one thousand four hundred and eighty dollars is asked for. A Sub-Committee had already ordered this work

done, but subsequently countermanded the order, although not until the work had partly progressed.

In regard to the last item, to wit: the examination of witnesses, the Committee experienced some difficulty, first, by what appeared to be conflicting testimony; and, second, by the unwillingness of the Committee to push the investigation further. Some members of Councils (including some of the Committee) had an impression in their minds, that the plans of the station house, though adopted as Mr. Dixon's plans, were really those of Mr. Sloan; or, in other words, that Mr. Dixon had, as far as was expedient for him, copied from Mr. Sloan's plans. This, a portion of the Committee thought was not only unfair as between men, but, what was most important to Councils, prejudicial to the best interests of the City. To ascertain if this was so, and who was the agent in procuring Mr. Sloan's plans, the minority of your Committee deemed it to be their duty.

Mr. Lyster, a member of the Police Committee, testified, that up to the moment they were adopted, he thought they were Sloan's plans; he says "they resemble Sloan's plans, with the exception of the front. The interior arrangements, Mr. Sloan assured me, were his plans," and that Mr. Sloan publicly asserted that they were his plans, slightly modified, and that he (Lyster) felt that a fraud had been committed on the general Committee.

Mr. Hawkins says he was acquainted with Mr. Dixon in his boyhood, but had not seen him for a number of years; that he promised him he would use his influence with the Police Committee to have his (Dixon's) plans adopted; that he said to Mr. Dixon, as economy is entering largely into the consideration of the Committee, if you can be economical, the more likely will your plan be adopted; if you can do with a little less here and there, and make the building strong, do it, and he accordingly did so. Mr. Hawkins further testified, that Mr. Sloan also presented plans to the Committee, although he never saw Mr. Sloan's plans until the day the two were submitted before the general Committee.

Mr. Sloan, was unable by reason of a previous engagement, to attend the meeting of the Committee, when the last named gentlemen were examined; and, therefore, sent a let-

ter directed to the Clerks of Council, in which he stated that he visited the site of the station house, at the request of Mr. Hawkins, who desired him to make a survey, and prepared plans for the building, which he did, and sent Mr. Hawkins a tracing of the same, which ended his connection with the affair, with a loss of at least one hundred dollars, and that his original plans were never before the Police Committee.

This you will perceive is in direct contradiction to Mr. Hawkins, when he says, he never saw Mr. Sloan's plans, until the day when the plans were before the Committee.

Mr. Dixon, the architect, is a young man, and stated under oath, that the plans of this station house were his first drawing for a station house; that they originated with himself; that Mr. Hawkins gave him a memorandum of the rooms and cells required; that before drawing the plans he never visited any station house, and that he never saw Mr. Sloan's plans; that he never saw any other members of the Committee but Mr. Hawkins.

The other members of the Sub-Committee stated that they never received any notice of the meetings of the Sub-Committee, but that at the meeting of the general Committee, it appears that some of the members knew they were adopting Dixon's plans. The managing member of the Committee seemed to be Mr. Hawkins.

In view of the testimony of Mr. Lyster, the contradiction of Mr. Hawkins by the letter of Mr. Sloan, and the fact that Mr. Hawkins gave all necessary information to Mr. Dixon as to the requirements of a station house, the minority of this Committee thought that Mr. Sloan and other gentlemen who might be able to give information to the Committee, should be summoned before it. In this they were overruled by the majority, and the labors of the Committee thereupon terminated.

So far as advised from all the facts of the case, your minority Committee recommend and find:

First. That an appropriation to complete and furnish the station house be granted; that the blank walls on both sides of the said house be plastered and whitened, and that a proper fence and gate be constructed on both sides of the front and on the rear street.

Second. That the Sub-Committee of the present year committed an error in ordering the extra work to be gone on with, without the sanction of Councils. And to this subject they would call especial attention, feeling that the best judgment of the members of both Chambers will dictate to them, the impropriety of acting or contracting for the City, without authority.

Third. That this Committee be continued, and instructed to call before them his Honor the Mayor, Messrs. Sloan, R. C. Hicks, J. C. Martin, and any other witnesses they may require, so that this Chamber may be definitely advised, whether any member thereof in the matter of the Eighth Police District Station House, has been guilty of misdemeanor in office, to wit: By depriving the City of the advantage of honest competition in the conduct of its vast business. Your minority Committee feeling that this mode of doing business is the only true plan for the City to adopt, to insure a full and honest return for money expended.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Commissioners of Fairmount Park be and they are hereby requested to designate some locality within the limits of the Park, to enable the Washington Monument Association of the Order of United American

Mechanics to erect their bronze statue of Washington, in lieu of the place now fixed by Councils in "An Ordinance to authorize the Washington Monument Association of the Order of American Mechanics, to erect a statue at Broad and Coates streets," approved March 27th, 1873.

APPENDIX No. 142.

PHILADELPHIA, *March 26, 1873,*

A. W. HENSZEY, ESQ.,

President and Members of Common Council :

GENTLEMEN:—At a meeting of the Board of Fire Commissioners, held on Tuesday, the 25th inst., the accompanying preamble and resolutions were adopted, and a certified copy forwarded in accordance therewith.

Yours respectfully,

JNO. R. CANTLIN,

Secretary.

Whereas, When the present Fire Department was organized by the Councils of Philadelphia, the Commissioners were elected with the full understanding that no salary was attached to their position; that it was their voluntary act, and they were satisfied to give their time and experience for the purpose of perfecting the same, and bringing it into active and effective force.

Being advised that there has been, or now is, before the Legislature, a bill to create a Commission of the Fire Department in Philadelphia, with a salary attached to the Commissioners, and fixing the term each is to serve, and their subsequent appointment by the court, thereby making them a body entirely independent of the Councils of Philadelphia, the original creating power of the present Fire Department, the same being entirely at variance with the wishes of the present Board of Fire Commissioners; therefore,

Resolved, That the Fire Commissioners elected by the Councils of the City of Philadelphia, openly declare that they collectively or individually had no part or lot in the framing of the bill now before the Legislature of this State;

that they have not asked for any such legislation; and further, they have no desire such bill shall pass and become a law, or any other that will in any way interfere with what they consider properly belongs to the citizens of Philadelphia, through their representatives in Councils.

Resolved, That a copy of the above be signed by the officers of this Board, and sent to both branches of the Legislature and City Councils.

JACOB LAUDENSLAGER,
President.

Attest—JNO. R. CANTLIN,
Secretary.

And the warrants shall be drawn by the Commissioner of Markets and City Property.

APPENDIX No. 148.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Committee on Finance respectfully report that they have considered a resolution of instruction to the City Solicitor, to release a certain property from the lien of the judgment entered on the official bond of Wm. RESOLUTION

Of instruction to the City Solicitor to release a certain property from the lien of the judgment against William McLaughlin.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor is hereby authorized and directed to release from the lien of the judgment entered on the official bond of William McLaughlin, late Col-

lector of Outstanding Taxes (D. C., September Term, 1869, No. 184, D. S. B.), the following described real estate, the property of John McMahon, one of the sureties of said William McLaughlin, viz.: All that certain lot or piece of ground, with the three-story brick messuage or tenement thereon erected, situate on the southeast corner of Federal and Sixteenth streets, in the Twenty-sixth Ward of the City of Philadelphia; containing in front or breadth on the said Sixteenth street eighteen feet, and extending in length or depth of that width, between lines parallel to said Federal street sixty-four feet: *Provided*, His co-surety consent thereto, and that the said John McMahon pay to the City Solicitor for the use of the City the sum of ten dollars, to pay for the publication of this resolution: *Provided, also*, That in the opinion of the City Solicitor the interests of the City will not be prejudiced by this release.

APPENDIX No. 149.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Committee on Finance respectfully report that they have considered a communication from the Trustees of the City Ice Boat, for an additional ice boat; also, "An Ordinance to make an appropriation to the Trustees of the City Ice Boats, for the building of an additional ice boat, to be paid out of a loan to be hereafter created." The Committee are of opinion that the loan should be created first. The rapid growth of the commerce of the City demands that the Delaware river should be kept open all winter, and as the Trustees inform us, in their communication, that two ice boats are insufficient for that purpose, the Committee submit the annexed Ordinance to create a loan of two hundred and twenty-five thousand dollars for the building and equipment of an ice boat, together with a

resolution to publish the same, and recommend their passage.

JOHN BARDSLEY, <i>Ch'n</i> ,	WM. T. WAPLES,

CYRUS HORNE,	WM. B. HANNA,
A. L. HODGDON,	WM. F. MILLER,
S. G. KING.	

March 27, 1873.

AN ORDINANCE

To create a loan for the building and equipment of an ice boat.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of Philadelphia be and he is hereby authorized to borrow at not less than par, on the credit of the City, two hundred and twenty-five thousand dollars, for the building and equipment of an ice boat, for which interest not to exceed the rate of six per centum per annum shall be paid half yearly on the first days of January and July in each year, at the office of the City Treasurer. The principal of said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before, without the consent of the holders thereof, and the certificates therefor, in the usual form of the certificates of City loan, shall be issued in such amounts as the lenders may require, but not for less amounts than fifty dollars, and not for any other fractional part of one hundred dollars, or if required in amounts of five hundred or one thousand dollars; and it shall be expressed in said certificates that the loan therein mentioned, and the interest thereof, are payable free from all taxes.

SECT. 2. Whenever any loan shall be made by virtue thereof, there shall be by force of this Ordinance, annually appropriated out of the income of the corporate estates, and from the sum raised by taxation, a sum sufficient to pay the interest on said certificates, and the further sum of three-tenths of one per centum on the par value of such certificates so issued shall be appropriated quarterly, out of said income and taxes, to a sinking fund, which fund and its accumulations are hereby specially pledged for the redemption and payment of said certificates.

RESOLUTION

To publish a loan bill.

Resolved, That the Clerk of Common Council be authorized to publish in two daily newspapers of this City, daily, for four weeks, the Ordinance presented to Common Council on Thursday, March 27th, 1873, entitled "An Ordinance to create a loan for the building and equipment of an ice boat," and that the said clerk at the stated meeting of Councils, after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

APPENDIX No. 150.

AN ORDINANCE

Making an appropriation to the Commissioners of Fairmount Park, of a sum of money now in the City Treasury, as a special fund for Park purposes.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of sixteen thousand seven hundred and twenty-five dollars and twelve cents, which was paid into the City Treasury by the Park Commissioners, and for fines for violation of Park Ordinances during the year 1872, and which, by the requirements of the twenty-third section of the supplemental act relating to Fairmount Park, approved April 14th, 1868, is a fund to be exclusively appropriated by Councils for Park purposes, under the direction of said Commissioners, shall be and the same is hereby appropriated to the Commissioners of Fairmount Park, to be drawn for by them in the usual manner, to pay for music or afternoon concerts in the Park, and other Park purposes.

APPENDIX No. 151.

RESOLUTION

Of request to the State Legislature.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Senate and House of Representatives, now in session at Harrisburg, be and they are earnestly requested not to pass a bill now under consideration, for the grading and paving of Baltimore avenue, from Forty-seventh street to Cobb's creek, as it will entail great expense to the City, without any reasonable return.

RESOLUTION

To discharge the Committee on Police from the consideration of resolution to annul contract with Jacob Glause for building Sixth District Station House.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Police be discharged from the further consideration of the resolution to annul a contract with Jacob Glause for the erection of Sixth District Station House.

APPENDIX No. 158.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Police, to whom was referred the resolution entitled "Resolution to repeal resolution relative to annulling contract with Samuel Sloan and Jacob Glause," would respectfully report that they have given the matter due consideration, and find that a resolution was passed in 1872, requesting the Mayor to withhold all pay to the architect and contractor, for building the Twenty-first Police District Station House, until the work was done according to contract, which this resolution is intended to repeal. The facts of the case are as follows: At the time the resolution was passed, it was the opinion of many that the contractor was slighting his work, and the architect was not holding him strictly up to his contract, but your Committee believe the work is progressing as

favorable as could be expected. They therefore report the resolution back, and ask its passage.

To the Committee on Finance :

GENTLEMEN:—Your Sub-Committee to whom was referred by the general Committee the following resolution, viz. : “ *Whereas*, In the proceeding in bankruptcy arising out of the deficit in the City Treasury, numerous litigated points have arisen, and much time and money will be expended before such and other points will be decided ; therefore,

Resolved, That the Finance Committee be instructed to investigate the matter, and ascertain if a just settlement is practicable, and to report such settlement with appropriate resolution,” would respectfully report that they have given the subject that careful consideration its importance and intimate relation to the interests of the City demand. They were attended at their meetings by William B. Mann, Esq., as counsel for the sureties of Joseph F. Marcer, late City Treasurer ; William H. Yerkes, Esq., as counsel for the assignee in bankruptcy of Mr. Marcer ; Charles H. T. Collis,

Esq., City Solicitor, and by Mr. Charles T. Yerkes, Jr., in person. In order that the result at which your Sub-Committee has arrived, may be stated with clearness and precision, it is necessary to recapitulate facts, perhaps, already known to many, if not all the members of the general Committee. The deficit of Mr. Marcer as City Treasurer, amounted to \$478,000. He gave bond with sureties to the City, in the sum of \$100,000, as required by Ordinance. After his defalcation became known and ascertained, proceedings were commenced in bankruptcy against Mr. Marcer by the City, and he was adjudged a bankrupt. Similar proceedings were also instituted against Mr. Charles T. Yerkes, Jr., who had been acting as broker for Mr. Marcer in the sale of City loan, and whose failure caused by the great re-action consequent upon the Chicago fire, rendered him unable to pay to Mr. Marcer the amount due the Treasury of the City, and thus developed the deficiency of Mr. Marcer in his accounts. The sureties of Mr. Marcer finding that they would be called upon to pay the amount of their bond, obtained from Mr. Marcer the sum of \$55,000 of his individual and private property, and with this and the balance of \$45,000 of their own moneys paid the sum of \$100,000 to the City Solicitor. This reduced the deficit of Mr. Marcer to \$378,000. The sureties of Mr. Marcer, in order to still further protect themselves from loss, obtained from Mr. David Jones, who had been chief clerk in the office of the City Treasurer, a conveyance to them of all his real estate, estimated to be worth from \$20,000 to \$30,000. It seems, however, upon reflection, Mr. Jones repented of his action, and soon commenced legal proceedings to set aside the conveyance to the sureties. The consequence is this suit is still pending, and Mr. Jones being in possession of his real estate, that his property is, to use a homely expression, tied up, and can at present be of no value either to the sureties or to Mr. Jones, for neither has a good title, as before stated. The balance now due by Mr. Marcer is \$378,000, to recover which the City can look only to the assigned estates of Mr. Marcer and Mr. Yerkes. In the present position of the bankruptcy proceedings, the assignee of Mr. Marcer can undoubtedly compel the sureties to refund to him the \$55,000 which they obtained from Mr. Marcer. The assignee of

Mr. Marcer will also claim from the estate of Mr. Yerkes the \$378,000, or its pro rata, and if this claim be sustained, the amount received would be assets for distribution among the creditors of Mr. Marcer, unless the City, by continuing the litigation, should establish its claim directly against Yerkes' estate, and thus exclude the other creditors of Mr. Marcer from any right to this fund. Then the sureties of Mr. Marcer having paid \$100,000 of his debt to the City, claim that they are entitled to a dividend or pro rata of that amount from the estate of Mr. Marcer, which, if allowed, would reduce the amount to be awarded to the City. The judgment on the bond and warrant of Mr. Marcer and his sureties, although paid, has never been marked "satisfied." The sureties are desirous of having this accomplished, and also of compromising and ending the expensive litigation in the bankruptcy proceedings, alleging that by the latter course more money will be realized by the City than by continuing the litigation. The offer made by the sureties (as will more fully appear in a paper hereto annexed entitled "In re City Treasury Deficit) is: First. That the sum \$15,000 shall be paid to the City, this being the amount agreed to be paid to them by David Jones, or his friends, to secure the reconveyance of his real estate. Second. The estate of Charles T. Yerkes, Jr., will in all probability pay twenty-five cents on the dollar on the entire claim of the City and the sureties, viz.: on \$478,000, this will realize about \$120,000; this sum will be paid to the City. Third. The balance of the Swatara Fund, say \$5,000, in dispute between Marcer's estate and estate of Yerkes, if recovered, is also to be paid to the City. This fund is claimed by Mr. Marcer's assignee from the Yerkes estate, by virtue of Mr. Marcer holding an assignment of the mortgage of the Swatara property, upon which it was sold at sheriff's sale, and it is supposed will realize above that sum. These payments would then realize to the City.....\$140,000
Add amount of Marcer's bond paid by the sureties. 100,000

\$240,000

Leaving a balance still of Marcer's deficit of \$238,000 and the interest accumulated since the defalcation.

The acceptance of this proposal of the sureties compre-

hends a withdrawal of the sureties by the City from any further claim upon Marcer's estate in bankruptcy.

His estate, exclusive of the \$55,000 to be refunded by the sureties, and his claim upon the Swatara Fund, is very small. The dwelling he occupies is encumbered and would not realize at a sheriff's or marshal's sale more than \$3,000 above encumbrances, and having other creditors than the City, it is proposed to leave this balance, which constitutes his entire estate, for their payment.

In view of all the facts and circumstances of the case, your Sub-Committee have arrived at the conclusion that it is wise and beneficial to the City to end this tedious, complicated and expensive series of litigation. They believe that more would be saved to the treasury by so doing, than by further contesting the matter which, if ending in a victory for the City upon the different points urged by the City Solicitor in her behalf, yet it would be at the loss of a large amount consumed in fees and court expenses. They, therefore, report the annexed resolution, and recommend its adoption by your Committee and by Councils.

In re City Treasury Deficit.

It is proposed to pay \$15,000 into the City Treasury, and for the sureties to release all right to substitution, subrogation, and proof of debt, both against the estate of Marcer and estate of Yerkes. In other words, it is proposed that the City shall receive \$15,000, and all benefits that can accrue to any one because of debt of \$480,000, due by Yerkes, and because of any fact or thing connected with the dealings of Yerkes, with the City Treasury.

In consideration of the above, the sureties asked to be released of all further litigation or responsibility that can arise from being their sureties, and from any conduct of theirs connected in any way with their contract as sureties.

To effectuate such a settlement, it is necessary that the judgment against them shall be satisfied, and that the

assignee of Marcer shall discontinue all actions which directly or indirectly aim at any conduct of the sureties, and that the City shall assent to such discontinuance.

It will be necessary for the City (since by this arrangement the sum of \$55,000, which was undoubtedly the estate of Marcer, is released by the assignee, and the City gets the benefit of it) to renounce claim to dividends in Marcer's estate, in order to provide a fund for the other creditors of Marcer.

This is all that is asked, although it may be possible that minor details will have to be considered when an Ordinance is framed.

It is probable that such a settlement will be beneficial to the City?

In considering the questions involved, the question of the right of the sureties to receive the \$55,000, and to apply it as they did, will be dismissed with this remark. Marcer and the sureties were jointly bound. Could not Marcer have paid the \$55,000, and appropriated it to the bond, and upon the payment of \$45,000, would not the sureties have been discharged, and in this case were the sureties anything more than agents of Marcer, to make such payment and appropriation?

The City was required by the judge to amend their petition in bankruptcy against Marcer, by offering to return the \$55,000. All consideration of the effect of that requirement and amendment will be waived.

The City has proved a debt against the estate of Yerkes, and the proceedings against Marcer are based on the same debt.

The first question is: Can the City receive from Yerkes' estate the full dividend on \$480,000? This is answered in the negative by the 22d section of the Bankrupt Act, requiring "that the sum claimed is justly due from the bankrupt to the claimant." Here only \$380,000, not \$480,000, is due the claimant. It is evident that the City cannot receive this sum as dividends. To whom must the dividend on the \$100,000, already paid the City, go? If it is decided that the City is a creditor of Yerkes, this decision, excluding Marcer's estate as to the \$380,000, must exclude that estate as to the \$100,000, except so far as that estate paid the \$55,000. The dividend cannot remain for the benefit of Yerkes' estate. If this matter

is to be settled solely through proofs of debt, dividends, and the ordinary bankruptcy proceedings, it has already been seen that the City cannot receive it; it should not lapse for the benefit of Yerkes; and the decision that Marcer's estate is not entitled to dividends on \$380,000, would be against its right to this, except so far as that estate has paid the City. Does not equity require that those who paid that particular sum of money to the City, should be substituted for the City as far as it is concerned? Those persons were not volunteers. And no one is injured by it; no one has an interest entitling him to object. The City cannot claim it. It would be an act of injustice to decide that it should remain for the benefit of Yerkes' estate, and the only possible title to it is in the sureties and Marcer's estate. When the sureties are forced to refund the \$55,000, or when the City returns to Marcer's estate the \$55,000, and recovers the then deficit on the bond from the sureties, the sureties would be entitled to all the dividends on the \$100,000.

If it should be decided that all the dividends from Yerkes' estate must go to Marcer's estate, the City and sureties would be creditors, but the dividends to them would be about the same that they would receive if it was decided that they could claim direct from the estate of Yerkes; as the amount of the other debts of Marcer are too small to disturb the proportion.

It has been thought that the sureties are precluded from recovering dividends, because they received a preference. When Marcer was adjudicated a bankrupt, this question was passed upon in favor of the sureties. The ground of this undoubtedly was, that the money received by them was immediately paid to the City. It would be very hard to tell which received the preference, the City or the sureties.

A simple illustration proves the right of the sureties to be substituted. Suppose the estate of Yerkes paid dollar for dollar, and that the sureties had paid the \$100,000, the City would get all that was due when it received \$380,000. Any decision that, under present circumstances, would prevent the sureties from subrogation, would prevent them from getting the \$100,000 when the estate paid dollar for dollar. Some one may say, that no one is entitled to subrogation until the creditor is paid in

full, and that the present case and the above illustration are not parallel. The answer is, that the only debt for which the sureties are bound has been paid in full. And, also, that the Bankrupt Act prevents a creditor having valuable collateral or other security from receiving dividends on his original debt, but requires credit to be given for all securities.

Again, the 19th section of the Bankrupt Act permits any person bound as bail, surety, guarantor, or otherwise for the bankrupt, to prove his debt. These words are comprehensive enough to include those bound for the bankrupt's debt, although not personally bound for the bankrupt.

It may be urged that there is a specific fund, or that there is ear-marked property that belongs to the City. If that is so, under ordinary circumstances the City could claim it. It is not pretended that the identical assets that belonged to the City, and the value of which makes up the debt, exist in specie in the hands of the assignee of Yerkes; on the contrary, they do not. If so, there can be no claim for specific assets in re Yerkes. The produce of any particular funds in the shape of dividends, might be such a specific and ear-marked fund, that the owner of it might claim. But before it becomes so specific and ear-marked, it must be declared and set apart as a dividend to some one. It has already been seen that only a portion of the produce or dividend can be declared due the City. Could it recover the dividend on the \$100,000, as a specific fund? The objections to it are, that the sureties will say that by their payment of that \$100,000, they have become the owner of the \$100,000, the produce of which is in dispute; and second, the City have received a dividend on its entire debt from this estate. That this proof of debt is like an action sounding in contract; that the claim of the specific fund is like an action sounding in tort, and two such actions cannot be maintained at the same time for the same cause of action.

Had the City not proved its debt in re Yerkes, and had the dividend been declared due to Marcer on the entire sum of \$480,000, the City might (had it not proceeded against Marcer in bankruptcy) have claimed the dividend as a specific fund belonging to it. The City would have been embarrassed by the claim by the sureties of their

equitable ownership of a part of the original fund, but not by the second objection above stated. The difficulty now in the way is, the City has proved its debt against Marcer, and had him adjudicated a bankrupt. This is not only like an action sounding in contract, but there is a judgment entered in it. This would prevent their now claiming the specific fund, and in this case the City would certainly be held to its election. The City has been benefited by this election; for had not Marcer been adjudicated a bankrupt, there would have been no way of pushing any claim against the sureties, and nothing to prevent the sureties from urging their claim to subrogation. The gains by that election are the present rights of action against the sureties; and within reach are the sum of \$15,000, and a release by the sureties of all claims to subrogation, and an assignment of all the rights of Marcer and the sureties against estate of Yerkes.

The comparative gains by litigation, and by compromise, are now exhibited :

Marcer's estate will consist of the sum expected	
to be recovered from the sureties.....	\$55,000
Swatara fund.....	5,000
	<hr/>
	\$60,000
Probable expenses.....	5,000
	<hr/>
	\$55,000
	<hr/>

Of which City would receive 4-5 and the sureties 1-5.

Yerkes' estate will pay about 25 per cent.

If dividends go direct to City, and the sureties are entitled to dividends on the \$100,000, City will receive :

From Yerkes 25 per cent. on \$380,000.....	\$96,000
4-5 of \$55,000, of Marcer's estate.....	44,000
	<hr/>
	\$140,000
	<hr/>

It is proposed that City receive in cash.....	\$15,000
Entire dividends on \$480,000, at 25.....	120,000
Swatara fund.....	5,000
	<hr/>
	\$140,000
	<hr/>

If it is decided that the City is also entitled to dividend on the \$100,000, or that Marcer's estate must receive that dividend, and the sureties, indirectly, only one-fifth of it, either of which decisions seem impossible, and will not be acquiesced in, except after a prolonged contest, and a final decision in the highest courts, the City will lose by the proposed settlement in one case, \$25,000, and in the other, \$20,000. This amount will be decreased by the increased expenses, to a considerable extent.

In the above statement of what the City is entitled to, and what it is proposed to give in settlement, the difference between \$96,000 and \$140,000, or \$44,000, represents what the filing of the petition against Marcer may be made worth to the City, or the value of the election already spoken of. If it is decided that the sureties did right in receiving the \$55,000, and paying it over to the City, and that that sum cannot be recovered from them, the City will not gain by Marcer's bankruptcy, and will lose the \$44,000 which is now offered them.

RESOLUTION

Of instruction to the City Solicitor relative to the proceedings in bankruptcy against Joseph F. Marcer and Charles T. Yerkes, Jr.

Whereas, Protracted and expensive litigation is likely to ensue before the final settlement of the question affecting the rights of the City, which arise in the bankruptcy proceedings against Joseph F. Marcer and Charles T. Yerkes, Jr.;

And whereas, It is desirable that all questions arising in those proceedings should be settled without further litigation; therefore

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be and is hereby authorized and directed to compromise and adjust the matters at issue between the City, the sureties of Joseph F. Marcer, and the assignee in bankruptcy of the said Joseph F. Marcer, upon the following basis, to wit: The sum of fifteen thousand dollars in cash, to be paid to him for the use of the City, an assignment to be executed and delivered to him by the assignee in bankruptcy of Joseph F. Marcer to the City, of all the right, title and interest of the estate of the said Joseph F. Marcer in what is known as

the Swatara fund, and in and to all dividends due or to become due from the estate of Charles T. Yerkes, Jr.; and an assignment to the City by the sureties of Joseph F. Marcer, to be executed and delivered by them to the City Solicitor, of any and all their right to dividends from the estate of Charles T. Yerkes, Jr., because of their payment to the City of part of the debt of four hundred and seventy-eight thousand dollars, due from the said Yerkes; said sureties to also release all their right of substitution or subrogation, and all right to proof of debt against the estate of the said Joseph F. Marcer. And upon the foregoing being performed to the satisfaction of the City Solicitor, he is hereby authorized and instructed to enter satisfaction upon the judgment of record upon the warrant of attorney accompanying the official bond of Joseph F. Marcer, and to assent to a discontinuance of any proceedings instituted by the assignee in bankruptcy of said Joseph F. Marcer, based on matters connected with the deficit of said Joseph F. Marcer while City Treasurer. And in order to provide a fund for other creditors of the said Joseph F. Marcer, in lieu of the fifty-five thousand dollars hitherto paid by his sureties to the City, the City Solicitor is hereby also authorized and directed on behalf of the City to withdraw and renounce any and all claims to any dividend out of or from the estate of the said Joseph F. Marcer in bankruptcy: *Provided*, That nothing herein contained shall release or discharge the balance of the indebtedness of the said Joseph F. Marcer to the City. *And provided also*, That the City of Philadelphia shall not be chargeable with any of the costs of the said proceedings in bankruptcy against the said Joseph F. Marcer.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—The Committee on Port Wardens, to whom was referred the petition of the lessees of Chestnut street wharf, Delaware, asking for an extension of their lease, respectively report that we have given the subject our careful consideration, and in view of the following reasons, believe that the petition should be granted:

First. It has been an established landing for steamboats, for the lines running up and down the river, for the last thirty years.

Second. That in view of the proposed alteration on the river front by the Pennsylvania Railroad Company, in widening the avenue, will reduce the size of the pier as it now exists to about seven feet in length.

Third. That originally the wharf rented for three hundred dollars, and is now leased to the present lessees at three thousand dollars, which is considered a high figure for so small a landing.

Fourth. The trade and travel upon the river is of an extensive character, and increasing, and requires some central place of landing.

Fifth. That the company desires to make extensive improvements in way of a floating pier, at the expense of several thousand dollars, which they do not feel willing to do without such a guarantee as would enable them to make said improvements without serious loss to themselves.

The Committee believe that the proposed improvement would benefit the City financially in the end, and afford greater facilities to trade and safety to the citizens in getting on and off the boats. We therefore offer the annexed Ordinance, and ask its adoption.

GENTLEMEN :—The Committee on Port Wardens, to whom was referred the petition of the Penn Coal and Ice Company, asking that their present lease of Spruce street wharf, Schuylkill, may be extended for a term of eight (8) years from the expiration of their present lease, would respectfully report that we have given the matter our careful consideration, and in view of the fact that the City has obtained but merely nominal rents from its wharf property on the Schuylkill front, and also the advantage to the business on said river, as well as the advantage accruing to the City by having its wharves extended without any outlay, we are of the opinion that the interests of the City will

be enhanced by granting said petition, and therefore offer the annexed Ordinance, and ask its adoption.

To authorize the Commissioner of Markets and City Property to enter into a new lease with the present lessees of Spruce street wharf, on the river Schuylkill, the same to take effect on the expiration of their present lease.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Commissioner of Markets and City Property be and he is hereby authorized to enter into a new lease (to take effect on the expiration of their present lease) with the Penn Coal and Ice Company, the present lessees of Spruce street wharf, on the river Schuylkill, at the same annual rental, for a term of eight (8) years from the expiration of the present lease: *Provided*, That the said Penn Coal and Ice Company shall, before the execution of said lease, bind themselves to extend said wharf, of its present width and dimensions, to the Port Wardens' line at their own expense, and during their term keep the same, and at the end of term deliver the same in good order and repair, without any expense to the City for said extensions, repairs, &c.: *Provided further*, That nothing in this lease shall be construed to interfere with or abridge the rights of the tenants or owners of the property on the north and south side of said Spruce street, to use the said street in common with the citizens of this commonwealth: *And provided further*, That if the City authorities shall at any time require possession of said landing, during the term, for the purpose of building a bridge, that the City shall not be liable for any damages.

APPENDIX No. 171.

AN ORDINANCE

To purchase a lot of ground in the Eighteenth Ward for the purpose of building a police station house in the Eleventh Police District.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Solicitor be and he is hereby authorized and directed to examine the title to all that lot of ground situate on the southeast side of Girard avenue, commencing at a distance of seventy-seven (77) feet southwest of Vienna street; containing in front on said Girard avenue sixty (60) feet, and in depth ninety-two (92) feet six (6) inches, and if he approves the same, that he cause a conveyance thereof to be made to the City of Philadelphia, in fee: the consideration therefor to be the sum of five thousand dollars.

SECT. 2. That the sum of five thousand dollars be and the same is hereby appropriated for the purchase of the above lot of ground: *Provided*, That the same be taken out of the loan for police purposes, approved December 30th, 1871, to pay for said lot of ground heretofore described. And warrants therefor shall be drawn by the Mayor in conformity with existing Ordinances.

APPENDIX No. 172.

OFFICE OF THE CITY TREASURER,
PHILADELPHIA, April 3, 1873.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—It is my pleasure, and I think it due to your honorable bodies, to inform you that the entire list of Registered City Warrants has been called in for payment.

All warrants are, therefore, payable on presentation, interest ceasing on the floating debt of the City from this date.

Very respectfully,
PETER A. B. WIDENER,
City Treasurer.

APPENDIX No. 173.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—I withdraw my offer to sell to the City my lot on Girard avenue, for a police station. The opposition to my lot seems to me to be actuated by other motives than the good of the City. The lot I offered is larger and cheaper than any other submitted, but as further delay will subject the police to great discomfort and inconvenience, and deprive the district of a much needed station house, I withdraw my lot from the consideration of Councils.

Very respectfully,
JOS. S. ALLEN.

No. 452 Richmond st., Eighteenth Ward.

APPENDIX No. 174.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—You are aware that I have a contract with the City of Philadelphia, for laying a wood pavement on Broad street, from Columbia avenue to Willow street, at the price of \$4 per square yard. Said contract bears date July 10th, 1867, and was executed under authority of an Ordinance approved July 5th, 1867, to which I respectfully refer. By the terms of the said contract, I was to collect cost of said pavement (except for intersections) from the owners of property abutting on said street; but the Supreme Court of the State decided that owners of property should not pay for said pavement, and since said decision, the City has paid me for all pavement laid under said contract.

After waiting patiently since May, 1868, I now respectfully ask your honorable bodies to provide payment for balance of contract (from Coates to Willow street), in order that I may complete said work. It is proper for me to say, that the pavement laid down in 1866 and 1867, was laid by inexperienced men, and out of wood not prepared for the special purpose. I am now ready to proceed to lay down

the best wood pavement in the United States, out of wood burnetized for the special purpose (although greatly adding to its cost), as I am very desirous of convincing the people of Philadelphia, that wood pavements will last many years; and for this purpose, as well as to keep my faith with the City, I will agree to lay said pavement for the price of \$3.75 per yard, and will permit the City to keep all the cobble stones, or I will do the work for \$3.50 per yard, and I will take the cobble stones.

I will also give ample and satisfactory security to keep said street in good repair for five years from completion of contract.

If you should conclude not to have the contract completed, I am willing to annul the same, provided you allow me such compensation as may be deemed just and proper.

Yr's truly,

JONATHAN TAYLOR.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Controller be authorized and directed to make the following transfers in "An Ordinance to make an appropriation to the Trustees of the City Ice

Boat for the year 1873," approved November 30th, 1872, viz.: From Item No. 2. "For fuel," to Item No. 1. "For repairs to and equipment of boats and machinery, two thousand dollars." From Item No. 4. "For provisions," to Item No. 5. "For insurance, &c., five hundred dollars."

APPENDIX No. 185.

To the Common Council
of the City of Philadelphia:

GENTLEMEN :—The Special Committee of Common Council, appointed under resolution entitled "Resolution to appoint a Committee to investigate charges," would respectfully report that they met on April 3d, for the purpose of their appointment, and had before them certain reporters of the public press. They also notified Mr. Hawkins to appear, to which he replied by letter, that he was under secrecy not to divulge the name of his informant. The reporters present were sworn and asked the following question: "Did you ever say to Henry C. Hawkins, member of Common Council, or any other member of either branch of Councils, or to any other person or persons, that for three hundred dollars or any other amount of money, you would place him or them in a favorable light in the newspapers of this City, or influence any other person or persons to do so, in connection with any investigation in which he, Mr. Hawkins, is or was concerned in?" To which all present answered in the negative.

On Saturday, April 5th, the Committee again met, when the balance of the reporters of the public press were present and sworn, and all made the same negative answer. At this meeting Mr. Hawkins appeared and was sworn, and stated that he was still under the ban of secrecy not to reveal the name of his informant, and also stated that he was not correctly reported; that what he did say was, that a representative of the reporters waited on him and said, that for three hundred dollars he could influence the reporters of the public press in the investigation of the Eighth District Police Station House.

Your Committee therefore unanimously report the charge

not sustained in any particular. And inasmuch as your Committee has been informed that the Court of Common Pleas has decided that Mr. Hawkins is not now a member of this Common Council, we forbear making any remarks or recommendations in connection with this case, except that members of Councils should not publicly, on the floor of the Chamber make charges they are unable to substantiate, more particularly when such charges affect the honor and integrity of others, and especially those connected with the public press, who have and should have so fully the confidence of the public, and your Committee ask the adoption of the annexed resolution.

JOHN BARDSLEY, *Ch'n*,
JOHN S. BISPHAM,

W. ELWOOD ROWAN,
JOHN C. MARTIN.

April 10, 1873.

RESOLUTION

To discharge the Committee to investigate the charge made by Henry C. Hawkins against reporters of the newspapers of this City, from the further consideration of the subject.

Resolved by Common Council of the City of Philadelphia,
That the Committee to investigate the charge made by Henry C. Hawkins against reporters of the newspapers of this City, be and the same is hereby discharged from the further consideration of the subject.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the resolution instructing the Chief Engineer and Surveyor to place Meeting House lane,

from Girard avenue to Fifty-third street, upon the plan of the City, report that the matter was referred for examination to the Board of Surveyors, from whom your Committee received two reports, one of which was from the Surveyor and Regulator of the Eleventh Survey District (in which the lane in question is located), setting forth that the said Meeting House lane "is the only road extending from Market street to Lancaster avenue, a distance of twenty-one squares, and it seems imperative upon us to provide an outlet for the great amount of travel that passes over said lane," this report was confirmed by a number of the most respected gentlemen of the district, proprietors of large estates paying heavy taxes, who represented that it would only be necessary to place this lane upon plan to enable the City to keep it in proper order, and after Fifty-second and Fifty-third streets, as laid down upon City plot, were directed to be opened, then this lane could be vacated. Your Committee return the resolution with an amendment providing for the cost of preparing duplicate plans, and respectfully ask its adoption as amended.

AN ORDINANCE

To authorize the construction of sewers on Carlton and Catharine streets, Park avenue, Jasper, North, Callowhill, Franklin, Seventeenth, Chestnut, Walnut, Fifteenth, Jefferson, Oxford, and West streets, Girard avenue, and across Greenway avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz. :

On Carlton street, from Thirteenth street to Broad street.

On Catharine street, from the sewer now laid in Second street, to a point in the east curb line of Third street.

On Park avenue, from Jefferson street to the summit south of Columbia avenue.

On Jasper street, from the southwest curb line of Lehigh avenue to the culvert in Huntingdon street.

On North street, from the sewer in Eighteenth street to the east curb line of Nineteenth street.

On Callowhill street, from Franklin street to Eighth street.

On Franklin street, from the north curb line of Wood street to the sewer in Willow street.

On Seventeenth street, from Walnut to Sansom street, thence in Sansom street eastward to the summit near Sixteenth street.

On Chestnut street, from Thirty-third street to Thirty-fourth street.

On Walnut street, from Forty-first street to Forty-second street.

On Fifteenth street, from Coates street to Swain street, thence on Swain street, from Fifteenth to Sixteenth street.

On Jefferson street, from America street to Mascher street.

On Oxford street, from Twentieth to Twenty-first street.

On Girard avenue, from Twentieth street to the west line of Corinthian avenue.

On West street, from Brown street to Parrish street.

Across Greenway avenue, from Seventy-first street to Seventy-second street.

Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidders, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessments upon property for the construction of branch culverts or drains," approved May 12th, 1866, and supplement thereto approved February 16th, 1869, any excess over and above said assessment, in addition to that provided for by Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3d, 1868, to be charged to item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1873: *Provided*, The aggregate amount for the sewers above specified shall not exceed the sum of forty-one hundred dollars.

APPENDIX No. 204.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolutions; “To place Occident avenue, in the Twenty-third Ward, upon the City plan,” and “Of instruction to the Committee on Surveys to construct a sewer on Front street, from Bainbridge to Christian street,” respectfully report the former (“Placing Occident avenue upon City plan”) as being very objectionable as to location, and strongly opposed by all the property owners, with one exception, upon the line of the street; and the latter (“To construct a sewer on Front street, from Bainbridge to Christian street”) to be entirely inexpedient, as it would divert the drainage to an already overcharged sewer in Christian street, and respectfully ask the adoption of the resolution herewith.

APPENDIX No. 207.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia :

GENTLEMEN :—The Committee on Police, to whom was referred the communication of Samuel Sloan, architect for building the station house in the Nineteenth Police District, on Lombard street, below Eighth street, would respectfully report that they have examined the matter, and find that the facts contained in the same are true, viz. : That the contractor was to have the station house finished by January 1st, 1873, but possession could not be had of the lot until within a week or two, and your Committee are of opinion that the time should be extended for finishing the same until the 1st of August, 1873, as the contractor was not in fault. They also recommend the substitution of Natrona in place of granite stone, in finishing the same. They therefore report the annexed resolution, and ask its adoption.

APPENDIX No. 214.

LAW DEPARTMENT,
PHILADELPHIA, *April 17, 1873.*

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—By an act of Assembly approved May 6th, 1872 (Pamphlet Laws, p. 1163), the Chief Commissioner of Highways is directed to open Fifteenth, Sixteenth, and Norris streets through Monument Cemetery. The act further provides, that "on assessing damages for said opening, the cost of a suitable enclosure of said cemetery ground on said streets shall be allowed."

If it is contemplated to remove the railings from around any of the public squares, and Councils direct that the railings thus removed shall be appropriated to the purposes indicated by the act of Assembly referred to, the damages assessed against the City for the opening of the streets, will be proportionately reduced. I therefore have deemed it my duty to invite your attention to the subject.

Very respectfully,

CHARLES H. T. COLLIS,
City Solicitor.

APPENDIX No. 215.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia :

GENTLEMEN :—Having seen a communication published in the daily journals, signed by J. Hulme and others, reflecting upon the management of the office which I have recently vacated, by reason of the expiration of my term, I deem it my duty at the earliest moment, to address you upon the subject therein referred to.

As far as I am able to gather from the communication, it charges me with a direliction of duty in omitting to make monthly returns of uncollectable bills, in reference to which I herewith submit the following correspondence between the Board of Revision and myself, dated this day.

TO THE BOARD OF REVISION OF TAXES,
CITY OF PHILADELPHIA.

GENTLEMEN :—In a communication published in yesterday's Inquirer, signed by J. Hulme and others, I am charged with omitting to furnish monthly returns of uncollectable bills, as required by law. Will you be good enough to state fully, over your signatures, what has been my practice in this particular during my incumbency of the office of Collector of Delinquent Taxes.

Very respectfully yours,
(Signed,) JNO. L. HILL.

(Reply.)

OFFICE OF THE BOARD OF REVISION OF TAXES,
PHILADELPHIA, *April* 17, 1873.

JOHN L. HILL, Esq.,

DEAR SIR :—Your letter of the 16th inst. has been received, and in answer to the questions contained in it, would reply that in response to similar inquiries from a Committee of the Reform Association, we replied by letter, as follows :

PHILADELPHIA, *April* 5, 1873.

HENRY B. TATHAM, Esq.,

DEAR SIR :—Your letter of the 3d inst., requesting to be informed whether John L. Hill, Collector of Delinquent

Taxes, has regularly made returns of lists of bills of taxes which are uncollectable, with good and sufficient reasons therefor, as required by act of March 24th, 1870, has been received, and I would reply, that we received one or two monthly returns in the form prescribed by the act of Assembly of 1870, none since that time.

I may add, that the Board of Revision of Taxes require that satisfactory evidence shall be presented to the Board by the persons whose property is assessed in error, or in case of their inability to appear by reason of age, sickness, non-residence, &c., by some person acquainted with the facts, representing them before any correction is made, and it is the practice of collectors, when errors are alleged in bills put into their hands for collection, to direct the parties to present the facts to the Board for decision. By this method we *daily* hear and determine cases which were contemplated in the list of uncollectable.

Yours truly,

THOMAS COCHRAN.

The above letter fully answers what has been the practice of your office in respect to the matters inquired of during your incumbency, so far as the same is known to us.

THOS. COCHRAN,

WM. LOUGHLIN,

SAML. HAWORTH,

Board of Revision of Taxes.

It further charges, that when I came into office, it was estimated that the amount due the City for unpaid taxes was \$5,168,991.77, and that I have been derelict in duty in omitting to collect a part of this sum, and in failing to report "good and sufficient reasons" for not collecting the balance.

To those who have served in Councils, and who are familiar with the old mode of assessing and collecting taxes prior to the organization of the Board of Revision, no explanation is necessary, but to the public, who are not cognizant of the condition of the claims of the City for taxes previous to this, a word or two of explanation may be necessary.

These claims for taxes were founded upon assessments, which included such properties as the United States Navy

Yard, Penn Squares, United States Mint, Gas Works, school houses, churches, station houses, engine and hose houses, cemeteries, and generally all property exempted by law from taxation.

Immediately upon entering upon the duties of my office, I diligently proceeded to collect the amounts due the City, and in over eleven hundred cases, numbers of which have not yet been collected, legal proceedings have been instituted. In a large number of these cases affidavits of defence were filed, and points of law raised by the delinquents were decided against the City by the lower courts, but upon my appeal to the Supreme Court, these decisions were reversed shortly before I went out of office. All these litigations were conducted to a successful issue, at my own expense, although the probabilities are, I shall never be reimbursed for the outlay. While these cases were pending, other cases presenting the same points in which I filed liens, were, of course, not pressed, but suffered to await the final decree of the Supreme Court.

I have thus protected the City's interest to the best of my power, and rendered it far less difficult for my successor to collect these claims.

A casual reader might suppose from the communication referred to, that during my three years' incumbency, I had only collected \$1,077,616.75; whereas, the fact is, I have collected and paid into the City Treasury the sum of \$2,919,719.31.

It is charged also that my accounts are not audited, or submitted to the supervision of any City official, and that there is no officer upon whom this duty devolves.

This is a gross misrepresentation; the truth is, that it is the duty of the Controller of the City of Philadelphia to audit, supervise and investigate my accounts, which duty has been strictly and faithfully performed by him, as will be seen by the correspondence between him and myself, dated this day, to which I respectfully call you attention.

S. P. HANCOCK, Esq.,
City Controller:

DEAR SIR:—Will you be good enough to read the enclosed communication, signed by J. Hulme and others, and say whether it is your duty, and has been your practice to

audit my accounts; and further, I shall be glad to have from you a statement of the gross amount of delinquent taxes collected during my term of office. If there are any other subjects referred to in the communications, upon which you can give information, I shall be obliged to you, as I propose transmitting your answer to Councils.

Very respectfully yours,
(Signed,) JNO. L. HILL.

DEPARTMENT OF CITY CONTROLLER,
PHILADELPHIA, April 17, 1873.

JOHN L. HILL, ESQ.,

DEAR SIR:—Your communication of the 16th inst. is received. You request me to read the accompanying communication, signed by J. Hulme and others, and say whether it is your duty, and has been your practice to audit my accounts; and also request a statement of the aggregate amount of delinquent taxes collected during your term of office, and any other information I can give.

I reply I have read the statement as published in the newspapers, as the report of the committee of thirty. Much of their report does not come under the care of this department. To make a full and correct statement, such as should emanate from this department, to cover all the facts, the time you state will not admit of; but in view of so much misunderstanding in regard to the mode of collecting taxes, and the course of audit by this department, I think it should be fully explained. In reply to your questions, I submit the following sums, as the amount collected by you since April 7th, 1870:

Collected in 1870.....	\$537,575 85
“ 1871.....	878,335 67
“ 1872.....	812,179 65
“ 1873 to April 7th.....	678,500 03
State tax collected.....	13,219 28

Total.....\$2,919,719 31

Your accounts are being audited under the regular mode of this department

If time and opportunity is afforded, I will give a full explanation hereafter.

(Signed,) SAMUEL P. HANCOCK,
City Controller.

Upon relinquishing my office, I surrendered to S. P. Hancock, Esq., City Controller, all the books, papers and accounts of my department, and the same day paid to the City Treasurer the balance in my hands.

The City Controller is now engaged in examining and auditing these books and accounts as required by law, and in due time, I feel confident, he will be enabled to report that they are correct in every particular, and I trust the members of Councils will then do me the justice to say I have given a faithful "account of my stewardship."

I have the honor to remain

Your obd't serv't.

JOHN L. HILL.

APPENDIX No. 216.

RESOLUTION

Of instruction to the Committee on Finance.

Whereas, There has appeared in the public papers a communication, signed by several respectable citizens, alleging that there has and does now exist gross irregularities in the Department of Collector of Delinquent Taxes, as well as against several other departments of the City government; and,

Whereas, It is the manifest duty of these Councils to keep strict guard over every department of the City, and to give respectful consideration to every complaint, without regard to any other than the interests of the people; therefore,

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Finance be and they are hereby directed to carefully examine the method of doing business in the said department, as well as to investigate all of said alleged facts, together with any other complaints which may be respectfully submitted to them, and to fully and strictly examine, or cause to be examined, the accounts of the Collector of Delinquent Taxes from the time of the passage of the act creating said department, to the present date, as well as any other facts connected with said or any other department of the City.

APPENDIX No. 233.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution to place Spring Garden street, from Sixth street to the river Delaware, on City plan, together with numerous signed petitions therefor, report that they have visited the locality in a body, made a careful examination of the properties proposed to be taken, and heard individuals and committees of citizens interested in the matter pro and con. Two routes have claimed the attention of your Committee, one of which would make the street eighty feet wide, extending about midway between Green and Buttonwood streets, this line would take a large number of valuable buildings and thus would be the more costly of the two routes. The other route, advocated by a committee of citizens, deviates to the south from Sixth street to the Old York road, where there is a large intersection. Between York road and Fourth street the street runs diagonally to Buttonwood street, which, from thence, is proposed to be widened, on the north side, to Second street. The citizens' committee represent that the assessed value of property taken for a width of eighty feet is four hundred and thirteen thousand six hundred dollars, adding twenty-five per cent. for actual value, makes five hundred and eighteen thousand dollars, and that the increased value of property on Spring Garden street, subject to taxation, would be one million two hundred and fifty-seven thousand dollars. Parties in opposition were of the opinion that there would not be any such increase in value, and that the City would lose the revenue from half a million of property taken. The representative of one firm, whose property was estimated at twenty-five thousand dollars, stated that their loss by the opening would not be less than four hundred thousand dollars, and they would claim that amount if the street were opened.

After a patient hearing of all parties, your Committee are of the opinion that the cost for opening said Spring Garden street eighty feet in width, upon the least expensive

line, would greatly exceed the amount estimated by the citizens, without any commensurate advantage, and inadvisable in the present condition of the City finance. The route proposed is objectionable, it not making a direct opening to the river, the offset at Old York road being so great as to almost give the extension the appearance of another street. To open the street one hundred and twenty feet wide, as contemplated, would increase the cost enormously. We respectfully return the resolution referred, with a negative recommendation, asking to be discharged.

APPENDIX No. 234.

To the Common Council of the
City of Philadelphia :

GENTLEMEN :—The undersigned Committee, to whom was referred "An Ordinance to make an appropriation to fur-

nish and make ready for occupancy the Eighth Police District Station House," and the majority and minority report thereon, with instructions to investigate from the purchase of the ground, respectfully report that the Committee (being increased to seven, by the addition of Messrs. Allen and Fitzpatrick) proceeded with the examination, and called Mr. Sloan, architect, who testified, that about the twentieth day of April, Anno Domini 1872, he sent tracings of the said station house (without the front) to Mr. Hawkins, who, as Chairman of the Sub-Committee, had previously given him an order to prepare said plans; that said tracings had never been returned to him (Sloan).

Mr. Dixon, on being recalled by the Committee, corrected his original testimony, by stating that he had visited one station house previous to drawing the plans, to wit, the "Spring Garden Hall," and he testified further, that Mr. Hawkins gave him instructions necessary for the plans, in the following words: "Lieutenant's room, office, sergeants' room, telegraph office and roll room, baths for the sergeants and lieutenant, eight cells in back building, and lodging rooms over them, dormitories on the second story, bath and wash for each, water closets wherever necessary, the elevation to have a French roof, drill room in basement, and steam heater; the size of the cells," &c., were also given to him; that he had finished his plans some five or six weeks before they were adopted (to wit, May 22d, 1872); that he was three or four days preparing the plans.

Both Mr. Sloan's plans and Mr. Dixon's plans were before the Committee, who being very much impressed with their great similarity, and desirous of doing even-handed justice, called before them two well known architects, Messrs. Frank Furness and John McArthur, Jr., who both agreed in substance, that if two persons, who had never visited a station house, had furnished to them only the above memorandum, with sizes, it would be hardly possible to produce two plans so nearly alike.

Mr. Hawkins swore that both Mr. Dixon's and Mr. Sloan's plans were before the Committee of Police when Mr. Dixon's plans were adopted; in this he was contradicted by every member of the Police Committee who were examined, with but one exception. It also appeared, upon examination of

the Sub-Committee of Police for last year, that Mr. Hawkins never had called them together in regard to this station house. In regard to the purchase of the lot of ground, it is due to Mr. Hawkins to say, that after the City Solicitor had refused to pass the same, he, Mr. Hawkins, in line of his profession, rendered only such service as was necessary to confirm the title in Mr. Wallace, the owner, but had nothing to do with the conveyance to the City. The charges for such service were moderate. We, however, cannot refrain from saying, while this was no violation of law, it was manifestly improper for Mr. Hawkins, as a Councilman, and more especially as a member of the Police Committee, to have taken any part in the matter.

It appeared that the specifications furnished by Mr. Dixon were imperfect; but for this, your Committee believe that Mr. Hawkins, Chairman of the Sub-Committee, is responsible.

The Committee were unable to discover that any consideration had passed to Mr. Hawkins for his services in the matter. Mr. Dixon testified positively on this point, that he paid no expenses whatever, but received his five hundred dollars entire.

Although the Committee agree, that the act thus committed, is not such a misdemeanor in office as will warrant an impeachment and removal from office, they felt it necessary to express their strong condemnation in this matter, and had prepared a resolution in conformity with their opinion relative thereto. But since which time, the Court of Common Pleas having ordered, adjudged and decreed, that Henry C. Hawkins be ousted and altogether excluded from his office of Councilman for the City and County of Philadelphia, the Committee therefore recommend the adoption of the following resolution:

That this Chamber express its strong censure and condemnation of the conduct of Henry C. Hawkins, late member of Common Council, as pertaining to the Eighth Police District Station House.

Your Committee having consumed much time and labor in investigating all matters in connection with said Eighth Police District Station House, would respectfully beg leave

to be discharged from the further consideration of the subject.

RESOLUTION

Of instruction to the Chief Engineer and Surveyor.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Engineer and Surveyor of the City of Philadelphia be and he is hereby directed to inform these Councils, if it would not be greatly to the advantage to the City, that the line of the new bridge over the river Schuylkill, at Callowhill street, be changed and laid out in a straight line ; and further to inform these Councils, the best plan, in his opinion, of removal of the line of steam railroad on the line of Pennsylvania avenue, to avoid the danger incident to the crossing of said road at grade, and to state, if in his opinion, the bridge about to be erected at the said Callowhill street cannot be used by said steam road, to cross the river Schuylkill ; and further, to state what the cost to the City might be to make the said changes.

APPENDIX No. 239.

RESOLUTION

Of instruction to the City Solicitor.

Whereas, The act of Assembly of May 20th, 1857, provides that the Building Inspectors of the City of Philadelphia, shall file in the Court of Common Pleas of the said City, on the first of June annually, a full statement of their receipts and expenditures, which accounts shall be audited, and the balance, if any, found to be in the hands of said Inspectors, shall be by them paid into the City Treasury, for the use of the said City : *And whereas,* It appears, on examinations of the books of the Controller's office, that there has been no payment into the said Treasurer's office by the Building Inspectors, since February 14th, 1870, at which time eight thousand six hundred and twenty-eight (8,628) dollars and sixty-seven (67) cents was paid by them :

And whereas, An account of the Building Inspectors was filed in the Court of Common Pleas on the 12th day of January, 1872, for the year ending May 31st, 1871, showing a balance over expenses, of four thousand and forty-nine (4,049) dollars and fifty-five (55) cents, which account was referred to an auditor; therefore, be it

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be directed to cite the Building Inspectors to file their account for the year ending May 31st, 1872, and to ascertain if an account has been filed and audited for the year ending May 31st, 1870, and to press the three accounts for the years ending May 31st, 1870, 1871 and 1872, to a final audit and proper settlement under the law, so that the true balance of moneys remaining in the hands of the present, or any previous Building Inspectors, may be paid over by them to the City Treasurer; and further, to ascertain if the eight thousand six hundred and twenty-eight (8,628) dollars and twenty-seven (27) cents paid over to the City Treasurer, on February 14th, 1870, was a full settlement of accounts to May 31st, 1869. And that the City Solicitor be directed to report to these Councils in one month from this time, his action, and the result thereof in the premises.

APPENDIX No. 240.

RESOLUTION

APPENDIX No. 255.

OFFICE OF THE
CHIEF ENGINEER AND SURVEYOR,
PHILADELPHIA, *May 1, 1873.*

Hon. A. WILSON HENSZEY,
President of Common Council :

DEAR SIR:—I am in receipt of a resolution directing the Chief Engineer and Surveyor to inform Councils “if it would not be greatly to the advantage of the City, that the line of the new bridge over the river Schuylkill, at Callowhill street, be changed and laid out in a straight line,” * * * * * “and further, to state what the cost to the City might be to make such change.”

In obedience to your instructions, I have prepared a plan for plain and substantial work, with estimates based on the schedule prices for the work now under contract.

The straight line will have to terminate at the same point at Twenty-fifth street, as the original, but without encroaching on or defacing the reservoir. The Wire Bridge would remain, so that a single deck would be all that would be required for the river span, which would be increased from three hundred and forty-eight feet to three hundred and eighty-three feet.

The maximum gradient on the approaches of the straight line will be three feet per hundred, a great portion being only two and a half feet per hundred, while on the original the grade is three and a half feet per hundred; and if the line is thrown further from the reservoir bank, in order to insure its safety, the latter will be increased to four feet or more per hundred.

The estimate shows an increase of cost for the bridge and approaches, of one hundred and sixty thousand dollars, with an addition of one hundred thousand dollars to pay for property, which in this case would have to be taken, making a total addition of two hundred and sixty thousand dollars.

I consider the heavy grade and tortuous line along the reservoir, with the curved outlet at Twenty-fifth street, as very objectionable, and that it would be advantageous to the City to have a direct outlet, with lighter grades on the straight line, the objection being the additional cost.

The other part of the resolution of instruction, with reference to the crossings of the Reading Railroad, on the line of Pennsylvania avenue, has claimed my attention, but the subject involves a large amount of careful examination and calculations, which will require considerable time. I will report upon it as soon as practicable.

Very respectfully,

SAML. L. SMEDLEY,
Chief Engineer and Surveyor.

MAYOR'S OFFICE OF THE CITY OF PHILADELPHIA, May 8, 1873.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Pursuant to your resolution of request relative “to the immediate establishment of building upon the Almshouse grounds, for the purpose of lodging the vagrants arrested and committed during the present year,” a conference was had with the Board of Guardians of the Poor, the Committee on Poor of Councils and the City Solicitor.

The Board of Guardians of the Poor have sufficient power to detain vagrants, and there is ample room at the Almshouse wherein to lodge them, without the erection of any additional building, but the difficulty appears to be that no means have been provided for their care and maintenance after commitment.

I would, therefore, recommend that an appropriation be made to enable the Board of Guardians to care for these people after their committal, as is contemplated by law.

Respectfully,

WM. S. STOKLEY,

Mayor.

APPENDIX No. 291.

AN ORDINANCE

To make an appropriation to the Guardians of the Poor, and repeal a portion of the Ordinance to make an appropriation to the Managers of the House of Correction for the year 1873.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of ten thousand (10,000) dollars be and the same is hereby appropriated to the Board of Guardians of the Poor, to provide for the accommodation of idle, disorderly and vagrant persons, and to pay for watchman to superintend the employment of such persons in such work, labor and service as may be assigned to them.

SECT. 2. That so much of an Ordinance to make an appropriation to the Board of Managers of the House of Correction and Employment for the year 1873, as relates to supplies for the maintenance of paupers or persons committed to the House of Correction, be and the same is hereby repealed.

APPENDIX No. 292.

OFFICE OF THE
COLLECTOR OF DELINQUENT TAXES,
PHILADELPHIA, *May 7, 1873.*

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Collector of Delinquent Taxes respectfully submits an itemized statement of uncollectable bills [with reasons thereunto annexed] remaining upon the registers in this department, to the amount of sixty-five thousand three hundred and eighty (65,380) dollars and eighty (80) cents, divided among the several years as follows, viz. :

For the year 1868, the sum of.....	\$13,206 44
For the year 1869, the sum of.....	39,619 32
For the year 1870, the sum of.....	7,985 94
For the year 1871, the sum of.....	4,569 10
Total.....	<u>\$65,380 80</u>

It was my desire and intention to have submitted with this my first monthly report, a full statement of the amount of taxes remaining upon the registers of delinquent taxes, delivered to me by my predecessor, but having so recently assumed the duties of the office, I am unable to do so. I am, however, preparing an itemized statement of the same, and hope to be able to submit it with my next monthly report.

I desire to say in connection herewith, that the books of this department are at all times open to the examination of any of your members, or of any committees that may be appointed by your honorable bodies; also, the heads of departments, or others who may desire to acquaint themselves with our manner of conducting the business, and we cordially invite such examination.

Respectfully,

HENRY BUMM,
Collector.

APPENDIX No. 293

OFFICE OF THE
COMMISSIONERS OF FAIRMOUNT PARK,
PHILADELPHIA, *April 26, 1873.*

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia :

At a meeting of the Commissioners of Fairmount Park, held this day, the following resolution was adopted, viz.:

Resolved, That this Board offer to City Councils for their acceptance as boundary avenues of the width of 100 feet, Elm avenue, from Fifty-second street to George's avenue, and that part of Highland avenue, between George's avenue and Belmont avenue, and on their accepting the same, the

President is hereby authorized and directed to sign properly attested deeds of dedications for those portions of said streets; said deeds to be filed in the Department of Surveys.

Attest, DAVID F. FOLEY,
Secretary Park Commission.

APPENDIX No. 294.

OFFICE OF THE
COMMISSIONERS OF FAIRMOUNT PARK,
PHILADELPHIA, *May 8, 1873.*

To the Select and Common Councils :

GENTLEMEN:—The Commissioners of Fairmount Park respectfully represent to your honorable bodies, that the introduction of the turbine wheels at Fairmount dam being completed, no more time should be lost in the improvement of the grounds in the Park between the reservoir and Lemon Hill, and particularly the river bank, which is in so unsightly a condition.

This part of the Park is especially designed for the use of pedestrians, and the Commissioners are very desirous of improving it for their enjoyment.

As no means are at their command for this purpose, the Commissioners of Fairmount Park ask for an appropriation of two hundred thousand dollars to be expended on those grounds and other parts of the East Park.

Your honorable bodies are reminded that a sum of six hundred thousand dollars, authorized to be borrowed by Ordinance October 21st, 1872, for land damages, has not yet been appropriated, of this sum more than two hundred thousand dollars will not be required for use before the year 1874, probably not before 1875. It is, therefore, respectfully suggested that the sum of two hundred thousand dollars be transferred to permanent improvements, and appropriated for the immediate improvement of the old and East Park.

By order of the Board,
MORTON McMICHAEL,
President.

APPENDIX No. 295.

RESOLUTION

Of request to the District Surveyors.

Resolved by the Select and Common Councils of the City of Philadelphia, That the District Surveyors are hereby requested in giving certificates for paving intersections, that they (the Surveyors) state the name of streets intersecting, and number of intersections to be paved, and the cost of each, whenever requested so to do.

RESOLUTION

To lay down on City plan Mantua avenue.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Survey Department be and are hereby authorized and directed to lay down on the City plan Mantua avenue, between Bridge street and Belmont avenue, and fix the grades thereon so as to conform as near as practicable to the contiguous streets already graded. Said avenue having been located by a recent act of Assembly.

APPENDIX No. 297.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Special Committee appointed under the resolution to appoint a Joint Special Committee to consider what legislation is necessary by Councils to create a greater efficiency in the Departments of Highways and Water, and to report by Ordinance, or otherwise, without delay, would respectfully report that they have had several meetings and plans submitted, and upon consultation with

the City Solicitor, whose opinion is hereto annexed, they have come to the conclusion, so far as the Highway Department is concerned, to report a resolution of request to the Legislature to repeal all laws relative to the Highway Department, and place the control of said department in the control of Councils. And so far as the Water Department is concerned, your Committee would report the Committee on Water Department have matured a bill, which will be submitted to Council this afternoon. They would therefore submit the annexed resolution, and ask its adoption.

LAW DEPARTMENT OF THE
CITY OF PHILADELPHIA, *May 2, 1873.*

W. ELLWOOD ROWAN, ESQ.,

Chairman Committee on Highways :

DEAR SIR:—Upon examination of the subject of the reorganization of the Department of Highways, I am forced to the conclusion that Councils have no power to alter the organization provided by the acts of February 2d, 1854, April 21st, 1855, and March 4th, 1870.

I presume that a plan of reorganization approved by Councils would secure legislative sanction.

I am, very respectfully yours,

CHARLES H. T. COLLIS,
City Solicitor.

RESOLUTION

Of request to the Legislature of the State of Pennsylvania.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Legislature of the State of Pennsylvania be and they are respectfully asked to pass an act of the Legislature to repeal all laws relating to the Highway Department of Philadelphia, and that the said Department be placed solely under the control of the Councils of Philadelphia.

APPENDIX No. 298.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Special Committee appointed under the resolution entitled “Resolution to appoint a Special Committee on Music in the Public Squares,” would respectfully report that they have made inquiries relative to the matter, and have had several parties before them who made offers to furnish a concert in each of the following public squares once a week, until the middle of September, viz.: Jefferson, Washington, Logan, Rittenhouse, Franklin and Norris Squares, between the hours of six and nine P. M. in the evenings. And they find that five thousand dollars will pay the whole expense, such as musicians, instruments, platform, &c. Your Committee therefore report the annexed bill making the appropriation for the purpose, and ask its passage.

APPENDIX No. 309.

OFFICE OF THE
CHIEF ENGINEER AND SURVEYOR,
PHILADELPHIA, *May 15, 1873.*

HON. A. WILSON HENSZEY,
President of Common Council:

DEAR SIR:—I am in receipt of a joint resolution of Councils requesting the Chief Engineer and Surveyor to furnish this Council the following information: By what authority the Reading Railroad Company did alter the grade of Richmond and Thompson streets, in the Twenty-fifth Ward? and in reply thereto, beg leave to present the following statement:

Early in the year 1872, resolutions were passed by your honorable bodies directing the Chief Engineer to communicate with the officers of the Reading Railroad with reference to the building of bridges at Thompson street and Richmond street, and to ascertain what portion of the cost would be borne by the railroad company.

In pursuance of these instructions, several plans were prepared adjusted to pass over the railroad at its old grade, and also to carry the streets under the railroad. These plans and estimates were carefully examined by the Board of Surveyors, who visited the place, and in view of the great damage to private property on streets adjoining, the one case raising the grade ten feet, and the other depressing an equal amount, the Board disapproved both of the plans presented. It was their unanimous opinion that the best arrangement could be made by raising the tracks of the railroad six feet from the Aramingo canal to Richmond street, which would allow of any of the intermediate streets being carried under the railroad.

The action of the Board was communicated to the officers of the railroad company, and as the act of Assembly approved February 27th, 1873, provided for the change of grades, the railroad company finally consented to raise their tracks as suggested.

The work was done in midwinter, the traffic of the road

absolutely preventing the accomplishment of it at any other season.

Plans adapted to this condition of affairs have been prepared and approved by the Board of Surveyors.

The bridge at Richmond street is 206 feet in length, and of the full width of the street. It consists of stone abutments with wrought iron girders, supported by columns at the curb line. The estimated cost is \$226,858, without any damage to private property.

In reply to the resolution, Mr. Gowan, President of the railroad company, states that he will build the bridge, paying of this amount \$130,960.07, leaving for the city, \$95,897.93.

Respectfully submitted,
SAML. L. SMEDLEY,
Chief Engineer and Surveyor.

To authorize the construction of sewers on Bond, Woodlands, Lemon, Seventh, Twenty-third, Davis, Trout, Chestnut, Sixteenth, and Twenty-third streets, on Elmwood and Park avenues, and across Greenway avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz.: on Bond street, from the sewer at Ninth and Bond streets, and extending westward to a point one hundred feet east of Tenth street; on Woodlands street, from the sewer in Thirty-third street to a point one hundred and sixty-two feet southwestward from the west line of Thirty-second street, where it intersects the southeast line of said Woodlands street; on Lemon street, from the sewer in Tenth street to a point forty feet east of the east line of Eleventh street; on Seventh street, from Green street to Coates street; on Twenty-third street, from the sewer in

Spring Garden street to the north line of Gold street; on Davis street, from the sewer in Thirteenth street to the line of Wistar's land; on Trout street, from the sewer now laid in Fourth street, south of South street, to Trout street, thence extending eastward on Trout street to Ball street; on Chestnut street, from Thirty-third street to Third-fourth street; on Sixteenth street, from the sewer at Sixteenth; at Race streets northward to Summer street, and from the sewer at Sixteenth and Vine streets southward to Summer street; on Twenty-third street, from the sewer in Coates street to the north curb of Virginia street; thence on Virginia street from Twenty-third street to the west curb line of Twenty-second street; on Fifty-second street, across Elmwood avenue; on Park avenue, from the sewer in Jefferson street to the summit, one hundred and sixty-eight feet south of Columbia avenue; across Greenway avenue, between Seventy-first street and Seventy-second street. Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot the same to the lowest bidders, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by Ordinance, entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866, and supplement thereto approved February 16th, 1869; any excess over and above said assessment, in addition to that provided for by Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3d, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Highways for the year.

APPENDIX No. 332.

AN ORDINANCE

To authorize the construction of railroad tracks on Delaware avenue, Shackamaxon, Beach and Cumberland streets.

Whereas, It is believed that the commercial and other business interests of the City of Philadelphia will be promoted by the construction of a railroad extending near or along the Delaware front of the City, from the tracks of the railroad of the Philadelphia and Reading Railroad Com-

pany, above Cumberland street, to Callowhill street wharf: *And whereas*, The Philadelphia and Reading Railroad Company are willing to construct a lateral or branch railroad, extending from their railroad tracks above Cumberland street to Callowhill street wharf: *And whereas*, By an Act of the General Assembly of this Commonwealth, approved the fifteenth day of March, A. D. 1871, entitled "An Act to authorize the widening of Delaware avenue, and to locate the same continuously upon the public plans of the City of Philadelphia," the City Councils are authorized to widen Delaware avenue upon the east side thereof, so that the width of the said avenue shall not exceed eighty feet; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the eastern line of Delaware avenue, between the north line of Callowhill street and the north line of Shackamaxon street, be and the same is hereby widened to the full width of eighty feet, measured from the present established western line of the said avenue. That the Board of Surveyors of the City of Philadelphia be directed to locate the said avenue as thus widened, and to lay down the same upon the official plans of the City of Philadelphia; and that when the said avenue as thus widened has been located and laid down on the said official plans, the Chief Commissioner of Highways shall give to all persons entitled thereto, the three months' notice required by law to be given in case of the opening of any street laid down upon the public plans of the City, and as soon thereafter as may be consistent with the law in such cases made and provided, shall proceed to open the said avenue to the full width thereof, as aforesaid: *Provided, however*, That the expense of bulkheading, grading, paving, and keeping in good order and repair the additional thirty feet in width of the said avenue, shall be defrayed by the said Philadelphia and Reading Railroad Company, and the North Pennsylvania Railroad Company, shall first, by written agreement to be filed with the City Solicitor, waive all claims for damages for any real estate they may respectively own, and which may be taken for the purposes named.

SECT. 2. That the consent of the City of Philadelphia is hereby given to the occupation of the said additional thirty

feet in width of Delaware avenue, between the north line of Callowhill street and the north line of Shackamaxon street, for the construction, maintenance, and operation thereon by the Philadelphia and Reading Railroad Company of two or more tracks of the proposed branch or lateral railroad of the said company; and the consent of the City of Philadelphia is also given to the construction, maintenance and operation of the said railroad, with a single track on such portions of Cumberland street, Beach street, as far south as Shackamaxon street, and Shackamaxon street, as may be required by the said company to be used for the construction of the said railroad, and also to the construction, maintenance and operation of such sidings or turnouts from the said branch railroad as may be desired by the owners or occupants of the wharves, warehouses, manufactories, lumber yards, and other properties along the line of the said branch or lateral railroad: *And provided further*, That the Philadelphia and Reading Railroad Company shall construct, at their own expense, good and proper bridges, suited for the passage of wagons and other wheeled vehicles over the several streams of water over the route, as before mentioned: *And provided further*, That the bridge over Gunner's Run, where it is crossed by Beach street, shall be of the full width of the said Beach street, as laid down on the City plan: *And provided further*, That the North Pennsylvania Railroad Company shall have the right, by constructing a railroad along Laurel street, eastward of its main line, to make such a connection with the said branch or lateral railroad at Laurel street, as will permit the passage of cars thereon from the North Pennsylvania Railroad Company, when the said cars are southward bound, and the return of cars therefrom to the North Pennsylvania Railroad, when the said cars are northward bound, and also to connect with the same by a switch connection at Noble street: *And provided further*, That the North Pennsylvania Railroad Company shall at all times have the right to run their engines, motive power and cars on the said branch or lateral railroad, south of Laurel street, on paying to the Philadelphia and Reading Railroad Company a toll of four cents per ton per mile for each ton of freight transported on the said cars, when the said cars are laden; a toll of four cents per ton per mile on the actual capacity of the cars,

when the said cars are not laden; each fraction of a mile to count as a mile in either case; and also a toll of one cent per mile per ton, according to lading, when the cars are laden, and according to capacity when the cars are not laden, for the actual use of any switch and siding or turnout built and owned by the Philadelphia and Reading Railroad Company, leading from the said branch or lateral railroad: *Provided, however,* That no toll shall be charged on the return trip of empty cars, if the said cars shall have previously paid toll on their previous trip, either according to their tonnage or capacity; but nothing herein contained shall be construed as authorizing the said North Pennsylvania Railroad Company to use the said branch or lateral railroad for moving cars back to their own line, returning empty from their wharves or depot, after having been moved there on their own line, or as permitting the said company to use any switch, siding or turnout leading to the wharves of the Philadelphia and Reading Railroad Company: *And provided further,* That the agents or employees of the North Pennsylvania Railroad Company shall conform to the directions of the proper officers of the Philadelphia and Reading Railroad Company, in all matters pertaining to the use of the said Railroad by the North Pennsylvania Railroad Company, to the same extent in all respects as the employees of the Philadelphia and Reading Railroad Company are required to do and without any discrimination whatever, directly or indirectly, being exercised against the North Pennsylvania Railroad Company or any of its employees.

AN ORDINANCE

To make an appropriation to pay damages caused by the opening of Fifty-fourth, Fourth, Wilkey, and Fifth streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of thirty thousand five hundred and twenty-three (30,523) dollars and ninety-nine (99) cents be and the same is hereby appropriated out of Item 19 in an Ordinance to make an appropriation to the Law Department for the year 1873, approved January 4th, 1873, for the payment of the following awards, viz.: To David W. Sellers, Esq., as attorney for John W. Leigh, six hundred and sixty-six (666) dollars and sixty-six (66) cents; to Christian Kneass, Esq., as attorney for J. D. Hall & Co., one thousand and fifty (1,050) dollars; to Joseph R. Rhoads, Esq., as attorney for D. H. Kent, nine hundred (900) dollars; to Joseph R. Rhoads, Esq., as attorney for William Van Leer, one thousand (1,000) dollars; to Jerome Carty, Esq., as attorney for Stout and Leaming, four thousand six hundred (4,600) dollars; to G. Coles Purves, Esq., as attorney for George Fleming, two thousand five hundred (2,500) dollars; to Edward Olmsted, Esq., as attorney for Lucy Taylor, two thousand five hundred (2,500) dollars; to G. Coles Purves, Esq., as attorney for J. Sterling, one thousand eight hundred and fifty (1,850) dollars, for the opening of Fifty fourth street, from Lan-

caster avenue to Market street, in the Twenty-fourth Ward of the City of Philadelphia, as confirmed by the Court of Quarter Sessions. To E. K. Nichols, Esq., attorney for Joseph Abraham, one thousand and eighty-three (1,083) dollars and thirty-three (33) cents; to the heirs of Godfrey Seidell, deceased, three thousand two hundred and fifty (3,250) dollars, and to E. K. Nichols, Esq., attorney for Joseph Morsely, five thousand (5,000) dollars, for the opening of Fourth street, from Germantown road to Oxford street, as confirmed by the Court of Quarter Sessions on the 26th day of April, 1873. To E. K. Nichols, Esq., attorney for Henry Zen, two thousand and sixty-six (2,066) dollars; to E. K. Nichols, Esq., attorney for the heirs of Thomas and Joseph Vaughan, two thousand four hundred and sixty-six (2,466) dollars; to E. K. Nichols, Esq., attorney for James Powers, seven hundred (700) dollars, and to E. K. Nichols, Esq., attorney for Daniel Sheets, seven hundred (700) dollars, for the opening of Wildey street, from Montgomery avenue to Vienna street, as confirmed by the said Court of Quarter Sessions on the 26th day of April, 1873. To George Keen, ninety-six (96) dollars; to H. Osler, ninety-six (96) dollars, for the opening of Fifth street, from Germantown avenue to Berks street, as confirmed by said court on the fourteenth day of January, A. D. 1871.

APPENDIX No. 334.

AN ORDINANCE

Directing the Chief Commissioner of Highways to require the straightening of the railway tracks of the West Philadelphia Passenger Railway Company on Market street.

Whereas, The tracks of the West Philadelphia Passenger Railway Company as now existing upon Market street, between Front street and Broad street, in the City of Philadelphia, are not laid so as to occasion the least inconvenience to the public, but, on the contrary, are in crooked lines, unnecessarily deviating from a straight line, and thereby causing great injury and inconvenience to public travel; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Commissioner of Highways be and he is hereby required to give notice to the West Philadelphia Passenger Railway Company, within ten days after service of said notice, to remove their tracks as now laid on Market street, between Front street and Broad street, in the City of Philadelphia, to the central part of said Market street, on such lines, and in such contiguity, as the Chief Engineer and Surveyor of the said City may direct; and in default thereof, the Chief Commissioner of Highways is hereby directed to cause the same to be done, and the City Solicitor, in such case, is directed to collect the cost of the same from the West Philadelphia Passenger Railway Company.

SECT. 2. That the sum of five thousand dollars be and the same is hereby appropriated for the purpose of carrying out the above object. Warrants to be drawn by the Chief Commissioner of Highways out of the said item of appropriation to the Department of Highways.

APPENDIX No. 335.

RESOLUTION

Of request to his Honor the Mayor.

Resolved by the Select and Common Councils of the City of Philadelphia, That his Honor the Mayor be and he is hereby requested to cause to be sold at public sale, after full and due notice shall be given, the building known as the "West Philadelphia Hall," and that he be requested to execute a proper deed of conveyance of said property, proceeds of said sale to be paid into the sinking fund of the City.

To authorize the construction of sewers on Walnut, Woodlands, Forty-first, Hamilton, Eleventh, Marshall, Kurtz, Twenty-second, Cresson, Levering and Eleventh streets, on Girard avenue, between Haines street and Ontario street, and on Girard avenue, between Second street and Mascher street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz.:

On Walnut street, commencing on the line of Walnut street, at the west side of the Schuylkill river; thence extending westward to Thirtieth street; thence northward along said Thirtieth street to Chestnut street; and also, commencing on Thirtieth street at Ludlow street, and extending along Thirtieth street to Market street, and westward along Market street to Thirty-second street; on Woodlands street, from Thirty-seventh street westward to a point fifty feet westward from Thirty-eighth street; on Forty-first street, from Spruce street to Pine street; on Hamilton street, and on Thirty-third street, between Baring street and Thirty-fourth street; on Eleventh street, from the sewer at Oxford street to the south curb line of Columbia avenue; on Marshall street, from the sewer on Marshall street above Poplar street, to the summit south of Girard avenue; on Kurtz street, from the sewer in Poplar street to the south curb line of Girard avenue; on Twenty-second street, and on West Delancey place, commencing at the sewer at Twenty-second and Spruce streets, and extending southward to West Delancey place; and thence eastward along West Delancey place to a point sixty feet west of the west line of Twenty-first street; on Levering street, from the sewer in Main street to Cresson street; and on Cresson street, from Levering street southeastward to the summit northwest of Grape street; on Eleventh street, from the sewer in Eleventh street at Hunter street, extending northward to the north curb line of Cuthbert street; on Girard avenue, commencing at the sewer in Haines street at Thirteenth street; thence extending along Thirteenth street to Girard avenue; and thence westward along Girard avenue to the west curb line of Ontario street; on Girard ave-

nue, from Second street to Mascher street. Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot the same to the lowest bidders, and it shall be a condition of said contract that the contractors shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866, and supplement thereto approved February 16th, 1869; any excess over and above said assessment, in addition to that provided for by Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3d, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1873: *Provided*, Said excess does not exceed three thousand two hundred dollars.

APPENDIX No. 349.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the correspondence on the removal of abutments and rebuilding railroad bridge over Ridge avenue (Appendix No. 92, Select Council, page 107, vol. 2, 1872), beg leave to report that after a patient and earnest endeavor to obtain some definite proposition on the part of the Philadelphia and Reading Railroad Company that could be accepted by the City, and thereby avoid uncertain litigation and inconvenient delay, have finally received from the Chief Engineer of the railroad, approval of an Ordinance in which it is stipulated the City shall pay, when the new bridge is completed, the sum of five thousand

dollars, which is less than one-third of the cost of removing and rebuilding. Your Committee therefore submit said Ordinance, and recommend its adoption.

AN ORDINANCE

Relative to removing abutments and rebuilding railroad bridge over Ridge avenue, and to make an appropriation therefor.

Whereas, The abutments of the bridge on the Richmond branch, Philadelphia and Reading Railroad, over Ridge avenue, encroach upon said avenue, to the serious inconvenience, as well as danger, to travel: *And whereas*, Said avenue is now under contract to be graded and paved: *And whereas*, The Chief Engineer of said railroad has submitted a plan (now in the Survey Department) to rebuild the bridge and place the abutments on the line of said avenue, and remove the present obstruction, the net cost of which he estimates, after deducting the value of present bridge, at fifteen thousand four hundred (15,400) dollars and sixty (60) cents, and asks that the City shall bear a part of the expense; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Solicitor is hereby authorized and directed to have a contract executed with the Philadelphia and Reading Railroad Company to remove present abutments and rebuild their railroad bridge over Ridge avenue, Falls Schuylkill, in accordance with a plan now in possession of the Survey Department of the City, to be approved by the Board of Surveys.

SECT. 2. The terms of said contract to be that the said railroad company shall remove the present abutments and construct a new bridge, to the satisfaction of the Chief Engineer and Surveyor, within six months from the date of contract, and shall accept in full payment by the City, when

the bridge is completed, a warrant on the Treasurer, drawn by the Chief Engineer and Surveyor, for the sum of five thousand (5,000) dollars.

SECT. 3. The sum of five thousand (5,000) dollars be and the same is hereby appropriated to pay the proportion authorized in the agreement for building said bridge. The warrant to be drawn by the Chief Engineer and Surveyor, in conformity with existing Ordinances.

RESOLUTION

To release a certain property from the lien of the judgment entered on the official bond of Wm. A. Frederick, one of the supervisors of the Twenty-fourth Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be and is hereby directed to release from the lien and operation of the judgment entered on the official bond of Wm. A. Frederick,

one of the supervisors of the Twenty-fourth Ward (D. C., September Term, 1870, No. 724), all those messuages or tenements, and lot or piece of ground situate on the north side of Oregon or Vine street, and the east side of Fifty-eighth street, in the Twenty-fourth Ward of the City of Philadelphia, containing in front or breadth on said Oregon street fifty feet, and extending in length or depth one hundred and eighty feet to Melrose street.

APPENDIX No. 366.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Finance respectfully report that they have considered a communication from Charles T. Yerkes, Jr., for a release from his indebtedness to the City, without prejudice, however, to the City to demand and receive its pro rata share of the dividends from his estate in the hands of his assignees in bankruptcy, and also for the assent of the City to his discharge in bankruptcy, to enable him to enter into business, and, if possible, to regain the position he once held among his fellow citizens. It having been shown to your Committee that a large number of his creditors have signed a release of his indebtedness to them, without prejudice to demand and receive their pro rata share of the dividends from his estate in the hands of his assignees in bankruptcy (a copy of said release being hereto appended), and that thirty-four of his creditors have already signed a petition to the United States Court for his discharge in bankruptcy, and that he cannot enter into business until said discharge is obtained, and in consequence thereof entail upon his family great privations. The generous example set by some of our spirited business men should be followed by the City ; and as the Committee cannot see that the City can derive any profit by holding their indebtedness over him, and can confer a great blessing on his family by placing him in a position to pursue his business without molestation, they submit the annexed resolu-

tion to release and assent to his discharge in bankruptcy and recommend its passage.

RESOLUTION

To authorize a release of Charles T. Yerkes, Jr., and assent to his discharge in bankruptcy.

Whereas, Charles T. Yerkes, Jr., late broker and banker, is indebted to the City of Philadelphia in a large amount

of moneys, and has made an assignment for the benefit of his creditors of all his property which has passed to his assignees in bankruptcy, who are now administering the same, and will pay to the City its dividends;

And whereas, To hold said indebtedness over him will prevent him from entering into business, and thereby inflict great injury to his family, without any advantage to the City;

And whereas, A large number of his creditors, comprising some of our most reputable business men, have signed a release of his indebtedness, as well as signed a petition to the court for his discharge in bankruptcy, and the said Charles T. Yerkes, Jr., having petitioned Councils for a like release and assent to his discharge in bankruptcy; therefore, be it

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor is hereby directed to prepare the proper papers, and have the same executed, to release the said Charles T. Yerkes, Jr., from all indebtedness whatever due the City, without prejudice, however, to the City to demand and receive its pro rata share of the dividends from his estate in the hands of his assignees in bankruptcy, and also to give the City's assent to the discharge of the said Charles T. Yerkes in bankruptcy.

OFFICE OF THE CHIEF COMMISSIONER OF HIGHWAYS, PHILADELPHIA, May 29, 1873.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—In consequence of the tracks of the two passenger railways now occupying Market street, between Front and Ninth streets, being out of proper line, the work of repaving said street cannot be done in a satisfactory manner, the track of the Union Company being at some points within a few feet from the curb. In order that the paving which is now in progress may be well done, I would

respectfully ask Councils to authorize me to remove all of these tracks to the proper line.

MAHLON H. DICKINSON,
Chief Commissioner of Highways.

APPENDIX No. 368.

DEPARTMENT OF GUARDIANS OF THE POOR,
PHILADELPHIA, *May 27, 1873.*

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—At a meeting of the Board of Guardians of the Poor, held May 26th, 1873, the following preamble and resolution was adopted, and I was directed to forward you a copy.

Whereas, It is incumbent on every Christian community to provide for its pauper insane in the manner best calculated to promote their recovery and comfort: *And whereas*, The insane of Philadelphia, now in the Almshouse, are not so cared for, but rather in a manner calculated to produce great discomfort, and prevent recovery, for the reason that the hospital is now, and has been for several years excessively crowded, the present number, 953, being twice as many as it can properly accommodate, whereby the patients disturb the rest and endanger the lives of one another at night; and because in consequence of the want of land on which they might labor, they are confined to the halls or narrow yards, enjoying none of the benefits of exercise and occupation in the open air; therefore,

Resolved, That the Councils of the City be requested by the Board of the Guardians of the Poor to take measures immediately for erecting a hospital of suitable capacity, where the requisite amount of land can be obtained at a convenient price, and at some distance from and unconnected with any other department of the Almshouse.

Attest:

CHAS. T. MILLER,
Secretary.

RESOLUTION

To authorize the grading of Terrace street, in the Twenty-first Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Highways be and is hereby authorized and directed to grade Terrace street, from Shurr's lane to Ridge avenue, in the Twenty-first Ward, to the established grade of the City, at a cost not to exceed seventy-seven hundred and five dollars.

APPENDIX No. 372.

RESOLUTION

Of instruction to the Chief Commissioner of Highways.

Whereas, Market street, between Seventh and Ninth streets, is now so obstructed that it is impossible, in case of fire occurring in those blocks for the Fire Department to go in service, thereby jeopardizing an immense amount of valuable property; therefore,

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and is hereby directed to require the Union Passenger Railway Company to remove said obstructions at once.

APPENDIX No. 373.

OFFICE OF THE
CHIEF COMMISSIONER OF HIGHWAYS,
PHILADELPHIA, *June 5, 1873.*

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your attention is earnestly but respectfully called to the urgent necessity of conferring authority upon this department to remove the tracks of the Union and Market Street Passenger Railway Companies on Market street, between Front and Ninth streets, into the centre of the street; and also to have said tracks brought to the established grade of the street, they being at this time, in some places, six inches or more too high for the pavement. Unless something be done at once, the contractors for repaving the street, will be compelled to cease work, and thereby cause serious inconvenience, and, perhaps, much loss to the business men on the line of said street. The material and all the necessary appliances for the speedy completion of the new pavement are now on the ground, and we solicit your honorable bodies to aid us in the early execution of this important improvement.

Yours, &c.,

MAHLON H. DICKINSON,
Chief Commissioner of Highways.

AN ORDINANCE

To authorize the construction of sewers on Bodine, Tenth, Thirtieth and Market, Third, Nineteenth, Eighteenth and Fifth streets, and on Powelton avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz.: On Bodine street, from the sewer in Oxford street southward one hundred and seventy feet; Tenth street, from the sewer about to be constructed along Tenth street to Oxford street, to the sewer in Montgomery street; Eighteenth street, from Stiles street to Cabot street, and thence westward along Cabot street to the east curb line of Nineteenth street; Powelton avenue, from Thirty-seventh street eastward three hundred and forty feet; Thirtieth street, from Ludlow street to Market street, and in Market street, from Thirtieth street to Thirty-second street; Third

street, from Vine street to Callowhill street; Nineteenth street, from the sewer at Nineteenth and Federal streets to Bainbridge street, and in Bainbridge street to the west curb line of Twentieth street; Eighteenth street, from Federal street to the north side of Washington street; Fifth street, from Girard avenue to Thompson street. Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot the same to the lowest bidders, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866, and supplement thereto approved February 16th, 1869; any excess over and above said assessment, in addition to that provided for by Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3d, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1873. .

APPENDIX No. 389.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the applications for sewers, report that these applications have been carefully examined by the Board of Surveyors, who submit the following statement of facts in relation thereto: "That the sewer connections required in the extension of improvements and the increased necessity for providing for surface drainage, demands the construction of these sewers, the aggregate length

of which will be 8,202 feet, costing the property owners upon their lines \$19,429, and the City a sum not exceeding \$2,870. We submit a bill for the carrying out of this work, and respectfully ask its adoption.

AN ORDINANCE

To authorize the construction of sewers on Walnut, Woodlands, Forty-first, Hamilton, Eleventh, Marshall, Kurtz, Twenty-second, Cresson and Levering streets, on Girard avenue, between Haines street and Ontario street, and on Girard avenue, between Second street and Mascher street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz.:

On Walnut street, commencing on the line of Walnut street, at the west side of the Schuylkill river, thence extending westward to Thirtieth street, thence northward along said Thirtieth street to Chesnut street, and also commencing on Thirtieth street at Ludlow street, and extending along Thirtieth street to Market street, and westward along Market street to Thirty-second street.

On Woodlands street, from Thirty-seventh street westward to a point fifty feet westward from Thirty-eighth street.

On Forty-first street, from Spruce street to Pine street.

On Hamilton street and on Thirty-third street, between Baring street and Thirty-fourth street.

On Eleventh street, from the sewer at Oxford street to the south curb line of Columbia avenue.

On Marshall street, from the sewer on Marshall street, above Poplar street, to the summit south of Girard avenue.

On Kurtz street, from the sewer in Poplar street to the south curb line of Girard avenue.

On Twenty-second street and on West Delancey place,

commencing at the sewer at Twenty-second and Spruce streets, and extending southward to West Delancey place, and thence eastward along West Delancey place to a point sixty-feet west of the west line of Twenty-first street.

On Levering street, from the sewer in Main street to Cresson street, and on Cresson street, from Levering street southeastward to the summit, northwest of Grape street.

On Girard avenue, commencing at the sewer in Haines street, above Thirteenth street, thence extending along Thirteenth street to Girard avenue, and thence westward along Girard avenue to the west curb line of Ontario street, and on Girard avenue from Second street to Mascher street.

Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot the same to the lowest bidders, and it shall be a condition of said contract that the contractors shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866, and supplement thereto, approved February 16th, 1869; any excess over and above said assessment, in addition to that provided for by Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3d, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1873: *Provided*, Said excess does not exceed three thousand (\$3,000) dollars.

APPENDIX No. 390.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the report of the Chief Engineer and Surveyor, with reference to change in the line and location of Fairmount Bridge, report that they have visited the site and examined the proposed line and the condition of the work.

Although a direct line, as proposed, would have several advantages, the work has now progressed so far that your Committee on Surveys deem it unwise to make any change in the plan of building the Fairmount Bridge, believing that it would be just ground for annulling the present contract, delay the completion of said bridge, and add greatly to the expense thereof.

We, therefore, recommend that no disturbance of the present plan or contracts be made.

We have also considered the accompanying communication of the Chief Engineer of the Water Department, giving warning to the danger to the reservoir embankment in making the cut on the bridge approaches, but we believe that with proper care this can be done with safety; and offer the following resolution, and ask its adoption.

RESOLUTION

To place certain streets upon the City plan.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and they are hereby authorized to place upon the plan of the City, the following streets:

Charles street, of the width of fifty feet, extending from Ridge avenue to Manayunk avenue, parallel with and at the distance of two hundred and fifty-three feet eight inches southeasterly from Kingsley street, in the Twenty-first Ward.

Adrian street, of the width of forty feet, extending from

Adams street to Ridge avenue, parallel with, and at the distance of two hundred and seventy-six feet nine and a quarter inches northeasterly from Manayunk avenue, in the Twenty-first Ward.

Winchester street, of the width of thirty feet, extending from Jefferson street to Ripka avenue, beginning at said Jefferson street, at the distance of eighty-one feet northeasterly from Snick street, in the Twenty-first Ward.

Perot street, of the width of thirty feet, extending from Twenty-fourth to Twenty-fifth street, parallel with and at the distance of two hundred and eighteen feet two and three-eighths inches northward from Coates street, in the Fifteenth Ward.

Chapel street, of the width of thirty feet, extending from Eleventh to Twelfth street, parallel with and at the distance of ninety feet northward from Wharton street, in the Twenty-sixth Ward.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the report of the Chief Engineer and Surveyor (Appendix, Select Council, No. 134, Vol. 1, 1873) on the Hart creek sewer, beg leave to report that this sewer is required to drain a rapidly improving section of the City, in the vicinity of Somerset street and Frankford avenue. Hart creek, from Somerset street, makes nearly two miles of a circuit, running northeast to Westmoreland street, and returning empties into Aramingo canal near said Somerset street. By building the sewer on Somerset street, the distance through which the water runs will be reduced one-half, thus securing a rapid discharge at times of heavy rains. The loan bill of October 14th, 1872,

provides for the payment of this work, and we recommend the passage of the accompanying bill.

AN ORDINANCE

To authorize the construction of Hart creek sewer on Somerset and other streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Engineer and Surveyor, and the Chief Commissioner of Highways, are hereby authorized to enter into contract with one or more competent mechanics for the construction of Hart creek sewer; commencing on Somerset street, at Aramingo canal, and extending along said Somerset street to D street, thence along D street to Indiana street, thence along Indiana street to Leamy street.

SECT. 2. That it shall be the duty of the Chief Engineer and Surveyor to prepare plans and specifications for the said sewer, and that the contract entered into for the construction thereof, shall be in accordance with such plans and specifications.

SECT. 3. That before entering into the said contract, the Chief Engineer and Surveyor, and the Chief Commissioner of Highways, shall cause advertisement to be made for sealed proposals for the construction of the sewer; and that a contract therefor shall be awarded by them to the lowest and best bidder; and no contract shall be binding on the City of Philadelphia until the same shall have been approved by these Councils.

SECT. 4. That no proposal for the construction of the said sewer shall be considered by the said Chief Engineer and Surveyor, and Chief Commissioner of Highways, unless accompanied by an engagement in writing, from two or

more sufficient sureties, guaranteeing the faithful execution of the contract, in case such proposal be accepted.

SECT. 5. That as the completion of the said sewer shall progress, there shall be assessed and charged upon the properties in front of which the same shall be completed, the sum of one dollar and fifty cents for each lineal foot of the front of the said properties.

SECT. 6. That it shall be a condition of such contract, that the contractor shall accept the sums so assessed and charged under the foregoing section of this Ordinance, in part payment of his contract price, and that he shall collect the same at his own cost; and the better to enable him so to do, he may use the name of the City of Philadelphia, and employ all legal remedies or proceedings, whether of lien or otherwise, to which the said City may be competent.

SECT. 7. That payments may be made while the work of constructing the sewer is in progress, by the Chief Commissioner of Highways, in warrants upon the City Treasurer, charged to a loan for said purpose, approved October 14th, 1872; said payments, in all cases, to be made upon a certificate of the Chief Engineer and Surveyor, estimating the amount of work done: *Provided*, That for all current estimates, no payment shall exceed four-fifths of the money meritoriously earned under said contract, after deducting the ratable proportion of the assessments referred to in section 5 of this Ordinance; said payments to be made in the bonds of the City of Philadelphia, or in cash, at the discretion of the Mayor.

SECT. 8. Satisfactory evidence shall be furnished by the contractor to the Chief Commissioner of Highways that full payment has been made for all labor done, and materials furnished, previously to drawing a warrant for the final estimate of work done by virtue of this Ordinance, and the Chief Commissioner of Highways shall require full and entire payment by the contractor of all labor and materials on account of such work; and the said Commissioner shall give one month's notice, in two daily papers, of the time at which the final estimate will be paid.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Police, to whom was referred the bill entitled “ An Ordinance to authorize the sale of the station house property of the Tenth District, on the northeast corner of Front and Master streets,” would respectfully report that they have examined the matter, and are of opinion that the property is too valuable to use for the purposes of police station, and the amount yearly required to keep the same in repair, would more than pay the interest on the money required for the erection of a new station house. They are also of opinion, that the old Second Police District Station House, on the east side of Second street, between Christian and Catharine streets, in the Third Ward, should be sold for the same reasons, and the purchase moneys from same placed in the Sinking Fund. They therefore report the annexed bill, and ask its passage.

AN ORDINANCE

To authorize the sale of the old station house properties of the Tenth District, on the northeast corner of Front and Master streets, Seventeenth Ward, and the Second District, on the east side of Second street, between Queen and Christian streets, in the Third Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor be and he is hereby authorized to sell at public sale the old police station house and lot of ground on which the same is erected, on the northeast corner of Front and Master streets, in the Seventeenth Ward; also, the old police station house and lot of ground on which the same is erected, on the east side of Second street, between Queen and Christian streets,

in the Third Ward, and place the proceeds of said sales to the credit of the Sinking Fund. Said sales to be by public auction or outcry, after being fully advertised, and sold to the highest bidder, with the condition that possession of the same will be given to the purchaser by the City, in one year after said sales. And the Mayor is hereby authorized to affix the corporate seal of the City to the deed or deeds therefor, to the purchaser or purchasers.

APPENDIX No. 401.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Committee on Police, having had the matter of lockup, under consideration, at Bridesburg, Twenty-fifth Ward, would respectfully report that the present lockup has no cells for prisoners, and the building used belongs to a company, for which they pay fifty dollars per year, and it is now intended by said company to improve said building, and they offer the City to place five cells in said building for prisoners, and give the use of the same rent free for ten years, if the City will appropriate five hundred dollars towards the improvement of the same. They therefore report the annexed bill, and ask its passage.

AN ORDINANCE

To make an appropriation to place cells in the lockup at Bridesburg, Twenty-fifth Ward, and improve the said building.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of five hundred dollars be and the same is hereby appropriated to the Police

Department, to be used in the improvement of the building now used by the Police Department as a lockup at Bridesburg, in the Twenty-fifth Ward; the work to be done under the supervision of the Mayor: *Provided*, The owners of the property place in said building five cells for confining prisoners: *And provided*, They execute an agreement with the City, that the said City shall have the use of said lockup and cells for ten years, without any rent to be paid for the same. And warrants for the payment of the same shall be drawn by the Mayor in conformity with existing Ordinances, all Ordinances to the contrary hereof notwithstanding.

 APPENDIX No. 416.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia :

GENTLEMEN:—The Committee on Port Wardens, to whom was referred the petition of A. A. Douglas, lessee of Wood street wharf, on the river Schuylkill, asking an extension of his lease for a term of five years from the expiration of his present lease, would respectfully report that we have given the matter our careful consideration, and in view of the expense said lessee has gone to in placing permanent improvements on said wharf, we are of the opinion that his petition should be granted. We therefore offer the annexed Ordinance, and ask its adoption.

AN ORDINANCE

To authorize the Commissioner of Markets and City Property to enter into a new lease with the present lessee of Wood street wharf, Schuylkill, the same to take effect on the expiration of his present lease.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Commissioner of Markets

and City Property be and he is hereby authorized and directed to enter into a new lease (to take effect on the expiration of his present lease) with A. A. Douglas, the present lessee of Wood street wharf, on the river Schuylkill, for a term of five years from the expiration of his present lease, at the same annual rental: *Provided*, That he shall, before the execution of said lease, bind himself to place and keep the wharf in good order and repair during said term, without any expense to the City; all improvements or repairs to be done under the supervision and subject to the approval of the Commissioner of Markets and City Property.

APPENDIX No. 417.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—The Committee on Port Wardens having had under consideration the subject of extending the lease of Bridge street landing, at Bridesburg, would respectfully report that we have given the subject our careful attention, and would state that the said wharf is greatly in need of a thorough repairing, which would cost the City a large sum of money, and in view of the small amount that the City has received for many years as rent, it would be to the interest of the City to grant said extension. We, therefore, offer the annexed Ordinance, and ask its adoption.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and is hereby instructed to have Percy street, from Thompson street to Master street, in the Twentieth Ward, retramwayed, as the said street is now in such a condition that it is not fit for public use.

APPENDIX No. 424.

RESOLUTION

Relative to the Cherry street and Franklin street sewers.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby instructed to draw warrants from Item No. 23 (branch culverts) of appropriation to the Department of Highways for the year 1873, in favor of the contractor constructing the Cherry street sewer, from Third to Fourth street, and Franklin street sewer, from Coates to Green street, to pay for the said sewers, in accordance with the contracts for the said construction: *Provided,* The amount

shall not exceed the sum of one thousand dollars, and to be paid upon the estimates to be furnished by the Chief Engineer and Surveyor.

APPENDIX No. 425.

RESOLUTION

To authorize the grading of Canal and other streets.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Highways be and is hereby authorized and directed to grade the following streets to the established grade of the City: Canal street, from Front street to Laurel street, in the Sixteenth Ward, the cost thereof not to exceed three hundred dollars; Ormes street, from Somerset street to Cambria street, in the Twenty-fifth Ward, cost not to exceed thirteen hundred and eleven dollars; Somerset street, from Kensington avenue to Frankford road, in the Twenty-fifth Ward, cost not to exceed twelve hundred and seventy-three dollars and fifty cents; Cambria street, from Kensington avenue to Trenton avenue, in the Twenty-fifth Ward, cost not to exceed thirteen hundred and thirty-five dollars and fifty cents: *Provided,* That the grading of Somerset street shall not be done beyond the westerly line of J. Funston's property, until the said street shall be opened as a public highway through said property.

APPENDIX No. 426.

AN ORDINANCE

To authorize the construction of Hart creek sewer on Somerset and other streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Chief Engineer and Surveyor, and the Chief Commissioner of Highways, are hereby authorized to enter into contract with one or more competent mechanics, for the construction of Hart creek

sewer, commencing on Somerset street, at Aramingo canal, and extending along said Somerset street to D street, thence along D street to Indiana street, thence along Indiana street to Leamy street.

SECT. 2. That it shall be the duty of the Chief Engineer and Surveyor to prepare plans and specifications for the said sewer, and that the contract entered into for the construction thereof, shall be in accordance with such plans and specifications.

SECT. 3. That before entering into the said contract, the Chief Engineer and Surveyor, and the Chief Commissioner of Highways, shall cause advertisement to be made for sealed proposals for the construction of the sewer, and that a contract therefor shall be awarded by them to the lowest and best bidder; and no contract shall be binding on the City of Philadelphia until the same shall have been approved by these Councils.

SECT. 4. That no proposal for the construction of the said sewer shall be considered by the said Chief Engineer and Surveyor, and Chief Commissioner of Highways, unless accompanied by an engagement in writing, from two or more sufficient sureties, guaranteeing the faithful execution of the contract, in case such proposal be accepted.

SECT. 5. That as the completion of the said sewer shall progress, there shall be assessed and charged upon the properties in front of which the same shall be completed, the sum of one dollar and fifty cents for each lineal foot of the front of the said properties.

SECT. 6. That it shall be a condition of such contract, that the contractor shall accept the sums so assessed and charged under the foregoing section of this Ordinance, in part payment of his contract price, and that he shall collect the same at his own cost; and the better to enable him so to do, he may use the name of the City of Philadelphia, and employ all legal remedies or proceedings, whether of lien or otherwise, to which the said City may be competent.

SECT. 7. That payments may be made while the work of constructing the sewer is in progress, by the Chief Commissioner of Highways, in warrants upon the City Treasurer, charged to a loan for said purpose, approved October 14th, 1872; said payments, in all cases, to be made upon a certificate of the Chief Engineer and Surveyor, estimating the

amount of work done: *Provided*, That for all current estimates, no payment shall exceed four-fifths of the money meritoriously earned under said contract, after deducting the ratable proportion of the assessments referred to in section 5 of this Ordinance; said payments to be made in the bonds of the City of Philadelphia, or in cash, at the discretion of the Mayor.

SECT. 8. Satisfactory evidence shall be furnished by the contractor to the Chief Commissioner of Highways that full payment has been made for all labor done and materials furnished, previously to drawing a warrant for the final estimate of work done by virtue of this Ordinance, and the Chief Commissioner of Highways shall require full and entire payment by the contractor of all labor and materials on account of such work; and the said Commissioner shall give one month's notice, in two daily papers, of the time at which the final estimate will be paid: *Provided*, That no part of said sewer shall be constructed on streets not opened as a public highway.

APPENDIX No. 427.

AN ORDINANCE

Relative to the grading and paving of streets, and the construction of sewers thereon.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That before any contract shall be entered into by the City for the paving and grading of any street, or the construction of any sewer therein, the land over which such street passes shall first be dedicated by the owners thereof to public use as a highway, or such street shall otherwise be first legally opened as a public highway.

APPENDIX No. 428.

OFFICE CITY TREASURER,
PHILADELPHIA, *June 12, 1873.*

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia :

GENTLEMEN:—Upon assuming the duties of this office, I found it necessary, as had been generally the case at periods of interest payment on City Loans, to create a temporary loan to meet the interest due January 1st, 1872.

Since then temporary loans have not only been avoided, but while adhering strictly to the requirements of the Consolidation Act in reserving interest money, the warrants of the several departments of the City are cashed on presentation.

The money being in the Treasury, inquiry from this office was made of the Farmers' and Mechanics' National Bank, the Loan and Transfer Agent of the City, whether anticipated payment of the July interest could not be made. The reply of the agency has been received, naming the twentieth instant as the day when it will be ready to commence payment.

I would therefore respectfully recommend the passing of an Ordinance authorizing the agency to anticipate, at such time as may suit its arrangements (and it is well understood that the agency is making every exertion to meet the wants of the public), the July period of interest payment.

The wisdom of such action can scarcely be called in question; for while no advantage of rebate, which accrues to the United States Government on its anticipated payments, is expected, the enhancement of the credit of the loans of the City must surely follow, and so long as money from loans is needed by the City for permanent improvements, whatever tends to keep her loans as free from fluctuations as possible, must be desirable to the holders thereof.

Very respectfully,

PETER A. B. WIDENER,
City Treasurer.

APPENDIX No. 429.

AN ORDINANCE

To make an appropriation to pay the interest on the funded debt of the City of Philadelphia falling due on the first day of July, 1873.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the sum of sixteen hundred and eighty-six thousand three hundred and sixty-five (1686,365) dollars and thirty-one (31) cents be and the same is hereby appropriated to pay the interest on the funded debt of the City of Philadelphia falling due on the first day of July, Anno Domini one thousand eight hundred and seventy-three; and the Farmers' and Mechanics' National Bank is hereby authorized and empowered to anticipate said payment. Warrants for the payment of said interest shall be drawn as follows: the Farmers' and Mechanics' National Bank shall present to the Mayor of the City of Philadelphia, a list of loan holders to be paid as aforesaid, the amount of the principal of the debt owned by them respectively, the rate and amount of interest accrued, the amount of the State tax to be deducted and retained, and the net sum due for interest; and at the foot of each list the Mayor shall add the following warrant:

MAYOR'S OFFICE, PHILADELPHIA,

1873.

To the Farmers' and Mechanics' National Bank:

Pay to the persons and corporations above named, the amounts respectively due to them as above set forth, for interest on City debt due.

Mayor of Philadelphia.

The said list shall be presented to the City Controller to be countersigned by him.

APPENDIX No. 439.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred plan, with resolution attached, directing “that Forty-third street, between Market street and Powelton avenue, be stricken from the official plans of the City,” respectfully report that Forty-third street, as at

present laid down, would, if opened, take property for which heavy damages would be required, and the advantages gained would not be commensurate with the expense.

It is not required as a means of communication, as a much more convenient point is attainable a very short distance westward. Furthermore, the said Forty-third street is not designed to be continued northward, as the wall of the Pennsylvania Hospital for the Insane, prevents it.

Believing that the public interests do not require a street in that location, we return the resolution referred, and ask its adoption.

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *June 19, 1873.*

To the Common Council of the
City of Philadelphia:

GENTLEMEN:—Entertaining doubts upon the legality of the "Ordinance to make an appropriation to the Commissioners of Fairmount Park, for the improvement of the East Park," having for its object the appropriation of certain money authorized to be raised by loan for the purchase of land within and adjacent to Fairmount Park, to be used for permanent improvements of the Park, I submitted the question to the City Solicitor, a copy of whose opinion thereon is herewith transmitted.

For the reasons fully set forth in the communication of the City Solicitor, I return said bill without my approval.

Very respectfully,

WM. S. STOKLEY,
Mayor.

LAW DEPARTMENT OF THE CITY OF PHILADELPHIA,
PHILADELPHIA, , 1873.

HON. WM. S. STOKLEY,
Mayor:

DEAR SIR:—Your communication of the 11th inst., in substance asking my opinion as to whether or not a part of the money authorized by the Ordinance of October 21st, 1872, to be raised by loan for the purchase of land within and adjacent to Fairmount Park, could be appropriated by Ordinance to the improvement of the East Park, was duly received.

The matter has been very carefully considered by me, and I have endeavored, knowing the importance of the proposed work in the East Park, to arrive at a conclusion which would enable me to advise you that such an appropriation could be made of the said money. I am not able to do so, however.

By the Ordinance of October 21st, 1872, above referred

to, the Mayor of Philadelphia was authorized to borrow, on the credit of the City, from time to time, \$1,800,000, to be applied as follows: First. For the purchase of land within and adjacent to the Park, \$1,600,000. Second. For the permanent improvement of the Park, \$200,000. This separation of the objects for which the money to be borrowed was to be expended, seems to have been in view of the provisions of the 11th section of the act of Assembly relative to Fairmount Park, approved April 14th, 1868, which act designated the purposes for which money might be borrowed by the City, for the benefit of the Park.

It seems to me, that such separation of items in a single Ordinance, amounts to the same thing as distinct authorizations of loans in different Ordinances. Whether this can be so or not, there can be no question that the Ordinance of October 21st, 1872, authorized the borrowing of designated amounts of money for specified purposes. This authority, under the 39th section of the consolidation act of 1854, could only have been done with the concurrence of two-thirds of the members of each Council. If now a majority of each Council could, as by the proposed Ordinance, divert part of the money set apart for the purchase of land, to the improvement of the Park, it seems to me, that the very object contemplated by the said requirements of the consolidation act would be thwarted; in effect, less than two-thirds of the members of each Council could authorize money to be raised by loan. It might be suggested, that the improvement of the Park is so germane to the acquisition of land for it, that there could not be said to be any substantial difference in the application of the money to be borrowed, whether it was used for the one purpose or the other. This, however, cannot be admitted, especially in view of the fact that the two objects are separated, both in the act of April 14th, 1868, and in the Ordinance of 1872. It is fairly to be presumed, that there were good reasons why in the act and in the Ordinance, such a severance was made. In pursuance of the act of consolidation, a draft of this Ordinance must also have been published daily for four weeks, in at least two of the newspapers of this City, prior to its passage by the Common Council, in which it must have been first introduced.

The purpose of requiring this publication, can only have been to afford to the public information of the amount and nature of the proposed loan, in order both that persons having money to lend or invest might know the character of the contemplated security, and that taxpayers might be advised of the uses to which Councils intended to apply money.

Now, if a part of the money specifically set apart for the purchase of lands for the Park, could by the proposed Ordinance be diverted to its improvement, there is no reason why the whole of it could not be so diverted, and thus the requirements of the consolidation act before referred to, would be practically nullified.

In my opinion, the taxpayers of the City would have a right to object to such action on the part of Councils, and possibly to prevent its consummation by injunction. The holders of loans issued under the Ordinance of October, 1872, would seem, also, to be entitled to the same remedy, inasmuch as, under the case of the Western Savings Fund Society v. City, 7 C. 175, the provisions of that Ordinance would, in all probability, be held by the courts, if the question should be raised, to form a part of the contract between the City and the loan holder.

On the whole, I am of the opinion, that the authority to borrow the said \$1,600,000, having been given by Councils for a specific object, viz., the purchase of land, no part of the said money can lawfully be diverted by the proposed Ordinance to another purpose, such as the improvement of the Park.

Yours respectfully,
CHAS. H. T. COLLIS,
City Solicitor.

OFFICE OF THE BOARD OF TRADE,
PHILADELPHIA, *June 19, 1873.*

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—At a meeting of the Board of Trade, on Monday evening, 16th inst., it was *Resolved*, That the recommendations submitted to your Honorable bodies by the Fire Commissioners (which recommendations are hereto appended) meet with the approval of the Board, and early action is respectfully solicited thereon.

The said recommendations are to the following effect: That the Select and Common Councils of Philadelphia grant an increase of the present fire department, by the addition of five engine and two truck companies; also, of a boat to be used for fire purposes along the river fronts; and the removal of all 3 inch water mains, and the substitution therefor of mains of larger capacity, so as to insure a sufficient supply of water for any fire that may occur. Also that Councils take immediate action for the increase of the number of boxes from which to send alarms of fire.

All which is respectfully submitted to your honorable bodies by the Board of Trade, and the Board will ever pray, &c., &c.

JOHN WELSH,
President.

GEO. L. BUZBY,
Secretary.

APPENDIX No. 452.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—In accordance with the request contained in the joint resolution of your honorable bodies this day transmitted to us, I am authorized by the District Court to say that they have set apart District Court room No. 2, corner of Sixth and Chestnut streets, for the temporary use of the Court of Common Pleas.

I am also directed by the court to state that the requirements of the business of the District Court are such that the room mentioned cannot be spared after October 1st, 1873, without serious inconvenience to the suitors and the court. The court, therefore, respectfully urge upon your honorable bodies the necessity of providing for the permanent accommodation of the Court of Common Pleas by that date.

Yours respectfully,

J. I. CLARK HARE,

Pres't Dist. Court.

June 19, 1873.

APPENDIX No. 453.

OFFICE OF THE CHIEF COMMISSIONER OF HIGHWAYS, PHILADELPHIA, June 19, 1873.

To the Common Council
of the City of Philadelphia:

GENTLEMEN:—In reply to your resolution instructing me to report the amount of money paid for work done under any act of Assembly, &c., &c., I respectfully submit the following, viz.:

Amount paid out of Item 34 for rubble pavement on Lehigh avenue.....	\$10,725 74
Amount paid out of Item 6 for grading on Market street, between Forty-third and Sixty-third streets.....	10,175 00
Amount paid out of Item 6 for grading Nicetown lane.....	3,000 00

In consequence of the grade not being established on the entire line of Market street and Nicetown lane, I am not able to furnish, or even approximate to the cost for completing the work upon these streets.

The Legislature at the last session passed an act requiring me to contract for the grading, curbing and paving of Chestnut street, from Forty-second street to Fifty-sixth street, and Baltimore avenue, from Forty-second street to Cobb's creek. I have not as yet entered into contracts on either of those streets, and consequently nothing can be paid for work done thereon at the present time.

The contract for paving Lehigh avenue is now completed, and there will be no further expense upon that work.

All of which is respectfully submitted.

Yours, &c.,

MAHLON H. DICKINSON,
Chief Commissioner of Highways.

AN ORDINANCE

To divide the Eighth Election Division of the Fifteenth Ward, and to create a new division therein to be called the Twenty-third Division.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Eighth Election Division of the Fifteenth Ward shall be bounded as follows: Commencing at the northwest corner of Twenty-first and Spring Garden streets; along the north side of Spring Garden street to Pennsylvania avenue; along the north side of Pennsylvania avenue to Twenty-fourth street; along the east side of Twenty-fourth street to Coates street; along the south side of Coates street to Twenty-second street; along the west side of Twenty-second street to Green street; along the south side of Green street to Twenty-first street; and along the west side of Twenty-first street to the place of beginning; and to vote at the southwest corner of Twenty-second and Coates street. There shall be a new division in said Fifteenth Ward, to be called the Twenty-third Division, to be bounded as follows: Commencing at the northwest corner of Twenty-fourth and Coates streets; along the north side of Coates street to Landing avenue; along Landing avenue to Poplar street; along the south side of

Poplar street to Twenty-fourth street; along the west side of Twenty-fourth street to the place of beginning; and to vote at the northwest corner of Twenty-fourth and Hare streets. The remaining divisions shall remain as heretofore constituted by law.

APPENDIX No. 494.

RESOLUTION

Of request to his Honor the Mayor.

Resolved by the Select and Common Councils of the City of Philadelphia, That his Honor the Mayor be requested to retain the warrant of Samuel Sloan, for services rendered as architect of the Twenty-first District Station House, until the same is duly accepted by the City.

APPENDIX No. 495.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Committee on Retrenchment and Reform respectfully report that they have considered a resolution of instruction to this Committee, to consider the propriety of the transfer of the Almshouse to the House of Correction farm, cost of new building to accommodate the Almshouse purposes, and what can be realized from the sale of the property and buildings now occupied for Almshouse purposes, respectfully report that they have carefully considered the subject, having visited the grounds of the House of Correction in conjunction with the Managers of the House of Correction and Guardians of the Poor. It is evident that the time has come when some site more removed from the built up portions of the City should be

selected for an Almshouse, and other institutions of a like nature, and your Committee is not aware of any other location so desirable as the House of Correction grounds, in the Twenty-third Ward. Placing these institutions in one place will be both economical and convenient, and likewise efficient, bringing them under a more direct and immediate supervision; and if such institutions deteriorate the value of property in their vicinity, as has been alleged, that deterioration has already taken place by the erection of a House of Correction. If it should become necessary to procure more ground for the Almshouse purposes, it could be procured cheaper in the vicinity of the House of Correction than anywhere else, and by placing these institutions there, it will protect the citizens with their grounds, from deterioration in other localities. The Committee, therefore, submit the annexed Ordinance to provide for the removal of the Almshouse, and recommend its passage.

AN ORDINANCE

To provide for the removal of the Almshouse to the House of Correction grounds, in the Twenty-third Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Almshouse shall be removed from its present locality to the House of Correction grounds, in the Twenty-third Ward, as soon as suitable buildings can be erected to accommodate the inmates. And the Chief Engineer and Surveyor is hereby instructed to advertise for plans and specifications for the building of a new Almshouse on said grounds, said plans and specifications to be approved by Councils, and the following premiums shall be paid: For the best plan, fifteen hundred

dollars; second best plan, one thousand dollars, and third best plan, five hundred dollars. And he is also hereby directed to lay out in building lots of suitable size, all the present Almshouse grounds, in the Twenty-seventh Ward, lying north and west of the present Almshouse buildings, and submit the plans to Councils.

APPENDIX No. 496.

RESOLUTION

Of instruction to the Department of Highways.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Highways be and they are hereby authorized and directed to notify the owners of property on the line of Effingham street, from Tasker to Dickinson street, in the First Ward, to grade and pave the footwalks on the line of said street.

APPENDIX No. 497.

RESOLUTION

Of instruction to the Chief Commissioner of Highways.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to open the water course ditch, from Buck road to the main canal, in the First Ward; cost to be taken from Item 33 of an appropriation to the Department of Highways for draining the meadow lands in the First and Twenty-sixth Wards.

APPENDIX No. 498.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The accompanying communication, referred by your honorable bodies to the Commissioners for building the South Street Bridge, was presented to them at their last meeting, and they thereupon

Resolved, That a copy of the communication be sent to the contractor, and that he be notified to take such measures as will avert the danger complained of, and that the President be requested to inform Councils of the action of the Commissioners.

MOSES A. DROPSIE,
President South Street Bridge Commissioners.

APPENDIX No. 499.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—I beg herewith to tender you my declination of acceptance of the office of Guardian of the Poor, to which I was elected June 22d, 1871, by your honorable bodies in Joint Convention, as the minority member.

Having since that time accepted a similar seat in said body under a subsequent election by your honorable bodies, it is but proper that I should formally place on record the fact of my declination of a previous election, in order that the vacancy existing may be filled by a new election.

Respectfully yours,
W. K. GILBERT.

HEALTH OFFICE,
PHILADELPHIA, *June 25, 1873.*

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—I am directed by the Board of Health to transmit to you the following copy of resolution passed this date.

Respectfully yours, &c.,
WM. P. TROTH,
Chief Clerk.

Whereas, Vienna street, from Beach to Richmond street; also, Warren street, from Beach to Richmond street, unpaved streets, are nuisances prejudicial to public health; and

Whereas, This Board so declared said streets in the years 1871 and 1872, and on each occasion requested Councils to have them paved, which request has not been complied with; and

Whereas, This Board has had the gutters of said streets cleaned many times, without effectually abating the nuisance, which can only be remedied by paving; therefore,

Resolved, That Councils be again earnestly requested to have said streets paved forthwith.

APPENDIX No. 501.

APPENDIX No. 502.

OFFICE OF THE MAYOR OF THE CITY OF
PHILADELPHIA, *June 26, 1873.*

To the Common Council of the
City of Philadelphia :

GENTLEMEN:—In a message presented to your honorable body on Thursday last, I returned without my approval the “Ordinance to make an appropriation to the Commissioners of Fairmount Park, and for the improvement of the East Park.”

The objection to the Ordinance was the legality of the appropriation as therein made.

I am fully impressed with the importance of the further improvement of our beautiful Park, and will cheerfully assent to any Ordinance making an appropriation for this purpose from the proceeds of taxation.

I am respectfully,
WM. S. STOKLEY,
Mayor.

APPENDIX No. 503.

PHILADELPHIA, *June 26, 1873.*

To the President and Members of the
Common Councils of the City of Philadelphia :

GENTLEMEN:—On the 18th inst. my resignation as a member of your body was placed in the hands of John Eckstein, Esq., Clerk, for presentation on the following day.

It was not presented, and Mr. Eckstein informs me that it was carried out of the office of the Clerks of Councils by Mr. Shermer of Select Council, who neglected to return it.

This unwarrantable proceeding has probably subverted the purpose for which it was resorted to ; but as I have no desire to be considered a party to such a transaction, I have the honor to request that the matter be investigated, and that it may be determined whether or not a member of one Chamber has the right to abstract documents addressed to

another, after they have been delivered into the hands of its officers.

I am, gentlemen,

Very respectfully,

WILLIAM GREER.

APPENDIX No. 504.

RESOLUTION

To meet in Joint Convention.

Resolved by Common Council, That Select Council be invited to meet Common Council in Joint Convention, in Common Council Chamber, this June 26th, 1873, at 4½ o'clock P. M., to elect twenty-four Police Magistrates, four members of the Board of Guardians of the Poor, one member of the Board of Health, and one member of the Board of Port Wardens, for the unexpired term of Robert Greer, deceased.

APPENDIX No. 505.

RESOLUTION

Authorizing the payment of culverts on Poplar, Martha, Oxford and Bodine streets.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to draw warrants from Item 23 (branch culverts) of appropriation to Department of Highways for the year 1873, in favor of the contractor who constructed the culverts on Poplar street, from Ridge avenue to Twentieth street; on Martha street, from Huntingdon street to Pepper street; on Oxford street, from America to Bodine street; and on Bodine street, for about two hundred feet north from Oxford street, to pay for said sewers in accordance with the contracts for the construction of said sewers: *Provided,* The amount shall not exceed the sum of one thousand dollars, and to be paid

upon the estimates to be furnished by the Chief Engineer and Surveyor.

APPENDIX No. 506.

RESOLUTION

To give notice of the opening of Third street, from Lehigh avenue to Nicetown lane, Twenty-fifth Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to notify the owners of property on the line of Third street, between Lehigh avenue and Nicetown lane, that at the expiration of three months from the date of said notice, so much of the same as is requisite will be required for public use, according to the approved plans in the Department of Surveys: *Provided,* The property owners shall first dedicate the same according to law.

APPENDIX No. 507.

RESOLUTION

Granting permission to the North Star Baptist Church to erect a frame church.

Resolved by the Select and Common Councils of the City of Philadelphia, That permission be given to the North Star Baptist Mission to erect a temporary frame building on the southeast corner of Seventh and Susquehanna avenue, for church purposes: *Provided,* The permission hereby granted shall be revocable by the City of Philadelphia at its option, by the passage of an Ordinance or resolution to that effect without notice: *And provided,* They first pay into the City Treasury the sum of twenty-five dollars for publishing of this resolution.

APPENDIX No. 508.

RESOLUTION

To change the place of voting in the Sixth Division of the Twentieth Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the place of voting in the Sixth Division of the Twentieth Ward be changed from the northeast corner of Thirteenth and Cass streets, to the northwest corner of Thirteenth and Girard avenue, the former place of voting being no longer available for election purposes.

APPENDIX No. 509.

AN ORDINANCE

To repeal Ordinance approved June 21st, 1873.

Whereas, The Ordinance of Councils, approved June 21st, 1873, entitled "An Ordinance to approve the award of the contract for the erection of police station house in the Third Police District, and to make an appropriation for building the same," was passed under a misconception;

And whereas, The Committee on Police did on May 22d, 1873, report that George H. Brinkworth was the lowest bidder, and did report an Ordinance awarding the contract to him, which, upon the same day, passed Common Council;

And whereas, No reason exists why the said contract should be given to another person than the one who was reported as above to be the lowest bidder; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the aforesaid Ordinance, approved June 21st, 1873, be and is hereby repealed.

APPENDIX No. 510.

RESOLUTION

Repealing a resolution of instruction to the Chief Commissioner of Highways relative to the drainage of streets.

Resolved by the Select and Common Councils of the City of Philadelphia, That the resolution approved the 14th day of June, A. D. 1873, entitled a "Resolution of instruction to the Chief Commissioner of Highways relative to the drainage of streets," be and the same is hereby repealed.

APPENDIX No. 511.

AN ORDINANCE

To divide the Seventh Election Division of the Twenty-ninth Ward, and to create a new division to be called the Thirteenth Division.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Seventh Election Division of the Twenty-ninth Ward shall be divided, and a new division created to be called the Thirteenth Division. The Seventh Division shall be bounded as follows: Commencing at the northwest corner of Master and Twentieth streets; along the north side of Master street to Twenty-first street; along the east side of Twenty-first street to Oxford street; along the south side of Oxford street to Nineteenth street; along the west side of Nineteenth street to Jefferson street; along the north side of Jefferson street to Twentieth street; along the west side of Twentieth street to the place of beginning; and to vote at the house of Mr. Murtha, northeast corner of Opal and Jefferson streets. The Thirteenth Division shall be bounded as follows: Commencing at the northwest corner of Eighteenth and Master streets; along the north side of Master street to Twentieth street; along the east side of Twentieth street to Jefferson street; along the south side of Jefferson street to Nineteenth street; along the east side of Nineteenth street to Oxford street; along the south side of Oxford street to Eighteenth street; along

the west side of Eighteenth street to to the place of beginning; and to vote at the house of Mr. Stinson, northeast corner of Twentieth and Master streets. And the remaining divisions shall remain as heretofore constituted by law.

APPENDIX No. 516.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Finance respectfully report that they have considered "A Further Supplement to 'An Ordinance organizing the Department for Supplying the City with Water,'" approved October 3d, 1854, and "Resolution to make certain transfers in the appropriation to the Department for Supplying the City with Water," approved December 23d, 1872.

The supplement provides for the appointment and salaries of the officers in said Department, and makes certain officers permanent who have been heretofore appointed, and whose salaries have been fixed by the Chief Engineer, at his discretion. The Committee have been careful to fix the salaries at a fair compensation for labor performed, and have provided for the payment of the increased expense out of the annual appropriation to said Department for this year, by transfers. The Committee are of opinion that this arrangement will make the department more efficient, and therefore submit the annexed supplement and resolution to transfer, and recommend their passage.

APPENDIX No. 521.

To Common Councils
of the City of Philadelphia :

GENTLEMEN : — The Special Committee of Common Council, to whom was referred the bill entitled “ An Ordinance to make an appropriation to pay for finishing and furnishing the Twenty-first Police District Station House, would respectfully report that they have thoroughly examined the matter, and examined the contractor and architect, and visited the station house, and they find that the work to be done is absolutely necessary for the police force to occupy the same. They have also obtained an estimate from the architect of everything that is absolutely necessary to finish the same; and the estimate for the work is \$2,000. Your Committee are of opinion, and so is the architect, that the contractor shall furnish the granite steps, or their value, that are dispensed with, in accordance with the plan for building the same. They also recommend that the Mayor be requested to advertise for proposals, in accordance with the architect’s plans, for alterations, and allot the same to the lowest bidder. They, therefore, re-

port the bill back, appropriating \$2,000, and ask its passage.

AN ORDINANCE

Granting permission to the Heidelberg Reformed Church to erect a temporary frame building at the northeast corner of Nineteenth and Oxford streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be and the same is hereby granted to the Heidelberg Reformed Church to erect a temporary frame building for church and Sunday school purposes at the northeast corner of Nineteenth and Oxford streets, in the Twenty-ninth Ward: *Provided*, The permission hereby granted shall be revocable by the City of Philadelphia at its option, by the passage of an Ordinance or resolution to that effect by Councils, without notice: *And provided*, The Heidelberg Reformed Church pay into the City Treasury the sum of twenty-five dollars, to pay for the publication of this Ordinance. All Ordinances or parts of Ordinances to the contrary hereof notwithstanding.

APPENDIX No. 533.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Police, to whom was referred the resolution to ascertain the cost of erecting station houses and purchasing ground for the same, and report the probable cost, with a view of creating a loan for that purpose, would respectfully report that the loan passed in 1871, for the purpose of building station houses, and

purchasing ground, is now about exhausted, and it will require the following amounts for the following station houses, steam tug, viz.:

New station house for Schuylkill Harbor Police	\$5,000 00
A steam tug in place of a station house for Delaware Harbor Police.....	35,000 00
New station house for Second District.....	30,000 00
" " " " Tenth "	28,000 00
" " " " Eleventh "	20,000 00
" " " " Twelfth "	22,000 00
" " " " Fourteenth "	25,000 00
Alterations in the Eighteenth District Station House	11,000 00
New station house, or additions, for Twentieth District.....	30,000 00
Total amount required.....	\$206,000 00

In this connection, your Committee would state that the property known as Kensington Hall, at Front and Master streets, should be sold, and in their estimation would bring one hundred thousand dollars; as also the station house known as Southwark Hall, on Second street, below Queen street, should be sold, and also the station house in the Fourteenth District; and from the sale of these properties, and the proceeds of the same, would amount to more than the sum required to complete the new station houses contemplated by the loan hereafter recommended. Your Committee are of opinion that the amount realized from these sales and placed in the Sinking Fund, would be a saving to the City. They therefore recommend the passage of the annexed resolution.
